Prospectus. The Democracy of the North will comnit a fatal error if they accept the result of he late Presidential election as an indicaion from the hand of Destiny to relax their political action until the opening o the next campaign. The future welfare o the republic depends upon the politics zeal and activity of the Democracy during the year 1865.

The small majority of the popular vote that elected the Black Republican candidates, considered in view of the extraordinary resources of the Administration for corruption and epipulsion, attests that the power of the Democracy, on a fair field, is equal to the vindication of Democratic

There is one feature in the result of the Presidential election that goes far to reconcile the patriot to the hard fale of hi country under four years more of Black Republican misrale. The New York News has become so popular in the rural districts that other Metropolitan journals, in publishing their stereotyped boast of "the largest circulation of any weekly journal" are constrained to make an exception in our favor It is a significant circumstance that since the Presidential election and consequent demise of War Democracy, the subscriptions ment of Bounty, errears of pay, Pension to this paper have been unusually numer-
