**THE OLD GUARD.**  
A MONTHLY JOURNAL,  
DEVOTED TO LITERATURE, SCIENCE AND  
ART, AND THE  
**Principles of 1776 and '87.**  
C. CHAUNCEY BURR, Editor.

This Magazine will continue to defend the principles of Government which guided our fathers in the foundation of the Republic. The spirit and doctrine of the two first volumes will be fully maintained in the third volume. We have no compromise to make with error—no parity with despotism. Democracy will be treated, not as a varying policy of cunning office-seekers and selfish politicians, but rather as an abiding principle of political economy and of popular liberty. All supporters of this revolutionizing, Abolition war, will be held as the enemies of the Democracy. We shall acknowledge no organization to be Democratic which does not honestly explain and support the principles of the Kentucky and Virginia Resolutions of 1798 and the Free Soil Decision of the Supreme Court, the one asserting State Sovereignty and the other White supremacy. To preserve these honorable doctrines, the Democratic party was organized by the very founders of the Federal Government, and it remained true to them down to the fatal and dishonorable departure, at the commencement of this war. The Old Guard is an organ of Democracy as it was, before this cowardly surrender of principle and as it must be again, before it can redeem our country from the rule of faction and despotism. This year it has been enlarged to double its former size—that is, to forty-eight pages—for the purpose of making a popular Literary and Family Magazine.

**THE NEW YORK NEWS.**  
THE BEST PAPER IN THE WORLD.  
G. Wood, Ed. and Proprietor

**Prospectus.**  
The Democracy of the North will commit a fatal error if they accept the result of the late Presidential election as an indication from the hand of Destiny to relax their political action until the opening of the next campaign. The future welfare of the republic depends upon the political activity of the Democracy during the year 1865.

The small majority of the popular vote that elected the Black Republican candidates, considered in view of the extraordinary resources of the Administration for corruption and expulsion, attests that the power of the Democracy, on a fair field, is equal to the vindication of Democratic principles.  
There is one feature in the result of the Presidential election that goes far to reconcile the patriot to the hard fate of his country under four years more of Black Republican misrule. The baleful meteor that lingered in grief while in our political atmosphere has vanished for ever. War Democracy has fulfilled its mission of disorganization, and like any other pestilence will be remembered only for the evil it has done.

The issue now before the people is the final struggle between Centralization and States' Rights, and no journal is Democratic that is not the devoted champion of States' Rights, the paramount principle of the Democratic faith.  
The New York News needs no testimony beyond its plain, unaltered record to substantiate its claim to being and existing being the most earnest, able and consistent States' Rights Journal in the land. We have no excuses to invent for motivations of sentiment, nor have we to plead "pedigree" in pollution of inconsistency. Our path has been straight forward. Our columns are before the people, not a line in them that we would cancel nor sentiment we would recall, not an assertion that requires an explanation, not a word that we regret to have uttered, not a principle so sacred that we have not stood by and will stand by to the last. Such has been our past record, so will be our future.

We do not, however, ask the Democracy to sustain us in our mission as a reward for the service we have done, but in consideration of the good work that we propose to do. The New York News for 1865 will not merely imitate its predecessors, it will excel them. It shall be not only the truest exponent of Democratic principle, but the best newspaper in the country. Hereafter it shall have no superior as a vehicle of news, hereafter it shall have no equal in every department of journalism. We have arranged with the News that shall disseminate it. It is the only Democratic newspaper in the metropolis that has the advantage of publishing a daily issue with the full dispatches of the Associated Press, and therefore its machinery for furnishing a complete record of events is more perfect than that of any of its Democratic contemporaries. None has attempted hitherto to compete with it in the publication of Southern intelligence, and our system of exchange with Southern journals baffles the sagacity and enterprise of our rivals.  
A glance at the columns of The News devoted to "Southern and Northern personal" will remark the extraordinary success that has attended our enterprise in that direction. We are in daily receipt of letters expressing the thanks of those who, through the medium of the "Personal" in The News, have been enabled to receive tidings from their friends and relatives in the South, and the heart of many an exile and wanderer has been gladdened through that instrumentality by words of affection and hope from those mourned for as dead.  
The New York News has become so popular in the rural districts that other metropolitan journals, in publishing their stereotyped boast of "the largest circulation of any weekly journal," are constrained to make an exception in our favor. It is a significant circumstance that since the Presidential election and consequent demise of War Democracy, the subscriptions to this paper have been unusually numerous.

The Agricultural Department of The New York News renders it an invaluable companion and assistant to the farmer; and its Cattle, Market and Produce Reports are more reliable and full than those of any other journal.  
The Daily News will furnish one thousand dollars in the above Departments, competent judges should deny its superiority.

**THE SINGER SEWING MACHINES.**  
OUR Letter A Family Sewing Machine is just gaining a world-wide reputation. It is beyond doubt the best and cheapest and most beautiful of all Family Sewing Machines yet introduced to the public. No other Family Sewing Machine has so many useful appliances for Hemming, Binding, Felling, Tucking, Gathering, Gauging, Braiding, Embroidering, Cording, and so forth. No other Family Sewing Machine has so much capacity for a great variety of work. It will sew all kinds of cloth, and with all kinds of thread. Great and recent improvements make our Family Sewing Machine most reliable, and most durable, and most certain in action at all rates of speed. It makes the intricate stitch, which is the best stitch known. Any one, even of the most ordinary capacity, can see, at a glance how to use the letter A Family Sewing Machine. Our Family Sewing Machines are finished in a neat and exquisite style.  
The Folding Case of the Family Machine is a piece of cunning workmanship of the most useful kind. It protects the machine when not in use, and when about to be operated may be opened as a spacious and substantial table to sustain the work. While some of the Cases, made out of the choicest woods, are finished in the simplest and cleanest manner possible, others are adorned and embellished in the most costly and superb manner.  
It is absolutely necessary to see the Family Machine in operation, so as to judge of its great capacity and beauty.  
It is just becoming as popular for family sewing as our Manufacturing machines are for manufacturing purposes.  
The Sewing Machines are well supplied with silk twist, thread, needles, oil, &c., of the very best quality.

**IRON IN THE BLOOD.**  
It will be known to the medical profession that Iron is the vital Principle or Life Element of the blood. This is derived chiefly from the food we eat; but if the food is not properly digested, or if, from any cause whatever, the necessary quantity of iron is not taken into the circulation or becomes reduced, the whole system suffers. The bad blood will irritate the heart, will clog up the lungs, will stupify the brain, will obstruct the liver, and will send its disease producing elements to all part of the system, and every one will suffer in whatever organ may be predisposed to disease. The great value of  
**IRON AS A MEDICINE**  
Is well known and acknowledged by all medical men. The difficulty has been to obtain such a preparation of it as will enter the circulation and assimilate at once with the blood. This point, says Dr. Hayes, Massachusetts State Chemist, has been attained in the Peruvian Syrup, by combination in a way before unknown.

**THE PERUVIAN SYRUP**
