My Extract Sarsaparilla is a Blood Parifier ; my Extract Buchu is a Diuretic, and will act as such in all cases. Both are prepared on purely scientific principles-in vacuo-and are the most active measures of either that can be made. A ready and conclusive test will be a comparison of their properties with those set forth in the fol-

lowing works: See Dispensatory of the United States. See Professor DRWEES' valuable works on the Practice of Physic.
