As the Central organ of the Democrat c party the Weekly Patriot and Union has beyond its plain unalterable record to sub ed a large and more diffused circulation than any other Democratic journal in the State. It has heretofore occupied an influential position as an able and inous worker in the cause of Democracy, and its friends say that it still continto be a valuable organ of the party.-It is not for us, however, to puff our own work. If we have been faithful to the cause of the party and the country, we hope every Democrat will make it an object to extend our field of operations by ing to our list of subscribers. The low price of the Weekly in comparison with he amount of matter furnished, makes it one of the cheapest of newspapers. We hope every good Democrat who reads this will send his name and \$2.50 for a copy for one year. If this is too much for those who are very poor, let all such send us fifty capts each, and teceive the Weekly Patriot and Union for the campaign. The following are the terms:

INSANITY AND CONSUMPTION? Many are aware of the cause of the trauffering, but none will confess. The records of the insune asylums and the melancholy deaths by consumption bear ample witness to the truth of the assertion.

The Constitution, once affected by organic weakness, requires the aid of medicine to strengthen and invigorate the system, which HELMBOLD'S EXTRACT OF BUCHU invariably does. A trial will convince the most sceptical.

In many affections peculiar to Females, the Extract Buchu is unequaled by any other remedy, and for all complaints incident to the sex, or in the DECLINE OR CHANGE OF LIFE,

BLOOD! BLOOD! BLOOD! Helmbold's

HIGHLY CONCENTRATED COMPOUND FLUID EXTRACT SARSAPARILLA For purifying the Blood, removing all chronic constitufional diseases arising from an impure state of the Blood, and the only reliable and effectual known remedy for the cure of Scrofala, Scald Head, Salt Rheum, Pains and Swellings of the Bones, Ulcerations of the Threat and Legs, Blotches, Pimples on the Pace, Tetter, Erysipelas,

and all scaly Eruptions of the Skin. AND BRAUTIFYING THE COMPLEXION.

NOT A FEW of the worst disorders that afflict mankind arise from the corruption that accumulates in the Blood. Of all the discoveries that have been made to purge it out, none con equal in effect HELMBOLD'S COMPOUND EXTRACT OF SAD SAPARILLA. It cleanses and renovates the Blood, instillathe vigor of health into the system, and purges out the humors which make discase. It stimulates the healthy functions of the body, and expels the disorders that grow and rankle in the blood. Such a remedy that could be relied on has long been sought for, and now, for the first time the public have one on which they can depend. Our space here does not admit of certificates to show its effects but the trial of a single bottle will show to the sick that it has its virtues surpassing anything they have ever taken. Two tablespoon-ful of the Extract of Sarsaparilla added to a pint of water is equal to the Lisbon Diet Drink, and

one bottle is fully equal to a gallon of the Syrup of Sarsa-

HELMBOLD'S ROSE WASH. An excellent Lotion for diseases arising from habits of dissipation, used in connection with the Extracts Buchu and Sarsaparilla, in such diseases as recommended. Evidence of the most responsible and reliable character will accompany the medicines. Also explicit directions for use, with hundreds of thousands living witnesses, and upwards of 30,000 unsolicited certificates and recommendatory letters, many of which are from the highest sources. including eminent Physicians, Clergymen, Statesmen, &c. The Proprietor has never resorted to their publication in the newspapers; he does not do this from the fact that his articles rank as Standard Preparations, and do not need to be propped up by certificates. The Science of Medicine, like the Doric Column, should stand simple, pure, majestic, having Fact for its basis, Induction for its pillar, and Truth alone for its Capital.

My Extract Sarsaparilla is a Blood Purifier; my Extract Buchu is a Diurctic, and will not as such in all cases. Both are prepared on purely scientific principles in racuo-and are the most active measures of either that can be made. A ready and conclusive test will be a comparison of their properties with those set forth in the following works: See Dispensatory of the United States.
