rathis Magazine will continue to defend the principles of Government which guided our fathers in the foundation of the Republic. The spirit and doctrine of the two first volumes will be fully maintained in the third volume. We have no compromises to make with error-no parley with despotism. Democracy will be treated not as a varying policy of ennning officeseekers and speil-hunters, but rather as an abiding principle of political economy and of popular liberty. All supporters of this revolutionizing, Abolition war, will be held as the enemies of the Democracy. We shall acknowledge no organization to be Democratic which does not honestly enun ciate and support the principles of the Kentucky and Virginia Resolutions of 1798 and the Dred Scott Decision of the Supreme Court, the one asserting State Son ereignly and the other While supremacy. To preserve these honorable doctrines, the Democratic party was organized by the very tounders of the Federal Government. and it remained true to them down to the fatal and dishonoring departure, at the commencement of this war.
