A Commentary for the People.
NOW publishing, the ECCLESIASTIC COMMENTARY on the Bible, from the words of Henry and Scott, and above one hundred other writers. The work is printed on fine paper, and with large clear type. It will be completed in 24 parts, of 80 pages each, imperial 8vo, all of which are now accepted. It will be beautifully illustrated by accurate views of scriptural scenes, designed expressly to embellish a Commentary, and executed by the most eminent artists. Tables and charts are likewise added, where necessary for purposes of illustration, and the whole comprising as valuable a series of illustrative engravings and embellishments, as has ever been united in a similar work. It may be used with any edition of the Bible. It will be published semi-monthly at 25 cents extra per part.
The design of the Committee of the London Tract Society, under whose supervision the English work was prepared, has been to cover that ground which all evangelists should be acquainted with, and to make a plain, practical exposition of religious truth and duty.
This work is based upon the commentaries of Henry and Scott, and more than one hundred other writers in the various departments of Biblical Literature; and the most important observations of those eminent divines being quoted, constituting a digest of the most valuable results at which the learned men of all ages have arrived, in their critical study of the Holy Scriptures. References are made to the wants of Sunday School teachers, and of families engaged in the systematic study of the scriptures.
Perhaps there never was a juncture of time when true religion more greatly needed a safe guard against attacks which are both bold and insidiously aimed at their vital principles; perhaps true religion was never in a more perilous position than at this juncture. The present work is more incumbent than ever, on every true friend of his holy precepts, every conscientious master of a household, every anxious parent, guardian and protector, to be provided with the authorities to the person, which is so unscrupulously scattered abroad, or an argument against each dangerous fallacy which is propounded to the injury and detriment of that religion, which is the faithful oracle of the Divine Creator, and the best exponent of his will.
The object of the compiler has been to provide a commentary compact in size, moderate in price, and suited to Christians of every station, rank and denomination.
"The family into whose hands this work comes have in their possession a store of Biblical science, and practical instruction of more value than gold. The republication is a great undertaking, and we hope it will receive an adequate support."—N. Y. Observer.
"This commentary has enjoyed an extraordinary popularity as a practical exposition of God's word. It differs from any other, presenting the best evangelical and practical comments which the talents were able to select from the best scholars, on each passage in course. The text being omitted, it is enabled to present a vast amount of learning in a small space. The sources from which it is compiled afford a perfect guarantee of its soundness, both of doctrine and interpretation, while the advantage of having the opinion of different commentators is apparent and very great."—N. Y. Evangelist.
We have received the most favorable notices from many distinguished clergymen of various denominations in this country, and also from the religious press, which cannot be inserted in a newspaper advertisement on account of its length—they will be found on the cover of each part.

Geo. E. STANTON.
Dear Sir—I feel bound to the afflicted to give publicity to the extraordinary effects of your invaluable External Remedy, called Hunt's Liniment.
My daughter, a girl of twelve years old, had been afflicted with *White Swellings*, in one of her legs, directly below the knee joint, for several months, during which her sufferings have been excruciating, and she has been unable to get on her feet. I consulted a Physician, who, during frequent visits, made use of every means in his power to arrest the disease, but without effect. The leg continued swelling, and it opened spontaneously, discharging a greenish urine, rendering amputation necessary unless immediate relief be had. Fortunately, however, on the first day of December last, your agent having been in our village, and hearing of the suffering of my daughter, he kindly sent me a bottle of your Liniment, the use of which alone, thank God, has not only arrested the further progress of the disease, but has cured the leg perfectly, removing all pains and swellings, and restored the leg to its proper use and position.
I am under many obligations to your kind agent, who thus, by one bottle of your invaluable medicine, saved the leg of my daughter from amputation. Your Liniment should find its way into every family.
MOSBY, May 29, 1847.

ROSS' EXPECTORANT.
A REMEDY
For Consumption, Coughs, Colds, Bronchitis, Asthma, Croup, Whooping Cough, Spitting of Blood, Sore Throat, Pains and Oppressions of the Breast, Difficulty of Breathing, and all other Diseases of the PULMONARY ORGANS!
Read the following Certificate of cure performed by the use of Ross' Expectorant and say if you will longer neglect your cough, or doubt its efficacy.
Baltimore, March 12, 1847.
Mr. Jas. F. Ross.
Dear Sir—About three weeks ago my wife died of a severe cold, which troubled her a good deal, and gave her great uneasiness; she presented a great many articles which were recommended to her by her friends, but without receiving the benefit from any of them; her cough was getting worse, and she was unable to get on her feet, and to sleep was impossible; she was in great distress and became so weak that she had to go to bed, and my friends advised me to call in a Physician. I thought I would call on a friend of mine, who was a Physician, and he advised me to use Ross' Expectorant, saying that it would cure her, she commenced taking it that night, and, however, without great effect; she continued to get weaker, and my friends, who said it was only a "Quick Medicine," and would do her more harm than good. But I determined to take your advice, and on the 11th day of the month I purchased a first dose, which she took immediately, and on account of the quantity of phlegm that loosened and would almost choke her, but which she could spit up with but little difficulty; the following day she continued to get on her feet, and in two weeks, she enjoyed a good night's rest and by the time she had finished the first bottle, she was entirely cured. Make what use of this you think proper, even such as to give it to your wife, she would be made known to the afflicted very speedily. With best wishes for your success,
I remain yours &c.
