HARVEST HYMN.

God of the rolling year! to thee Our songs shall rise—whose bounty pours In mink a goodly gift, with free No froding of our flocks we slay— No soaring clouds of incense rise— But on thy hallowed shrine we lay Our grateful hearts in sacrifice.

FROM THE FARMER'S BOOK.

WORK FOR JULY. HARVESTING.—As this will be the first business requiring attention, we would remark, that the grain should wherever practicable, in every instance, be cut before it becomes dead-ripe, and for three reasons: first, because much is lost by shattering; secondly, because the straw, when cut under such circumstances, is much more nutritious and better relished by the stock; and thirdly, because the soil is thereby relieved from a source of great exhaustion.

Gettysburg, March 12, 1847.

The extraordinary and well authenticated cures wrought by the celebrated Sugar Coated Pills, or Dr. Smith's Improved Indian Vegetable Pills, have naturally drawn public attention to them. Perhaps in the history of Medicine, from the time of Hippocrates to the present day, there is no evidence of a medical compound obtaining equal celebrity in so short a time. There was never a medicine recommended by such high authority as Dr. Smith's Pills.

Besides their great curative properties, (possessing as they do, such astonishing purgative powers to open all the natural drains of the body, viz.: the Lungs, Kidneys, Skin and Bowels,) they are, unlike all other pills, extremely pleasant, being coated with sugar, and as they do not grip, nor produce nausea, or any other unpleasant consequences, they have become very popular for Dyspepsia, Headache, Costiveness, Bilious Complaints, Poul Stomach, Fevers, Worms, Want of Appetite, Impurities of the Blood, Obstructions and Female Complaints generally, Colds, &c.—One of the most influential and benevolent ladies in New York, Mrs. S. A. Gould, Matron of the U. S. Naval Hospital, says "there is no medicine within her knowledge so well adapted to the numerous ailments of mankind, as Dr. Smith's Sugar Coated Pills." She especially recommends them to ladies. Read her certificate in the pamphlet.

The genuine Pills are for sale in Gettysburg, by S. H. Buehler and S. S. Forney; in Haverstrout by Abraham King; in Petersburg by Mrs. Fuller; in Cashburn by Mrs. Duncan, and in Hampton by J. H. Aultbaugh.

THE AMERICAN REMEDY.

THOMSON'S COMPOUND SYRUP OF TAR AND WOOD NAPHTHA.

All the remedies recommended, in late years, for the cure of CONSUMPTION, Coughs, Colds, Asthma, Bronchitis, Laryngitis, Spitting Blood, Difficulty of Breathing, Pain in the Side and Breast, Palpitation of the Heart, Influenza, Croup, Broken Constitution, Sore Throat, Nervous Debility, and all the diseases of the Throat, Breast, and Lungs:

None has been found more certain and powerful in its curative power over these, so general and often fatal diseases, than the above preparation. The Compound Syrup of Tar and Wood Naphtha is an unparalleled remedy. In addition to the healing power of Tar—the virtues of which, in affections of the lungs, is universally acknowledged—there is combined with it in this preparation the active principles of some of the most powerful Tonic Vegetable Pectorals, which unite to make it the most valuable medicine ever offered to the public for the cure of the diseases for which it is employed, so that it never fails, if taken in time, to produce the intended effect.

Among the testimonials to the value of the above medicine, are several from distinguished physicians of Philadelphia. Read the following from Dr. Young, the eminent oculist: Philadelphia, Jan. 18, 1847.

"I have used in my practice, as well as in my own family, Thomson's Compound Syrup of Tar and Wood Naphtha; I have no hesitation in saying that it is the best preparation of the kind I have ever used for persons suffering from Consumption, Coughs, Colds, and all affections of the Throat, Breast, and Lungs, so prevalent at this season of the year. Wm. YOUNG, M. D. 159 Spruce street.

Read also the following from a man who will at any time corroborate its statements. MOST WONDERFUL CURE.

Philadelphia, Jan. 18, 1847. Penetrated with a deep sense of gratitude for the benefit experienced by the use of Thomson's Compound Syrup of Tar, and that others who like myself, have languished through years of affliction and suffering, without any relief, and who may know where it can be obtained, I voluntarily make the following statement.

About four years since, after being affected with a violent cold, it left upon me a troublesome and severe cough, which was attended with a great deal of spitting of blood, and a general debility, which was scarcely an intermission during this long period, languor fails to tell what I have suffered from debility, pains in the breast and side, night sweats, difficult expectoration, oppressed breathing, and in fact, a general debility, which mark a severe pulmonary affection. The relief occasionally obtained by the discharge of the matter which obstructed the healthy action of my system, but increased my fears, as the pulmonary matter discharged was frequently streaked with blood.

During this time I was under the treatment of several physicians, and took many of those preparations recommended as serviceable in the case of others, but without any relief, and at length concluded that a cure in my case was hopeless. I had agreed to change to a new residence, but I have used for about three weeks Thomson's Compound Syrup of Tar. By the use of one bottle my cough has been relieved, and my general condition, and by continuing the use of it up to this time, I am satisfied that my complaint is entirely removed and eradicated.
