

Editor Democrat will please accept our thanks for article in type relative to the Nob Mountain Meeting.

In case next we will publish the account given of the Nob Mountain Meeting by the correspondent of the Patriot and Union.

WANTED—A good, stout, active girl—to perform kitchen work—to whom liberal wages per week will be paid. For further particulars, inquire at this office.

Court is still in session (Wednesday morning). On Monday there was a full attendance, more than we usually see at this time of year. We will give a synopsis of the proceedings in our next.

Prof. Pace will walk a wire at Eppy on Saturday, the 16th inst. He has improved very much on the wire since he last performed in Eppy, besides performing feats that were not part of his exhibition. Go and see him.

We publish on our first page songs which were written by Col. John G. Freese specially for the Nob Mountain Meeting and sung by Iram Derr and sons. The Derr family sing well. This part of the exercises formed quite an interesting feature of the meeting.

The election held a few days since in Leont township to decide whether or not said township should be divided, resulted in favor of no division. But two of three votes were polled for a division; and three were cast by the men who have been agitating the question. This decision, by the people of the township, should forever hush up the growlers.

SCOTLAND LAW—As there appears to be some misapprehension in regard to the time when gray squirrels are legally "shootable," we would state for the benefit of all concerned, that the Act of April 2, 1862, fixes this time from the 1st day of September to the last of December. The law inflicts a penalty of five dollars for killing them at any other time.

MAYHEM—A most brutal affair occurred in the neighborhood of the Lackawanna Depot on Saturday last, when a person by the name of Patrick Finn was assaulted and knocked down by a ruffian, who bit off a portion of his nose. From what we could learn Mr. Finn has always been known as a quiet, peaceable citizen. This crime of Mayhem, is severely punished under the new penal code.—Danville Intelligencer.

BURGLARY—We learn that the store of Hun H. W. Tracy, of Standing Stone, was entered by robbers on Thursday night last, and \$500 or \$600 stolen, besides certificates for Bonds to the amount of several thousand dollars. The thief after breaking into the store, secured the booty by effecting an entrance into the safe. We hear that strong suspicion rests upon certain parties. This is only one of thousands of crimes that are now perpetrated all over the country, and goes to show the demoralized state of this country.—Budford Argus.

Capt. C. B. Brockway, on motion of Wesley Wm, Esqr., was admitted to the practice of law in the several courts of this country.

Capt. Brockway was student of E. H. Little, Esq., of this place, previous to his entering the military service, and after his return, resumed his studies. We are informed he passed an examination creditable alike to himself as well as his preceptor. He is a young man of more than ordinary ability. Success attend his efforts.

SOME TIME since Geo. Reiswick, liverman of this place, hired a horse to a stranger, who attempted to run off with it and succeeded in getting into the upper end of Luzerne county where he was arrested, lodged in prison at Plinston, and the property recovered. The prisoner soon broke out of his lock-up and made his escape. There seems to be a great deal of horse-stealing going on in this State; and very few stolen horses are afterwards recovered. Some more stringent punishment than imprisonment should be inflicted upon these horse-thieves.

TWO PRISONERS escaped from jail in this place on Friday last, during the absence of the Sheriff. They were arrested on a charge of theft, and committed to jail by the Justice to await their trial. But on Friday, after having finished their dinners, when Mrs. Snyder, the Sheriff's wife, unlocked the door leading into their apartment, and was about going in to receive their empty dishes, they rushed through the door, showing the woman to one side, and made good their escape. They have not since been heard of. The names of the parties, we have not learned. The theft was committed in Montour county but the prisoners were arrested and lodged in jail in this county.

NOT ONE REPUBLICAN office-holder in this county has yet resigned his position in favor of the soldier, for whom they would have the people believe they had so much sympathy. They are not willing to thus give up the offices and prove by their actions, which speak louder than words, that they are the real friends of the soldier. We never believed these Abolition scoundrels were sincere in their professions, and every day we are more and more convinced in the correctness of our belief. They now even vote down resolutions in their Conventions proposing to give to the soldiers a liberal share of the offices. "Oh! consistency, thou art a jewel!"

The Democratic convention of Northampton county nominated Hon. Heister Clynmer as a candidate for Governor in 1868.

The New York Tribune declares that the negroes "saved the country in the hour of its sorest need." We have some slight recollection that a few white men had a hand in the matter.

The Hon. E. Joy Morris, writing from Constantinople, says that the cholera has reached that city and become virulent.—Two hundred deaths are daily reported.—The pestilence was brought to the Ports by an Egyptian frigate.

At a recent Abolition meeting in the city of Pittsburgh a resolution was passed denouncing Catholics as "arch traitors to civil and religious freedom throughout the world."

ABOLITIONISTS argue that the negro is the equal of the white man. He may be sane in exchange, as far as they are concerned. They are better able to measure their own capacities than any one else.

JUNIATA COUNTY—The Democratic convention met on Monday last, selected an excellent ticket, unanimously ratified the nomination of Davis and Linton, and passed a resolution declaring Hon. Heister Clynmer to be their first choice as a candidate for Governor in 1868. The convention was large and harmonious.

One of Dan Rice's elephants got furious in Indianapolis, lately, and broke into a graveyard, and destroyed gravestones, monuments, shrubbery, &c. He was finally secured without injuring any one.

A RACE between three Indians and four horses took place at Chicago on the 23d for a stake of \$2,000. The Indians ran four miles and a quarter, the horses trotting eight miles in harness.—Loves and Indians changing each mile. The Indians won: time—2:10; horses—time, 21.06; and best by Indian, Deerfoot, 4:52.

WHY IT WAS DONE.—The New York correspondent of the Philadelphia Ledger says: "Gen. Sherman just from Washington, in a position likely to know, states that the striking out of the names of General Lee and James A. Seddon from the specifications and charges against Captain Wirtz was done at the earnest solicitation of Grant, President Johnson concurring."

A PARTY of ladies from Newport, Pa. went out a few days since to gather whortleberries. One of them placed her little child on a flat stone near where she was picking the berries. Shortly after a dog, which accompanied the party, set up a loud barking around the child, and smelling at the edge of the stone. The child was taken away and the stone turned over, when a large rattlesnake was found under it. The dog attacked the snake, was bitten twice, and died shortly after.

THE negro shoddies are in a terrible flutter because there are now at home thousands of Democratic soldiers who were deprived of their votes last fall while in service because they would not vote for the Abolition candidates. Let these gentry keep cool.

NEGRO EQUALITY.—In the Abolition convention of Susquehanna county Galusha A. Grow made a speech denunciatory of President Johnson's restoration policy, asserted that the worst dangers were yet to be met, and declared that the equality of all colors was the true policy!

LO! THE POOR WHITE MAN.—The Hartford Times says in Connecticut they have a system of putting up poor men and women on an auction block and selling them (or their services, which is the same thing) to the lowest bidder. The lowest bidder means the man who will feed, clothe, and house them at the least expense to the town or State.—The poor, for whom the State is responsible, have been recently knocked down under the hammer at from \$1200 to \$2000 a year, according to choice of lot. The towns have knocked down their poor at such rates as appear in the following statement: Newtown, with four thousand inhabitants, \$900

a year last year, owing to the high price of provision, about \$500 extra was paid.—Barkhamsted, 1,300 inhabitants, the sum of \$450 was paid, and the contractor was Mr. Mason of New Hartford, who keeps the New Hartford poor. Towns of 1,000 to 1,500 inhabitants pay \$500 to \$600 a year. That paupers do not grow fat on the regime to which this system subjects them may well be imagined.—St. Louis Republican.

Those Post Masters in the county who are in the habit of reading and handing out our paper to persons who are not subscribers to it, or of our political faith, thus fumbling and soiling the paper, and nearly wearing it out, before it gets into the hands of the subscriber, if he receives it at all, will please discontinue that practice, ere we are obliged to publish the names of all such officials. If they will make the proper application we will send them a copy for that purpose, then they would not of necessity seem to be obliged to steal and use what does not belong to them. These Abolition dopes are getting anxious to see the truth and should have all the aid it is possible to receive from reading Democratic papers to help them out of the darkness they have been groping through during the last four years.

We have this week printed hand-bills for the County Superintendent, announcing the times and places at which the public examinations of teachers will be held throughout the county. Two of these will be sent to each secretary of the several school boards, who are respectfully requested to post them in conspicuous places.

All teachers desiring to teach during the coming year, should attend these examinations, as the State Superintendent of Common Schools has given instructions, that no private examination should be held except when a teacher can offer a justifiable excuse for not attending a public examination, and then only upon the request, in writing, of a majority of the members of the School Board, to which such teacher may have made application for a school.

The day is fast coming when the man who headed a squad of soldiers, or the man who acted in the low, mean capacity of a spy, skulking through the country after night, hunting his neighbors for the purpose of making some arrests, for the special benefit of his own pocket, will be ashamed to show his face among honest men. He will be, as he is already, a stench and an eye-sore to all respectable and patriotic people. The Democratic, as well as the conservative portion of other parties, have a just appreciation of these poor miserable Provost-Marshal, spies and home sneaks. They are looked upon with scorn!

OUR OR BIT.—The alleged murderer, J. Calvin Wolfe, had a hearing on habeas corpus before Judge Pearson, last evening, and was admitted to bail in the sum of two thousand dollars for his appearance at the November court. The accused is an intelligent young man of prepossessing appearance, and has always borne an irreproachable character in the community where he resides. The evidence against him is entirely circumstantial, and many persons who heard it entertain strong doubts as to the criminality of the prisoner. If reports be true he is to some extent the victim of political persecution.—Harrisburg Patriot.

DRP.—We are pained to learn that Dr. D. L. Scott, of this place, died at the city of Albany, recently. Dr. Scott was for several years a resident of this borough, and was highly esteemed both as a gentleman and in his professional relations. For some time past he was connected with the Army of the United States as Surgeon. Of the particulars connected with his death we have been unable to learn. We sincerely sympathize with the bereaved family in this their affliction.—Danville Intelligencer.

GOV. BRUGH, of Ohio, is dead. He departed this life at 10 o'clock A. M. on the 29th ult. The people of Ohio have a gubernatorial campaign this Fall. The Republicans say they are going to elect Mr. Cox, a negro-suffragite; but who is doing all in his power to evade the true issue. Mr. Brugh is the man who defeated Mr. C. L. Vallandigham, as true and honest a man as Ohio can boast of. At any other time than last Fall a year Mr. V. would have been elected.

The Democracy of New Jersey assembled in State Convention on Wednesday last, and nominated for Governor, General THEODORE RUSTAN, who is now Mayor of Newark. He will be elected successor to Gov. PARKER, as pure and sound a man as ever breathed. The resolutions adopted at the New Jersey Convention have the Jacksonian ring about them.

Lawrence Getz, ex-Speaker of the Pennsylvania House of Representatives, says: "This cough remedy is now extensively used, and is of the highest value to the community, its curative qualities having been tested by thousands with the most gratifying results. It is a powerful and skillfully prepared remedy. I used the Phoenix Pectoral in my family, and the very best remedy for cough and colds that I have ever tried. One of my children was taken with a cold, accompanied with a croupy cough, so bad indeed, that it could not talk and scarcely breathe. Having heard so much said about the Phoenix Pectoral I procured a bottle of it. The first dose relieved the difficulty of breathing, and before the child had taken one fourth of the bottle it was entirely well. Every family should have it in their house."

[Signed] D. P. CROSBY. J. C. Smith, druggist of New Hope, Bucks county, Pa., in writing to Dr. Oberholzer, says: "A few days since I bought two dozen of your valuable cough remedy to try, and find it would give you, and it nearly all of it. I would like you to send me a bottle."

"Your medicine gives better satisfaction than any other I have in the Store. I am agent for some of the most popular cough preparations, but yours seems to be doing the most good."

The following is an extract from a letter from Hiram Ellis, merchant near Pottsville, Pa.: "I have tried the Phoenix Pectoral and find it to be the best cough medicine extant. It meets with a more ready sale than any other that I have ever had in my store."

The proprietor of this medicine has so much confidence in its curative powers, from the testimony of thousands who have used it, that the money will be paid back to any purchaser who is not satisfied with its effects."

It is so pleasant to take that children cry for it. Price THIRTY-FIVE CENTS; large Bottles ONE DOLLAR.

Agricultural Chemical Co's. CHEAP FERTILIZERS.

THE Fertilizers prepared by the Agricultural Chemical Co., (a Corp. organized by the Legislature of Pennsylvania with a capital of \$250,000.) have been proved in practice to be the cheapest, most profitable and best, for the Farmer, Gardener and Fruit grower, of all concentrated manures now offered in any market. The Company's list embraces the following—

PABULETTE. This Fertilizer is composed of night soil and the fertilizing agents of urine, combined chemically and mechanically with other valuable fertilizing agents and absorbents.

It is reduced to a pulverulent condition; ready for immediate use, and without loss of its highly nitrogenous fertilizing properties.

Its universal applicability to all crops and soils, and its durability and activity, are well known to be all that agriculturists can desire.

CHEMICAL COMPOST. The Fertilizer is largely composed of animal matter, such as meat, bone, fish, leather, and wool, together with chemicals and inorganic fertilizers, which decompose the mass, and retain the nitrogenous elements.

It is a very valuable fertilizer for field crops generally, and especially for potatoes and garden purposes.

Its excellent qualities, strength and cheapness, have made it very popular with all who have used it.

COMPOSITE FERTILIZER. This highly phosphate fertilizer is particularly adapted for the cultivation of tree fruits, lawns and flowers. It will promote a very vigorous and healthy growth of vegetation, and the maturity of the fruit. For hot-houses and household plants and flowers, it will be found an indispensable article to secure their greatest perfection. It will prevent and cure diseased conditions of the peach and grape, and is excellent for grass and lawns.

It is composed of such elements as make it so peculiarly adapted to the growth of all kinds of crops in all kinds of soil.

The formula or method of combining its constituent fertilizing ingredients has received the highest approval of eminent chemists and scientific agriculturists.

PHOSPHATE OF LIME. The Agricultural Chemical Company manufactures a Phosphate of Lime in accordance with a new and valuable formula by which a very superior article is produced, and as afforded at a less price than other manufacturers charge. Practical tests have proved that its value, as a fertilizer, is equal to the best Phosphate of Lime in the market.

TERMS CASH. All Orders of a Ton or more, will be delivered at the Railroad Stations and the Wharves of Shipment, free of cartage. Cartage will be charged on all orders of 6 barrels or less.

One dollar per Ton allowance for cartage will be made on all sales delivered at the Works of the Company on Canal Wharf, Agricultural Chemical Company's Works, At Canal Wharf on the Delaware.

R. B. FITTS, General Agent. The Company's Pamphlet Circular, embracing full directions for using the above Fertilizers, sent by mail, free, when requested. March 8, 1865—6m.
