New Goops .- The "Old Arcade" on Main St., above the exchange block, occupied by Ex-Sheriff Miller, has just been replenished with a large assortment of goods of all descriptions usually found in a first class country store. It is not necessary for us to enumerate articles, as it is sufficient for us attended the polls. to say, that be has an extended assortment of all kinds of merchandise. MILLER is a clever man and a good judge of store goods. The public generally are invited to come and make their Fall and Winter purchases. See adv. in another column.

MAN SHOT .- On Monday evening last, William Stetter, Constable of Conyngham township, Columbia county, shot Thomas Levine, with a revolver. The ball entered the body a few inches below the stomach Constable Stetter, alleges that he committed the deed in self-defence. The wounded man died on Wednesday morning. ALEX. H. STEPHENS .- The Boston Journal says it is assured that under no circumstances will Alex. H. A petition asking for his pardon is in circulation in Boston, and has received many signatures.

PARTY feeling did not run very high during this campaign although the State was modated, upon reasonable charges, by leav pretty thoroughly canvassed by both the ing timely notice at any of the Hotels. Democracy and the Abolitionists. The "Union Leagues" were re-organized and the work of mischiel fully established by our opponents, but if we may not be thought speaking rather prematurely, to them it was all of ne avail. We have indications of a grand victory which has been, by us, antic- and Seminal Organs, and the whole train pated for some time. This State is Democratic when her citizens have the privilege of exercising the right of suffrage according ed by a desire to benefit the afflicted and to the dictations of their own consciences; cofortunate. I will send the recipe for prebut when undue and unfair advantages are paring and using this medicine, to any one resorted to, by the Opposition, as have been who needs it, in a sealed envelope free of done in Pennsylvania for the past four gears, with the aid of the military, then we SEPH T. Ir is not at all singular that certain Reublicans should, when they are driven to the wall, but not frank and fair enough to admit the fact, deny that Greely, Stevens & Co. are leaders of the Republican party, when infact these men are the only fathers that party ever had. The shaky Republicans throughout Pennsylvania did not face heir real issue. Even the Chairman of he Republican State Central Committee avoided, denied and warded off the issue as years thereafter. But, more important, it much as it was possible for him to do in the position he was placed. The question of negro suffrage, and the only great question of the weak kneed stripe, did not present to Law Office into Mr. Philip Unanget's build- the people in public speeches, but in their actions they worked and assisted such men as Greeley, Stevens, Kelly and Grow, to carry out the sims and objects these Radicals have long labored for. The people did not allow themselves to be deceived this Fall if we mistake not. We feel pretty sanguine that the returns of this State will be n layor of the Democracy. The Democratic party will gain a decisive victory on the negro suffrage question if every man has performed the duties of a good citizen and and most outrageous of all being the mod-

We have never known Democrats any litionists. But for a few years past, when the opposition thought themselves the strongest, or had bayonets to back them, they systematically carried out their mode of conducting the campaign by sheer brute

THE WEEKLY PAPRIOR & THEON.

FOR THE CAMPAIGN OF 1865. The political campaign just opening in Pennsylvania is destined to be one of great importance, and to have a powerful influence upon the future of the country at large. n a great measure it will determine the gubernatorial contest of 1866, and have an Influence upon the presidential election two will probably determine the choice of the next U. S. Senator from this State and thus affect the legislation of Congress and the restoration of peace to the land. It is. exertion should be made by every member of our party to secure the victory. Not only should every local organization be put to work, but every honorable measus should be adopted to stir up the apathetic and lukewarm, and to make new votes by conversion. It can only be through the immutable and golden principles of Democraey that the country can be redeemed from the thraldom of fanaticism, degradation and taxation. Outside the Democracy these are no principles. The role of action of the opposition is ever changing-one thing today-something else to-morrow. It is held together merely by expedients-the latest ern, six-months political trick of negro suffrage. To defeat this, and all other schemes of the Abolition-shoddy hordes who live only to plunder and tyranutze, let every Democrat arouse and gird on the rusty armor of his fathers in Democracywhere, to disturb the meetings of the Abo- of Washington, of Jefferson, of Jackson and march to battle and to victory !
