

THINGS ABOUT TOWN & COUNTRY. BLOOMSBURG, PA.

WEDNESDAY, AUGUST 16, 1865.

The Court advertisements all appear in the Star save the Register's notices.

SHERRY SYDNER advertises for sale in this paper, the personal property of John Anspach, jr., in Conyngham twp.

A SALE of 200 Government horses will take place at Williamsport, on Friday next. Some good horses are to be sold.

THE CORN CROP never looked better in Columbia county than it does this Fall.—Should nothing occur to blast the prospects the yield will be enormous.

A. J. FURMAN, A. M., commenced a term of school in the New Columbus Academy on Monday last, to continue twelve weeks.

THE APPLES sold in our Market last week at 40 cents a peck. At present they are lower.

An examination of school teachers, for Conyngham district, Columbia county, will be held by the Superintendent, in Centralia, on Thursday the 21st inst.

THE DEMOCRATIC Delegate Elections in Montour County will be held on Saturday next, and the County Convention on the following Monday, the 21st inst.

The people of Union county are somewhat greatly excited over the supposed discovery of bituminous coal in that region.

Dr. Johns says the "Old Pharisee, on the other side of the river, has stopped his paper." We suppose the Doctor will consider him disloyal after refusing to take the Republican, a paper that labored so hard to put down the Rebellion!

WE notice by our exchanges that Hon. ENOCH COWAS, is announced to deliver the annual address before the Pennsylvania Agricultural Society, on Friday the 29th of September next, at Williamsport.

WE hear considerable complaint among our farmers about the "potato rot." Some have fears of losing their entire crops. It may not be as bad as some would have us believe. We hope it is not. It is possible that there has been too much rain for the potato crop in this section.

How is it?—By an amendment of the Post Office Laws, adopted by the last Congress, the postage on drop-letters was fixed at one cent, instead of two cents as the law then stood, to take effect on the 1st of July, 1865. We believe the Bloomsburg Office was not excluded from the operations of this amendment, although the functionary here continues to exact two cents postage on every drop-letter.

SEVERAL FURNACES in this county have suspended operations. The McKelvey Furnace, at this place, is undergoing repairs, and in all probability will soon start up again. PETER ENT'S Furnace, at Light Street, is idle at present. It is the calculation to put it in operation again as soon as it can be got in order and the times will admit.

It is considered a terrible calamity for a person to be "possessed of the Devil." Bar we noticed a nice little form dressed in woman's attire, passing through our town on Sunday morning last, in a "rig" driven by the "Devil," and the female creature although apparently a captive of the "Imp" seemed to consider herself in no great danger of destruction. She smiled and looked winning—while the Devil "laughed all over his face" and presented quite a congenial spirit.

AT LAST survived the Iron Works at Danville remained idle; the difficulty existing between the proprietors and hands seemingly as far from adjustment as ever. Both parties claim the other to be in the fault of all the difficulty. It might be claimed that those newspapers and tyrants sitting at Washington city were the proper persons to fix the blame upon, but then that would be "opposing the Government" which in the eyes of Shoddy would be high treason!

Dr. Johns has fallen out with his ancient and venerable friend from over the river—the Old Pharisee. To help this along, the Doctor has been trying to oust ISAAC out of office, and has not yet succeeded. They both claim to be loyal to the core and should not be guilty of getting up such an interesting family quarrel over a few "loaves and fishes." It is said, though, that the Doctor goes up the Post Office with fair prospects of getting to be Assessor! How sad must he feel over his disappointment!

A FIFTY PRACTICE.—We have frequently heard complaints about certain young men (or who call themselves young men) making a practice of sitting on benches and dog stumps, on Main Street, in the earlier part of the evening, and spitting their filthy tobacco juice upon the dresses of lady pedestrians as they pass. This should not be tolerated. Several young ladies have had costly dresses nearly ruined by this filthy, disgusting practice. The names of some of the guilty parties are known and if they continue to commit this wanton mischief they will be brought to justice.

MUSICAL.—A movement is in progress to organize a brass band and procure instruments. The band is to be named "THE CITIZENS BAND OF BLOOMSBURG." The citizens are requested to subscribe money to pay for the horns in consideration for which the band agree to make music for the town upon all public occasions, free of charge. The plan is very good and the object commendable in the gentlemen forming the organization. We hope our citizens will take proper interest in it, and supply the legal tender.

HON. WILLIAM A. WALLACE, of Clearfield, has been re-nominated by his county for the Senate, subject to the district conference. He was one of the ablest men and soundest Democrats in the Senate last Winter.

PEACHES.—This luscious fruit seems to be scarce in this neighborhood. What there is sells at a high price, \$3 per bushel. While they are so high here, we notice in the Philadelphia papers that peaches are selling there as low as fifty cents a bushel. Peach orchards in this section, don't seem to thrive of late years.—Danville Intelligence.

NOW IS THE TIME.—Few persons are aware of the fact that in canning tomatoes, they should select the earliest brought to market. They are vastly superior to those of late growth, can be kept longer, and produce more abundantly. Although the prices are somewhat higher than they will be in a few weeks hereafter, the tomatoes now offered will prove cheaper in the end than those purchased late in the season. Housekeepers would do well to heed this advice.

MR. ABRAHAM HESS, of Sugarloaf township, Columbia county, arrived home last week from Fort Mifflin, where he had been confined for some time. He was released by order of the President, and permitted to return to his family. Several others (Clark Veate and Cyrus Larish) have been released and sent home. These men were convicted of what we know not what by a drum-head court martial fixed up for that purpose. Thus the victims of Lincoln's administration are almost daily, from all parts of the country, being relieved from further torture and imprisonment. The liberties of the people seem to be returning and they may ever feel grateful.

It does not look to us as if the Republican party in this county have much sympathy or feeling for the poor soldier. Now that the war has ended, by severe fighting and hard marches, performed by our brave soldiers, and many of the bronzed and worn down veterans have returned home, why do not these loyal Republican Assessors, Tax-gatherers, and Post Masters at once vacate their offices, and thus demonstrate their friendship to the soldier in a more substantial way. They have long preached their dear friendship to the care-worn veteran soldiers, but never yet have given us any practical demonstration of their sympathies, towards them. They now have an excellent chance to make some display of this kind. There are returned soldiers in this place who have fought, bled, and nearly died, say nothing about the suffering, who are entirely worthy and justly entitled to these government positions. Who will step out first? The example would be a noble one. These men would fill either position, Post Master or Assessor, with signal ability. There need be no tears on that ground. We could name dozens who would fill these places with as much ability and honesty as the present incumbents.

The name of the man who shot his son and another man (as mentioned in our last week's Union) is B. E. Burns. The shot was aimed at Jacob Bryant, who, it is said, was about taking away some of Burns' furniture; when a quarrel arose, and Burns fired the pistol at Bryant, taking effect in his arm, and the ball glancing, struck Burns' son (a boy of about fifteen) in the eye, killing him instantly. Bryant's arm was amputated, and Burns is in jail.—Luzerne Union.

ON Friday last a Jury, selected for the purpose of appraising a certain tract of land, situate in Jackson township, belonging to the estate of James Ralston, deceased, proceeded to the tract to perform their duty. The Jury, composed of Messrs. L. B. Rupert, John K. Grotz, Peter Bilmeyer, Joseph Sharpless, Wm. B. Koons, Michael F. Eversley, A. M. Rupert, Robert C. Fruit, John Porsel, David Lowenberg, Jesse Coleman, and the Senior editor of this paper, accompanied by Samuel Snyder, Sheriff, Robt. F. Clark, Esq., and Joseph Ralston, all of this place, arrived on the ground after a wearisome ride of twenty odd miles, about 12 M. We immediately proceeded to provide our horses with water and oats. This done, the party selected the shades of a large hemlock, under which all hands bivouaced, partaking of a most excellently prepared dinner. After satisfying the appetite, a stroll over the land, some 200 acres, was deemed necessary, in order that a more just valuation might be arrived at. At about half past 1 o'clock P. M. the horses were reined up, and all started on our homeward way, striking out in the direction of Little Green Creek, where the oil works are situated. Arrived at the Petroleum works about 4 o'clock P. M.—found everything in working order—the engine puffing and blowing, and the Superintendent.—Exos Jacoby—in good spirits, full of hope, and sanguine of striking a paying well. The indications and signs of oil discovered through the operations of boring continue flattering. We examined some of the surface indications, and most confess, though our prejudices run the other way, that there are strong evidences of Petroleum on Little Green Creek.

We were informed that visitors are daily flocking to that place from all sections, both far and near.

Our townsman, Mr. Gilmore, has established an eating and drinking saloon on the ground, which is quite a convenience to persons who visit that place from a distance, and are desirous of "a little something to eat and drink."

The party arrived home about half past 6 o'clock, with out the least accident happening, all feeling somewhat tired, after a journey of forty odd miles, over rough and hilly roads.

THE PHENIX PECTORAL WILL CURE Your Cough. Read the advertisement below.—The Phenix Pectoral Compound for coughs and colds, is a most valuable remedy for the Throat and Lungs, such as colds, coughs, croup, Asthma, bronchitis, catarrh, sore throat, hoarseness, whooping cough, &c. It is timely use will prevent PULMOARY CONSUMPTION. And even where this fearful disease is fully developed, it will afford more relief than any other medicine. George Geitz, ex-Speaker of the Pennsylvania House of Representatives, says: "This cough remedy is now extensively used, and is of the highest value to the community, its curative qualities having been tested by thousands with the most gratifying results. It is carefully and skillfully prepared from Wild Cherry Bark and Seneka Snake Root, by Dr. Levi Oberholzer, a reputable physician of Phoenixville, Pa., and is sold by nearly all druggists and country storekeepers."

D. P. Crosby, ex-Post Master and ex-Burgess of Pottstown, certifies as follows: POTTSTOWN, Jan. 3, 1865.

This certifies that I have used the Phenix Pectoral in my family, and it recommends it to the Public as the very best remedy for cough and colds that I have ever tried. One of my children was taken with a cold, accompanied with a croupy cough, so bad, indeed, that it could not talk and scarcely breathe. Having heard so much said about the Phenix Pectoral I procured a bottle of it. The first dose relieved the difficulty of breathing, and before the child had taken one fourth of the bottle it was entirely well. Every family should have it in their house. [Signed] D. P. CROSBY.

J. C. Smith, druggist of New Hope, Bucks county, Pa., in writing to Dr. Oberholzer, says: "A few days since I bought two dozen of your valuable cough remedy to try, and find it very good, and it is nearly all gone I would like you to send me a gross of it."

"Your medicine gives better satisfaction than any other I have in the Store. I am agent for some of the most popular cough preparations, but yours seems to be doing the most good."

The following is an extract from a letter from Hiram Ellis, merchant, near Pottstown, Pa., "I have tried the Phenix Pectoral and find it to be the best cough medicine extant. It meets with a more ready sale than any other that I have ever had in my store."

The proprietor of this medicine has so much confidence in its curative powers, from the testimony of thousands who have used it, that the money will be paid back to any purchaser who is not satisfied with its effects."

It is so pleasant to take that children cry for it. Price THIRTY-FIVE CENTS; large Bottles ONE DOLLAR. It is intended for only one class of diseases, namely those of the THROAT and LUNGS.

Prepared only by LEVI OBERHOLZER M. D., Phoenixville, Pa., and sold by all Druggists and Storekeepers.

Johnson, Holloway, & Cowden, No. 23 North Sixth Street, Philadelphia, and F. C. Wells & Co., 115 Franklin Street, New York, General Wholesale Agents.

N. B.—If your nearest druggist or storekeeper does not keep this medicine do not let him put you off with some other medicine, because he makes more money on it, but send at once to one of the Agents for it, but send at once to one of the Agents for it.

Agricultural Chemical Co.'s CHEAP FERTILIZERS.

The Fertilizers prepared by the Agricultural Chemical Co., (a Company organized by the Legislature of Pennsylvania with a capital of \$250,000,) have been proved in practice to be the cheapest, most profitable and best, for the Farmer, Gardener and Fruit grower, of all concentrated manures now offered in any market. The Company's list embraces the following—

PABULETTE. This Fertilizer is composed of high soil and the fertilizing agents of urine, combined chemically with meal, and other valuable fertilizing agents and absorbents.

It is reduced to a pulverulent condition; ready for immediate use, and without loss of its highly nitrogenous fertilizing properties.

Is universal applicability to all crops and soils, and its durability and action, are well known to be all that agriculturists can desire.

CHEMICAL COMPOST. The Fertilizer is largely composed of animal matter, such as meat, bone, fish, leather, and wool, together with chemical and inorganic fertilizers, which decompose the mass, and retain the nitrogenous elements.

It is a very valuable fertilizer for field crops generally, and especially for potatoes and garden purposes.

Its excellent qualities, strength and cheapness, have made it very popular with all who have used it.

COMPOSITE FERTILIZER. This highly phosphate fertilizer is particularly adapted for the cultivation of trees, lawns and flowers. It will promote a very vigorous and healthy growth of wood fruit, and largely increase the quantity and perfect the maturity of the fruit. For house and household plants and flowers, it will be found an indispensable article to secure their greatest perfection. It will preserve the plants from all diseases of the peach and grape, and is excellent for grass and lawns.

It is composed of such elements as make it adapted to the growth of all kinds of crops in all kinds of soil.

The formula or method of combining its constituent fertilizing ingredients has received the highest approval of eminent chemists and scientific agriculturists.

PHOSPHATE OF LIME. The Agricultural Chemical Company manufacture a Phosphate of Lime in accordance with a new and valuable formula by which a very superior article is produced, as is attested at a less price than other manufacturers charge. Practical tests have proved that its value, as a fertilizer, is equal to the best Phosphate of Lime in the market.

TERMS CASH. All Orders of a Ton or more, will be delivered at the Railroad Station, and the Warves of Shipment, in cartage. Cartage will be charged on all orders of 6 barrels or less.

One dollar per Ton; allowance for cartage will be made on all sales delivered at the Works of the Company on Canal Wharf, Agricultural Chemical Company's Works, at Canal Wharf, on the Delaware.

Office, 413 1/2 Arch St., Philadelphia, Pa. B. FITTS, General Agent. The Company's Pamphlet Circular, embracing full directions for using the above Fertilizers, sent by mail, free, when requested.

PROSPECTUS OF THE PHILADELPHIA AGE, 1865.

The only Democratic Daily Morning Journal published in Philadelphia. The publishers of the Philadelphia AGE invite the earnest attention of business men, thinking men, literary men and all who are interested in the various occupations and pursuits of life, to the DAILY and WEEKLY editions of their Journal.

The Philadelphia AGE, which advocates the principles and policy of the democratic party, is issued every morning, (Sundays excepted,) and contains the latest intelligence from all parts of the world; with carefully prepared articles on Government, Politics, Trade, Finance, and all the current questions and affairs of the day; Local Intelligence, Market Reports, Price Current, Stock quotations, Marine and Commercial Intelligence, Reports of Public Gatherings, Foreign and Domestic Correspondence, Legal Reports, Book Notices, Theatrical Criticisms, Reviews of Literature, Art and Music, Agricultural Matters, and discussions of whatever subject is of general interest and importance.
