TO THE AFFLICTED!

Compound Medicated Candy.

FOR the Cure of Colds, Coughs, Spitting of Blood, Bronchitis, Asthma, Whooping Cough, Pains and Oppressions of the breast, and all other Pulmonary complaints, and other diseases which have tendency to produce Consumption. It serves also as an effectual clearer of the voice.

This Candy is entirely a vegetable preparation, the principal ingredients being: Hore-hound, Wild Cherry, Sarsaparilla, Boneseed, Elecampene, Liquorice, Flaxseed, Iceland Moss, Pearly Ash, &c. and will, if taken in time, relieve the system from those distressing afflictions that tend to Consumption.

One great advantage in this valuable medicine is its cheapness, the public not being imposed upon by the enormously high prices which are generally exacted for Patent and other medical Preparations. Each package contains directions. Call and try it.

Prepared and sold at the Confection and Variety store of the Subscriber in West York street, one square from the Court-house, and next door to Thompson's Hotel. It can also be had at the Drug Stores of S. H. BUEHLER, and S. FORNEY.

The subscriber as usual continues his Bakery, and is prepared to supply parties at the shortest notice, with choice cakes, &c.

Protection against Loss by Fire.

THE Cumberland Valley Mutual Protection Company, "being incorporated by an Act of the Legislature, and fully organized and in operation under the direction of the following Board of Managers, viz: T. C. Miller, James Weakly, D. W. McCullough, G. A. Miller, T. A. McKinley, Philip M'Clung, Samuel Galbraith, Samuel Tritt, Abm' Kinney, Adams, John H. Satterly, J. T. Kinney, (Adams), John L. Hamilton, J. T. Green, J. Bear, call the attention of the inhabitants of Cumberland and Adams counties to the cheapness of the rates, and the many advantages which this kind of insurance has over any other.

1st. Every person insured becomes a member of the company and takes part in the selection of officers and the direction of its concerns.

2d. For insurance no more is demanded than is necessary to meet the expenses of the Company, and indemnity against loss which may happen.

3d. The inconsequence of frequent renewals is avoided by insuring for a term of five years.

4th. Any person applying for insurance must give his premium note for the cheapest class at the rate of five per cent, which will be \$50 on the 1000, for which he will have to pay \$ 50 for five years and \$1 50 for survey and policy, and no more unless loss be sustained to a greater amount than the rate on hand will cover, and then no more than the rate on hand. These rates are much cheaper than those of other companies, except such as are incorporated on the same principles.

DR. McLANE'S VERMIFUGE.

Properly Expels Worms to an almost incredible number!

TO substantiate the above fact many hundreds of testimonials could be adduced, out of which the following are selected, from individuals of standing and veracity; indeed, it is commonly affirmed that each new trial of the power of this remedy will have an additional tendency to widen and confirm its fame, and that if it were universally known and diffused over the U. States, it would save not less than many hundreds, if not thousands of lives annually.

CERTIFICATES. I do certify that a trial of Dr. McLANE's American Worm Specific expelled five hundred and two whole worms and pieces that would have made sixty more, from a boy of John Lewelling, which, if laid in a straight line, would have most probably measured the enormous length of one hundred miles and one inch! I have not a doubt that the Owner of Water Forge, and other works, Monongalia county, Va.

This is to certify that I purchased from Holmes & Kidd a trial of Dr. McLANE's American Worm Specific, and gave two doses to a boy of nine, about three years of age. He passed fully half pint of worms. The quantity was so large I was really alarmed, and called in several of my neighbors to see them. Had this story been related to me I could not have believed it without being an eye-witness to the same. My child's health improved much. SAML MORRISON, Merchant Tailor, Wood at, Pittsburg.

Hear Medical Testimony. From a regular Physician, Dr. G. S. Smith, Sunfish, Ohio.

Mr. J. Kidd—Dear Sir: I have used in my practice Dr. McLANE's American Worm Specific, and have often witnessed its efficacy in expelling worms from the system. I have given it to a child and in a short time upwards of 65 worms were expelled.

A. P. Cory certifies that he has frequently used it with success, and without any varying success, it never failing to expel from 25 to 150 worms.

A child of mine passed one-third of a pint of worms, and I have never seen a case of this kind since. T. Blackburn, Peebles township, Surprising effects of Dr. McLANE's Worm Specific.

On Saturday Feb. 7, 1845, Mr. James Richardson called at the office of Dr. McLANE and made the following statement: A large quantity of the wonderful effects had witnessed from using Dr. McLANE's Worm Specific in that neighborhood. We prepared a trial, gave one teaspoonful when the mother returned, which brought away in one hour all the worms. As a duty I owe to you and the community I freely make known these facts. My child is now well. What is very remarkable, the same mother returned the worms alive in about four hours after I gave the medicine.

ROSS' EXPECTORANT.

A REMEDY For Consumption, Coughs, Colds, Bronchitis, Asthma, Croup, Whooping Cough, Spitting of Blood, Sore Throat, Pains and Oppressions of the Breast, Difficulty of Breathing, and all other Pulmonary Organs!

Read the following Certificate of a cure performed by the use of Ross' Expectorant and say if you will longer neglect your cough, or doubt its efficacy.

Baltimore, March 12, 1847.

Dear Sir—About three weeks ago my wife caught a severe cold, which troubled her a good deal and gave her great uneasiness; she prepared a great many articles which were recommended, but she did not recover. I got your Expectorant from any of them; he got well in getting worse every day; her appetite was fast falling and sleep was impossible; the pains in her breast and side became so severe that she had to go to bed, and my friends advised me to call in a Physician. I thought I would call in the store where you were engaged and see if I could not get something that would relieve her. I got a bottle of your Expectorant, and after a few trials, but without receiving the desired relief, I took it to my friend's, and he took it to that night, but, however, without great position on the part of some of her friends, who said it was only some "Quack Medicine," and would do her no good. But I determined to try your medicine, and now let me tell you the result! From taking the first dose she felt easier, though unable to sleep on account of the quantity of phlegm that loosened, and she coughed, but which she could not spit up with but little difficulty; the following day she continued it according to the directions, and that time, for the first time for nearly two weeks, she enjoyed a good night's rest and by the time she had finished the first bottle, she was entirely cured. Make what use of this you think proper, for such an invaluable medicine should be made known to the afflicted every where. With best wishes for your success, I remain your friend, CHAS. PASSEWAY.

CAUTION! Beware of Counterfeits and Spurious Imitations. See that the initials "J. F. R." are on the seal; also my Written Signature on the wrapper of each bottle, which will prove genuine. THE AMERICAN REMEDY. THOMSON'S COMPOUND SYRUP OF TAR AND WOOD NAPHTHA.

All the remedies recommended, in late years, for the cure of CONSUMPTION, Coughs, Colds, Asthma, Bronchitis, Liver Complaints, Spitting Blood, Difficulty of Breathing, Pains in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Headache, and all diseases of the Throat, Breast and Lungs:

None has been found more CERTAIN and PERMANENT in its curative power over these, and general affections of the lungs, in universality of application, and often fatal disease, than this above-named Remedy. The Compound Syrup of Tar and Wood Naphtha is an unparalleled remedy. In addition to the healing power of Tar—the virtues of which are well known—the Naphtha, which is acknowledged—the active principles of some of the most certain Tonic Vegetable Pectorals, which unite to make it the most valuable medicine ever offered to the public for the cure of the kind in which it is employed, so that it never fails, if taken in time, to produce the intended effect.

Among the testimonials to the value of the above medicine, are several from distinguished Physicians of Philadelphia. Read the following from Dr. Young, the eminent editor of the "American Medical Review." Philadelphia, Jan. 18, 1847.

Having used in my practice, as well as in my own family, "Thomson's Compound Syrup of Tar and Wood Naphtha," I have no hesitation in saying that it is the best preparation of the kind in use for persons suffering from Consumption, Coughs, Colds, and all affections of the Throat, Breast, &c. so prevalent at this season of the year.

Read also the following from a man who will at any time corroborate its statements. MOST WONDERFUL CURE. Philadelphia, Dec. 17, 1847.

Penetrated with a deep sense of gratitude for the benefit experienced by the use of Thomson's Compound Syrup of Tar, and that others who, like me, have languished through years of affliction and suffering, without the least prospect of a cure, may know where it can be obtained, I voluntarily make the following statement:

About four years since, after being afflicted with a violent cold, I soon became a troublesome and severe cough. Whilst the cough was so severe, I was with scarcely an intermission during this long period, language fails to tell what I have suffered from debility, pains in the breast and side, night sweats, and other distressing symptoms, which increased, and in fact all these symptoms, and in fact all these symptoms, gradually became a severe pulmonary affection. The relief occasionally obtained by the discharge of the matter which obstructed the healthy action of my system, but increased the cough, and the matter discharged was frequently streaked with blood.

During this time I was under the treatment of several Physicians, and took many of those preparations recommended for such cases. I gave up the idea of other, but without relief, and I at length concluded that a cure in my case was hopeless. But how agreeably changed is now my opinion! I have used for about three weeks Thomson's Compound Syrup of Tar, and in less than a week my cough has been relieved and my system renovated, and by continuing the use of it up to this time, I am satisfied that my complaint is entirely removed and cured.

Stanton's External Remedy, HUNT'S LINIMENT.

IS now universally acknowledged to be the best REMEDY for rheumatism, neuralgic affections, contractions of the muscles, sore throat and quins, issues, old ulcers, pains in the back and chest, agues in the breast and face, tooth-ache, neuralgia, sprains, salt rheum, burns, scalds, lacerated feet, and all nervous affections. It is a safe, simple, and successful preparation, which has attended the cure of the most severe cases of the different diseases above named, and the list of cures could be made very long, wherever it has been bestowed upon it, wherever it has been used, it has done the most to the relief of the afflicted, and to the cure of the most severe cases.

The following letter from Edmond M. Hunt, Esq., whose name is immortal in the annals of the author of the Coast Pilot, and who is a Naval officer, is the most reliable evidence of the great value of the celebrated External Remedy, Hunt's Liniment. Sing Sing, July 25, 1845.

Dear Sir—For more than half a century I have suffered by Rheumatism. A few months since it became so severe, that I was unable to get up, and was confined to my bed. I had used every medicine which I could procure, but it did me no good. I was informed that you had a Liniment which you called "Hunt's Liniment," and I procured a bottle of it. I used it at once, and in a few days it relieved me, and in a few more days I was able to get up, and in a few more days I was able to walk. I have since used it several times, and it has always relieved me, and I have no doubt but that it will cure every case of Rheumatism. I am, Sir, your very obedient servant, Edmond M. Hunt.

I have now the pleasure to inform you, for the benefit of all who are similarly afflicted, that the use of a single bottle of the Panacea Cured me entirely. You may well judge of my gratification at such a result, as I had so often known the disease to continue for years under the usual mercurial remedies. (Signed) T. L. SANDER, Phila. Aug. 5, 1845. 1847.

Mr. J. T. Rowland—Sir—Sometime last Spring I was so unfortunate as to get the "Jackson, or Barber's Itch," by shaving with a razor which was affected by that troublesome and obstinate disease. You cannot have forgotten the swollen and irritated condition of my face at the time you recommended "Dr. Cullen's Indian Vegetable Panacea."

I have now the pleasure to inform you, for the benefit of all who are similarly afflicted, that the use of a single bottle of the Panacea Cured me entirely. You may well judge of my gratification at such a result, as I had so often known the disease to continue for years under the usual mercurial remedies. (Signed) T. L. SANDER, Phila.
