### THE WEEKLY BARRET & TALON. FOR THE CAMPAIGN OF 1865.

The political campaign just opening in enneyleania is destined to be one of great importance, and to have a powerful influn a great measure, it will determine the storial coutest of 1866, and have an Influence upon the presidential election two years thereafter. But, more important, it will probably letermine the choice of the next U. S. Senator from this State and thus affect the legislation of Congress and the restoration of peace to the land. It is,

therefore, of vital importance that every exercion should be made by every member of our party to secure the victory. Not only should every h gal organization be put a work, but every bonorable measus should he adopted to stir up the apathetic and inkewarm, and to make new votes by conversion. It can only be through the immutable and golden principles of Democra-ry that the country can be redeemed from ry that the country can be redeemed from There is one feature in the result of the ing and parlor bureaus, sofa, card, The thraidom of fanaticism, degradation and Presidential election that goes far to re ing and parlor bureaus, sofa, card, taxation. Ontside the Democracy these are no principles. The rule of action of the opposition is ever changing-one thing totogether merely by expedients-the latest and most outrageous of all being the modern, six-months political trick of negro organization, and like any other pestilence DINING AND BREAKFAST TABLES, soffrage. To deleat this, and all other will be remembered only for the evil it bedsteads cane set and common chairs sciences of the Abolition-shoddy hordes who live only to plunder and tyrannize, let

HE WEEKLY PATRIOT AND UNION. the Democratic faith. As the Central organ of the Democratic arty the Weekly Patriot and Union has red a large and more diffused circuauon than any other Democratic journal in the State. It has heretofore occupied an influential position as an able and inastrious worker in the cause of Democracy, and its friends say that it still continpes to be a valuable organ of the party --It is not for us, however, to puff our own work. If we have been faithful to the cause of the party and the country, we hope every Democrat will make it an objeer to extend our field of operations by dding to our list of subscribers. The low price of the Weekly in comparison with the amount of matter furnished, makes it one of the cheapest of newspapers. We hope every good Democrat who reads this will send his name and \$2 50 for a copy for one year. It this is too much for those who are very poor, let all such send as filly cents each, and receive the Weekly Patriot and Union for the campaign. The follo ving are the terms:
