

THINGS ABOUT TOWN & COUNTRY.

BLOOMSBURG, PA.

WEDNESDAY, FEB 14, 1866.

We call attention to sale of Real Estate by order of the Orphans' Court.

On Sunday afternoon, six ladies were baptised in Fishers Creek, by the Rev. J. P. Tovin, minister of the Baptist Church of this place.

We had some three or four inches of snow last week, which promised a renewal of the sleighing, but the warm weather since, has caused a very fine slip and mud.

Court continued during the whole of last week, and a number of cases on the civil list were continued because of a want of time for trial.

We are obliged to our friends for the valuable additions made to our subscription list during Court week. Keep telling up. We will always be thankful for your favors.

On the Catawissa Railroad, recently, two cars loaded with Petroleum, caught fire by accident, and the whole mass of oil was consumed.

On motion, P. S. Hackenberg, Seth H. Yocum and Henry C. Kerketter, Esqrs., practicing attorneys of Schuylkill county, were admitted to practice in the several Courts of Columbia county.

A GRAND BALL, will be given at the Exchange Hotel on Thursday evening, the 15th inst. This is expected to be a large party—it being the last to be given by the present proprietor of the Hotel.

THE CAROLINE Volunteer came to us last week in an entire new dress, and presents a neat appearance. It is edited and published by Bratton & Kennedy, and is an able and well conducted paper.

THE WHITE COONS (or so-called Republicans) of this State intend holding a convention at Harrisburg on the 7th of March next for the purpose of nominating a candidate for Governor. Our devil wonders whether the candidate will be white or black.

We regularly receive Imlay & Becknell's Book, Note Reporter from Philadelphia. It is very valuable to business men who handle much money—printers for example—and we commend it to such. The monthly cost \$1.50 per year, and the semi-monthly \$3.00.

From the 6th of January to the 31st of February, inclusive, four hundred and ninety three persons have been killed, and a great number wounded, by the explosion of steam boilers, steamboats and locomotives, within the United States, of which we have reports. There may be many more which have not been reported.

On the outside—first page—of this paper may be found the conversation of President Johnson with Fred Douglass, and others, of a negro delegation that visited the President for the purpose of bringing him out on the negro suffrage question. He talks plainly to the negroes and gives to them good advice. His remarks upon negro political equality need no comment. Read them.

VENUE BILLS—The time has now arrived when some of our readers begin to think of settling off their personal or real estate, preparatory to a change of location in the Spring. To all such we would state that we are prepared at the Star Office, to furnish them on short notice with bills of any size, done in the very best style. The columns of the Star are likewise open to all who may desire to avail themselves of its influence in the way of advertising.

Any party that undertakes to degrade the white man to a level with the negro, is bound to become unpopular. You cannot elevate the black man, that is an impossibility, and in order to place him upon an equality with the white, as the Abolition party propose to do, you must necessarily degrade the white man. Would you be willing to walk side by side with the negro to the polls, he holding a ballot in his hand to kill yours? Will the white people agree that the negro shall be admitted into private circles and upon social equality with them? Is it possible that the white freemen of this country will consent that the black man shall sit in their jury boxes and decide upon civil and criminal cases for them? We must mistake our own race if they will ever consent to anything of the kind. This is a white man's government, and will be governed by white men, the opposition of the Columbia County Republicans and like machines to the contrary.

THE BLACK REPUBLICAN negro party have placed themselves in a bad predicament by committing their party to black suffrage and black equality. The leading Republicans in Congress have come out squarely for negro suffrage, both in speech and by ballot. These men have taken a bold stand, in the face of the President's opposition, without consulting other minds than their own, but pursuing a course in direct hostility to the great masses of the people north and south. Their action in relation to forcing negro suffrage upon the District of Columbia, against the expressed will of the people at the ballot-box, is revolutionary in its tendency and the boldest exhibition of tyranny ever practiced in this or any other country. This black suffrage question cannot be popular, the Freedmen's Bureau bill is fraught with danger and ruinous to the opposition as a party; and they having all these things to delude and sustain, the Democracy ought to succeed next fall.

THE QUAKER CITY BUSINESS COLLEGE

N. E. corner Tenth and Chestnut Street PHILADELPHIA.

The most complete and thoroughly appointed Business Commercial College in the country.

The only one in the City possessing a Legislative Charter, and the only one in the United States authorized to confer Degrees of Merit. Diplomas awarded to graduates in the Commercial Course under its corporate seal by authority of law.

Conducted by gentlemen of liberal education and extensive experience in business and affording unequalled advantages for the thorough theoretical and practical education of young men for the various duties and employment of business life.

THEORY AND PRACTICE COMBINED by a system of ACTUAL BUSINESS TRAINING original and pre-eminently practical, giving the student in the shortest time a complete insight into the routine, details, customs and forms of business in general, as conducted in the best regulated commercial and financial establishments.

THEORETICAL BOOKKEEPING Upon a new plan, with an original exposition of the science of accounts, arranged and published by the proprietor of this Institution exclusively for his own use, saving one-half the ordinary labor of the student, and giving him a complete knowledge of the practice of the best accounts.

THE COMMERCIAL COURSE. BOOKKEEPING, Commercial Arithmetic, Penmanship, Business Correspondence, Commercial Law, Lectures on Business Affairs, Commercial Customs, Forms, and Acc'tual Business Practices.

SPECIAL BRANCHES. Algebra and the Higher Mathematics, Phonography, Ornamental Penmanship, the Art of Detecting Counterfeit Money, Engineering, Surveying Navigation and Telegraphing.

The arrangements for Telegraphing are far in advance of anything of the kind ever offered to the public. A regular Telegraph Line is connected with the Institution with twenty branches in various parts of the city, where public business is transacted, and in which the students of this Institution are permitted to practice. No regular office practice can be had in any other school of instruction in the country, without which no one can obtain a position as a practical operator.

Young men are cautioned against the deceptive representations of those who, without any such facilities, pretend to teach Telegraphing.

This Institution is now enjoying the largest patronage ever bestowed upon any commercial school in the State. Over five hundred students were in attendance the first year, and over seven hundred during the past year. The best class of students may invariably be found here, and all its associations are first class.

LOCATION AND ACCOMMODATIONS. The Institution is located in the most central part of the city, and its accommodations, for extent, elegance and convenience, are unsurpassed. All the rooms have been furnished in the very best style.
