The Democracy of the North will commit a fatal error if they accept the result of the Presidential election as an indication of the true state of the country...

The small majority of the popular vote that elected the Black Republican candidates, considered in view of the extraordinary resources of the administration for corruption and embezzlement...

There is one feature in the result of the Presidential election that goes far to reconcile the patriot to the hard fate of his country under four years more of Black Republican misrule.

The issue now before the people is the final struggle between Centralization and States' Rights, and no journal is Democratic in spirit that is not the devoted champion of States' Rights...

The New York News needs no testimony beyond its plain unalterable record to substantiate its claim to being and having been the most earnest, able and consistent States' Rights journal in the land.

We do not, however, ask the Democracy to sustain us in our mission as a reward for the service we have done, but in consideration of the good work that we propose to do.

HELMBOLD'S FLUID EXTRACT BUCHU.

A positive and Specific Remedy for diseases of the Bladder, Kidneys, Gravel and Dropsical Swellings. This medicine cures the powers of digestion, and excites the system into healthy action, by which the water is expelled, and all unwholesome humors are removed, as well as pain and inflammation, and is good for men, women and children.

HELMBOLD'S EXTRACT BUCHU. For weakness arising from Excesses, Fatigue of Digestion, Early Indiscretion, attended with the following Symptoms: Inclination to Eruction, Loss of Power, Loss of Memory, Difficulty of Breathing, Weak Nerves, Trembling, Horror of Disease, Wakefulness, Dimness of Vision, Pain in the Back, Hot Hands, Eruptions of the Face, Universal Lassitude, and all unwholesome humors. These symptoms, if allowed to go on (which the medicine invariably removes), soon follow: FACILITY, IRRITABILITY, &c.

In one of which the patient may observe. Who can say they are not frequently followed by those "dreadful diseases." INSANITY AND CONSUMPTION? Many are aware of the cause of the transferring, but none will confess. The records of the insane asylums and the melancholy deaths by consumption bear ample witness to the truth of the assertion.

The Constitution, once affected by organic weakness, requires the aid of medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT OF BUCHU invariably does. A trial will convince the most sceptical.
