

AGRICULTURAL

THE USE OF FLOWERS

God might have made the earth bring forth enough for food and small; The oak tree and the cedar tree, Without a flower at all.

We might have had enough, enough For every want of ours, For luxury, medicine and toil, And yet have had no flowers.

To comfort man, to whisper hope, When'er his faith is dim; For whose search for the flowers, Will much more care for him.

SALTING HORSES

A curious fact is related in Parker's Treatise on Salt:—A person who kept sixteen farming horses, made the following experiment with seven of them which had been accustomed to eat salt with their food.

To PRESERVE GREEN PEAR.—The Pears should be fresh shelled; put them into glass bottles, which should be carefully washed. Put the bottles into a kettle to prevent their coming in contact with the kettle with cold water, and heat it; when the water begins to boil take off the kettle directly; leave the bottles in the water until it is quite cold for fear they should break by taking them out whilst the water is hot; stop down the bottles and keep them in a dry and cold place, not exposed to the influence of the sun.

Wool.—The history of the growth of Wool is very curious. Fifty years ago not a pound of fine Wool was raised in the U. States, in Great Britain, or any other country except Spain. In the latter country, the flocks were owned exclusively by the nobility or the crown. In 1794 a small flock was sent to the Elector of Saxony, as a present from the King of Spain, whence the entire product of the Saxon Wool, now of such immense value. Before the breaking out of the last war between this country and Great Britain, Col. Humphreys succeeded in obtaining a few merino sheep brought out of Spain; then their exportation was prohibited under penalty of being sent to the galleys for life.

MAKING BUTTER.—Mr. Merrifield, of Guilderland, who received a premium for butter from the N. York State Agricultural Society, in 1843, adopts the following mode for making butter:—In winter the milk stands in the cellar twelve hours; then scalded over a slow fire to near boiling heat; the pans removed to the cellar; the cream only churned, which seldom requires more than five minutes to produce butter. I can testify to the superior quality of Mr. M's butter, having been using it my table for several days a sample made in the way described, and which is as high colored and nearly as rich as the best of June butter, though the cows were only fed with hay, and no coloring substances used.—Albany Cultivator.

SAVE YOUR SOLE.—There is scarcely a plant that is not benefited by watering with soap suds. It furnishes nutritive matter as well as moisture, keeps off insects, and promotes a rapid growth. The Gardener's Chronicle states, that while there has been a great failure in the cabbage and cauliflower gardens generally, those watered with soap suds have produced plants of the finest quality, and entirely escaped the injuries inflicted by insects upon others.

The milk test draws from the cow is always richer than that from a dairy.

SCHOOL ACCOUNT OF THE Borough for 1846-7.

JAMES MAJORS, Esq. Treasurer of the School Funds of the Borough of Gettysburg for the School year ending June, 1847.

HOVER'S First Premium Writing Ink.

From Dr. Hare, the celebrated Professor of Chemistry in the University of Pennsylvania:

Philadelphia, Oct. 11, 1843. "Dear Sir—Having tried your ink, I will thank you to send me another bottle, as I find it to be excellent.

I am yours, truly, ROBT. HARE."

From Dr. Locke, of Cincinnati, distinguished for his numerous scientific researches:

"Med. Col. of Ohio, Cincinnati, Jan. 17, 1844. "Having used Mr. Hover's Writing Ink, I am satisfied that it is the best which has ever come to my knowledge, and especially it is excellent for the use of the Steel Pen, and will not corrode them, even in long use."

JOHN LOCKE, Prof. of Chemistry."

Hover's Adamantine Cement. From a well known scientific gentleman:

Philadelphia, Feb. 27, 1846. "Mr. Joseph E. Hover—Sir: A use of your Cement, and some practical tests of its superiority, has induced me to recommend it to others as an invaluable article for mending China, Glass, or Cabinet Ware."

CAMPBELL MORFITT, Analytic Chemist."

For Sale, Wholesale and Retail, at the Manufactory, No. 87 North Third Street, opposite Cherry Street, Philadelphia, by JOSEPH E. HOVER, Manufacturer.

For sale in Gettysburg at the store of B. H. BUEHLER, May 14, 1847.

TO THE AFFLICTED!

Compound Medicated Candy. FOR THE CURE OF COLDS, COUGHS, SPITTING OF BLOOD, BRONCHITIS, ASTHMA, WHOOPING COUGH, PAINS AND OPRESSIONS OF THE CHEST, AND ALL OTHER PULMONARY COMPLAINTS, AND OTHER DISEASES WHICH HAVE A TENDENCY TO PRODUCE CONSUMPTION. It serves also as an effectual clearer of the voice.

This Candy is entirely a vegetable preparation, the principal ingredients being, Horse-hoand, Wild Cherry, Sarsaparilla, Boneset, Elecampane, Licorice, Flaxseed, Iceland Moss, Prickly Ash, &c. and will, if taken in time, relieve the system from those distressing affections that tend to Consumption.

One great advantage in this valuable medicine is its cheapness, the public not being imposed upon by the enormously high prices which are generally exacted for Patent and other medical Preparations. Each package contains directions. Call and try it!

Prepared and sold at the Confection and Variety store of the Subscriber in West York street, one square from the Court-house, and also at Thompson's Hotel. It can also be had at the Drug Stores of S. H. BUEHLER, and S. FOWLER, and the Subscriber as usual, continues his Bakery, and is prepared to supply parties at the shortest notice, with choice cakes, &c.

C. WEAVER.

DIAMOND TONSOR

S. R. TIPTON. FASHIONABLE Barber and Hair Dresser, has removed his "Temple" to the Diamond, adjoining the County Buildings, where he can at all times be found prepared to attend to the calls of the public.

From long experience he flatters himself that he can go through all the ramifications of the Tonsorial department, with such an infinite degree of skill as will meet the entire satisfaction of all who may submit their chins to the keen ordeal of his razor. He hopes, therefore, that by attention to business and a desire to please, he will merit as well as receive a liberal share of public patronage. The stock will be attended to at their private dwellings.

Oct. 10.

PLUMBER'S National Daguerrian Gallery and Photographers' Furnishing Depot.

AWARDED THE GOLD, FOUR FIRST PREMIUMS, AND TWO HIGHEST HONORS by the Institutes of Massachusetts, New York, and Pennsylvania, for the most beautiful colored Daguerreotypes and best Apparatus ever exhibited.

Portraits taken in exquisite style, without regard to weather. Instructions given in the art. A large assortment of Apparatus and Stock always on hand, at the lowest cash prices.

New York, 251 Broadway; Philadelphia, 136 Chestnut St.; Boston, 75 Court St.; 42 Hanover St.; Washington, Mechanics' Hall; Cincinnati, Fourth and Walnut, and 176 Main Street; Saratoga Springs, Broadway.

June 16, 1846.—ly

When the body is subject to many changes it requires Medicine.—Such changes from very hot to chilly weather, are unfavorable to health, and it is a fact universally admitted, that heat and moisture are powerful agents in producing disease, and that constant dry and constant wet weather are both favorable to its generation it does not signify what we call it, it may be yellow fever, it may be dysentery, it may be cholera, it may be constipation of the bowels, it may be inflammation of the bowels, it may be inflammation of the stomach, it may be a nervous affection, but still it is a disease, and a disease curable by the BRANDETH'S PILLS, because they remove all impurities from the body, all that can in a manner feed the further progress of the malady, no matter how called, thus these pills are not only the most proper medicine, but generally the only medicine that need or ought to be used.

The genuine Brandeth's Pills can be had of the following Agents:—

J. M. Stevenson & Co., Gettysburg. J. B. McCrea, Gettysburg. Abraham King, Hunterstown. A. McFarland, Abbottstown. David M. C. White, Hampton. Mary Sherry & Fink, Littlestown. Mary Duncan, Cashtown. John Hoke, Fairfield. May 14, 1847.

NOTICE.

MY SON, BENJAMIN JACOBS, having abandoned his home, notice is hereby given to all persons interested not to trust him on my account, as I will not be responsible for any debts of his contracting while absent from home.

GEORGE JACOBS. Mountjoy tp., May 21.—3t.

NEW CLOCK AND WATCH ESTABLISHMENT.

ALEX. FRAZER RESPECTFULLY informs his friends

and the public generally, that he has removed his Clock and Watch Establishment from Taneytown, Md., to Gettysburg, at the stand lately occupied by Joseph Matthias, deceased, where he will be pleased to wait upon all who may favor him with their custom. He will keep on hand a general assortment of

CLOCKS, WATCHES, AND JEWELRY,

which will be sold on the most reasonable terms. Clocks, Watches, &c., will be repaired at the most reasonable prices, and warranted to give entire satisfaction. Having been engaged in the business for a number of years he hopes, by industry and particular attention to his customers, to merit a share of public patronage. Gettysburg, Oct. 9, 1846.—if

BLACKSMITHING. THE undersigned has connected with his Coachmaking Establishment a large Smith shop, and is prepared to do all kinds of

BLACKSMITHING, including ironing Carriages, Buggies, Wagons, &c. He would say to those who have Horses to shoe, that he has in his employ first-rate hands, which, with his personal attention, will enable him to give perfect satisfaction to all those who may favor him with a call.

Carriage & Buggy Springs (warranted) will be promptly made to order at all times.

All kinds of REPAIRING done, both in Wood and Iron, at the most reduced prices.

Thankful for past encouragement, the subscriber solicits a continuance of patronage, and invites his friends to call at his Establishment in West Chambersburg street, a few doors below Thompson's Hotel.

C. W. HOFFMAN. Gettysburg, Feb. 6, 1846.

THE attention of the Ladies is directed to the very handsome assortment of White Goods, (plain, plaid and striped), unusually large, at the Cheap Store of

W. C. RUTHRAUFF.

DAVID HEAGY, CABINET-MAKER.

RETURNS his grateful acknowledgments for the very liberal patronage which has heretofore been extended to him, and takes this method of informing his friends and customers, and the public generally, that he still continues the CABINET-MAKING in Chambersburg street, at his old stand, where those wishing first-rate Furniture can be supplied on the shortest notice.

CHAIRS! CHAIRS! He has also, in connection with the Cabinet-making, commenced the CHAIR-MAKING, and is prepared to furnish those wishing Chairs at reasonable rates as at any other establishment in the place, and of as good quality, made of the best materials and by one who understands his business.

All kinds of produce, and lumber, will be taken in exchange for Furniture, and the highest market price given.

COFFINS will be made at the shortest notice, and all orders promptly attended to, as usual.

DAVID HEAGY. Gettysburg, March 19, 1847.—if

G. E. BUEHLER

RESPECTFULLY informs his friends and the public generally that he has now on hand a large assortment of TIN WARE of every description, which he will sell at moderate prices—all warranted.

Persons wishing to purchase at low rates will do well to call before purchasing elsewhere.

HOUSE SCOUTING will be made and put up at 12 1/2 cents a foot.

An Apprentice to the Tinning business will be taken, if application, with good recommendations, be made soon. One between 16 and 17 years of age will be preferred.

Gettysburg, March 12, 1847.

Dr. Cullen's Indian Vegetable Specific. FOR Female Complaints.—is one of the most valuable medicines in diseases common to Females, ever offered to the public. Diseases arising from weakness or other causes, are removed in a few days. We have heard numbers of females say they would not be without this medicine, if it could not be had, for any price. These Medicines are prepared and sold by the proprietors, Rowan & Walton, 370 Market street, Philadelphia, and can be had in Gettysburg at the Drug Store of S. H. BUEHLER.

Jan. 15, 1846.—if

SECOND-HAND COACHES, BUGGIES, &c.

of good and substantial make, can be had at the Coach Establishment of the subscriber, in Gettysburg.

C. W. HOFFMAN. Gettysburg, May 29, 1846.

HAND BILLS, AND JOB PRINTING OF EVERY DESCRIPTION.

Neatly & expeditiously executed AT THE "STAR" OFFICE.

DR. McLANE'S VERMIFUGE.

Promptly expels Worms to an almost incredible number!

To substantiate the above fact many hundreds of testimonials could be adduced, out of which the following are selected, from individuals of standing and veracity. Indeed, it is confidently affirmed that each new trial of the powers of this remedy will have an additional tendency to widen and confirm its fame, and that if it were universally known and diffused over the U. States, it would save not less than many hundreds, if not thousands of lives annually.

CERTIFICATIONS. I do certify that a piece of Dr. McLane's American Worm Specific expelled five hundred and two whole worms, and a vial of what would have made sixty more, from a boy of John Lovell, which, if laid in a straight line, would have most probably measured the enormous length of one hundred yards.

W. F. JONES JACKSON, Owner of Water Forge, and other works, Muncie county, Va.

This is to certify that I purchased from Holmes & Kidd a vial of Dr. McLane's American Worm Specific, and gave two doses to a boy of mine about three years of age. He passed fully half a pint of worms. The quantity was so large I was really alarmed, and called in several of my neighbors to see them. This story is related to me, I think not exaggerated, without any eyes-witness to the same. My child's health improved much. SAM'L MORRISON, Merchant Tailor, Wood St., Pittsburg.

Hear Medical Testimony. From a regular Physician, Dr. G. S. Smith, Sunfish, Ohio.

Mr. J. Kidd—Dear Sir: I have used in my practice Dr. McLane's American Worm Specific, and have often witnessed its efficacy in expelling worms from the system of a patient of mine, shortly after giving a vial of the Worm Specific to a child and in a short time upwards of 65 worms were expelled.

Dr. A. P. Orr certifies that he has frequently used the above medicine, and with the most striking success, in not failing to expel from 25 to 150 worms.

A child of mine passed one-third of a pint of worms with one vial of Dr. McLane's Worm Specific. It is truly a surprising medicine. Dr. H. Blackhorse, Prebles township.

Surprising effects of Dr. McLane's Worm Specific. On Saturday Feb. 7, 1845, Mr. James Richardson called at the office of J. Kidd & Co. and made the following statement:

A child of mine had been very sick for some ten days. He had given her purgative medicine, but it had done no good. One of our neighbors came in and said that it was worms that was distressing the child, and brought away in more than all 88 worms. As a duty I owe to you and the community I freely make you these facts. My child is now well. What is very remarkable the Worm Specific expelled the worms alive about four hours after I gave the medicine.

N. B. Be particular to inquire for Dr. McLane's American Worm Specific, or Patent Vermifuge. Prepared for the Proprietor by J. KIDD & Co., Wholesale and Retail Druggists, Wood St., Pittsburg.

The above medicine can be had of the following Agents:

S. H. Buehler, Gettysburg; J. Lower, Arentville; J. & C. McKnight, Hendersville; J. S. Hollinger, Heidersburg; Holzinger & Ferree, Petersburg; Jacob Aulbaugh, Hampton; J. T. Hildebrand, E. Berlin; Peter Micky, Minnansburg; Wm. Bittinger, Abbottstown; Coulson & Co., Wholesale Agents, Liberty St., Baltimore, Md.

ROSS' EXPECTORANT, A REMEDY.

For Consumption, Coughs, Colds, Bronchitis, Asthma, Croup, Whooping Cough, Spitting of Blood, Sore Throat, Pains and Oppressions of the Breast, Difficulty of Breathing, and all other Disorders of the LUNGS AND BRONCHES.

Read the following Certificate of Cure performed by the use of Ross' Expectorant and say if you will longer neglect your cough, or doubt its efficacy.

Baltimore, March 12, 1847.

Dear Sir—About three weeks ago my wife caught a severe cold, which troubled her a good deal and gave her great uneasiness; she prepared a great many articles which were recommended to her by the friends, but without receiving the benefit from any of them; her cough was getting worse every day; her appetite was fast failing, and to sleep was impossible; the pains in her breast and side became so severe that I had to call in a Physician. I thought I would call in the store where you were engaged and see if I could not get something that would relieve her, when you gave me a bottle of your Expectorant, assuring me that if I would use it, she would be cured in a few days. I took it that night, not, however, without great opposition on the part of some of her friends, who said it was only some "hack medicine," and would do her no harm that night, but I determined to take your advice, and now let all know the Result! From taking the first dose she felt easier, though unable to sleep on account of the quantity of phlegm that loosened, and she continued to take your medicine, and could sleep with but little difficulty; the following day she continued to improve, and in a few days, and that time, for the first time for nearly two weeks, she enjoyed a good night's rest and by the time she had finished the first bottle, she was entirely cured. Make what use of this you think proper, for such an invaluable medicine should be made known to the afflicted every where. With best wishes for your success,

I remain, &c., CHARLES PASSWAY.

CAUTION!!! Beware of Counterfeits and Spurious Imitations. See that the initials "J. R." are on the seal; also my Written Signature on the wrapper of each bottle, without which is no genuine. Prepared only by James F. Ross, Druggist, Baltimore, Md. For sale in Gettysburg by SAMUEL H. BUEHLER, and in Millerstown by G. W. HEAGY.

May 29, 1847.—ly

May 7. W. & C. RUTHRAUFF.

THE AMERICAN REMEDY.

THOMSON'S COMPOUND SYRUP OF TAR AND WOOD NAPHTHA.

Of all the remedies recommended, in late years, for the cure of CONSUMPTION, Coughs, Colds, Asthma, Bronchitis, Liver Complaint, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Indigestion, Dropsy, Gravel, Gout, Rheumatism, Nervous Debility, and all diseases of the Throat, Chest, Lungs, and Larynx:

None has been found more certain and efficacious in its curative power over these, so general and often fatal diseases, than the above Preparation. The Compound Syrup of Tar and Wood Naphtha is an unparalleled remedy. In addition to the healing power of Tar—the virtues of which in affections of the lungs, is universally acknowledged—there is combined with it in this preparation the active principles of some of the most certain Tonic Vegetable Factors, which unite to make it the most valuable medicine ever offered to the public for the cure of the diseases for which it is employed, so that it never fails, if taken in time, to produce the intended effect.

Among the testimonials to the value of the above medicine, are those of distinguished Physicians of Philadelphia. Read the following from Dr. Young, the eminent oculist:

Philadelphia, Jan. 18, 1847. Having used in my practice, as well as in my family, "Thomson's Compound Syrup of Tar and Wood Naphtha," I have no hesitation in saying that it is the best preparation of the kind in use for persons suffering from Consumption, Coughs, Colds, and all affections of the Throat, Chest, &c. so prevalent at this season of the year. I have used it in several cases, and with the most successful results. I have used it in several cases, and with the most successful results.

Read also the following from a man who will at any time corroborate its statements.

MOST WORTHY CITIZEN, Philadelphia, Dec. 4, 1847. Penetrated with a deep sense of gratitude for the benefit experienced by the use of Thomson's Compound Syrup of Tar, and that others who, like me, have languished through the agonies of affliction and suffering, without being able to find a remedy may know where it can be obtained, I voluntarily make the following statement.

About four years since, after being affected with a violent cold, I was seized with a violent cough, and severe cough. Whilst the cough continued, which was with scarcely an intermission during this long period, language fails to tell what I have suffered from debility, pains in the breast and side, night sweats, difficult expectoration, oppressed breathing, and in fact all those symptoms which mark a severe pulmonary affection. The relief occasionally obtained by the discharge of the matter which obstructed the healthy action of my system, but increased my weakness, and the matter discharged was frequently streaked with blood.

During this time I was under the treatment of several Physicians, and took many of those preparations recommended as best for my case, but of others, but without relief; and I at length concluded that a cure in my case was hopeless. But having agreed to change to my own opinion, I had used for about three weeks Thomson's Compound Syrup of Tar. By the use of one bottle my cough has been relieved, and my system reinvigorated, and by continuing the use of it up to this time, I am satisfied that my complaint is entirely removed and eradicated.

R. KEARNEY, 212 S. Seventh St. This invaluable remedy is prepared only by Angus & Dickson, N. E. Corner of Fifth and Spruce streets, Philadelphia, and can be had of the following Agents:

S. S. Forney, Gettysburg. R. Angely, Carlisle. D. P. Lang, Hanover.

Price of large bottles \$1.00. Beware of imitations. [April 30, 1847.—ly]
