EFFICACY OF ONIONS .- A Writer says : We are often troubled with severe coughs the result of colds of long standing, which may turn to consumption of premature death. Hard coughs cause sleepless nights by constant irritation in the throat, and a strong effort to throw off offensive matter from the lungs. THE cases of this watch, are an entirely new invention, composed of six different merals combined, rolled together and planished, producing an exact imitation will always keep its color. They are as curious book for curious people, and beantiful and durable as solid gold, and are afforded at one eighth the cost. The case is beautifully designed, with Panel and shield for name, with Patent Push Pin, had at the book stores, or will be sent by and engraved in the exact style of the celebrated Gold Hunting Levers and are really handsome and desirable, and so exact an imitation of gold, as to defy detection. The movement is manufactured by the well known St. Jimer Watch Company of Europe, and are superbly finished, having engraved pallets, fancy carved bridges adjusting regulator, with gold balanced, and the improved ruby jewelled action with the line dial and skeleton hands, and is warranted a good time keeper. These watches are of three different sizes, the smallest being for ladies and are all Huntmail or Express for \$125.00. A single one sent in an elegent Morocco case for \$25.00 will readily sell for three times their cost. We are the sole agents for this Watch in the United States, and none are genuine
