

AGRICULTURE.

FACTS FOR FARMERS.

There are some things that farmers should know, which, if practiced upon, will result in good, viz: They should know that it is an error to plant trees from a State further south than their own...

Never keep your cattle short—if you starve them they will in turn starve you. It will not do to hoe a great field for a little crop, or to mow twenty acres for five loads of hay...

In dry pasture dig water on the brow of a hill; springs are more frequently near the surface on a height than in a vale. Rain is cash to a farmer, provided he has land in order to drink up its riches.

Cut bushes, that you wish to destroy, in the summer, and with a sharp instrument—they will bleed freely and die. Never plow in bad weather, or when the ground is very wet, because it makes the surface rough.

Accounts should be kept, detailing the expenses and products of each field. When an implement is no longer wanted for the season, lay it carefully aside, but first let it be well cleaned, and a coat of paint would not hurt it.

Obtain good seed, prepare your ground well, sow early, and pay no attention to the moon. Cultivate your own heart aright; remember that whatsoever a man soweth, that shall he reap.

Do not begin farming by building an extensive house, nor a capacious barn, till you have something to store in it. Avoid a low and damp site for a dwelling. Build sufficiently distant from your barn and stock yard to avoid accidents by fire.

TO THE AFFLICTED!

Compound Medicated Candy. THE Cure of Colds, Coughs, Spitting of Blood, Bronchitis, Asthma, Whooping Cough, Pains and Oppressions of the Breast, and all other Pulmonary complaints, and other diseases which have a tendency to produce Consumption. It serves also as an effectual clearer of the voice.

This Candy is entirely a vegetable preparation, the principal ingredients being: Honey-suckle, Wild Cherry, Sarsaparilla, Honeysuckle, Elecampane, Licorice, Flaxseed, Iceland Moss, Prickly Ash, &c., and will, if taken in time, relieve the system from those distressing ailments that tend to Consumption.

One great advantage in this valuable medicine is its cheapness, the public not being imposed upon by the enormously high prices which are generally exacted for Patent and other medicinal Preparations. Each package contains directions. Call and try it!

DYSPEPSIA, And all Diseases of the Stomach and Bowels. DYSPEPSIA, or Indigestion and its consequences.—An eminent Professor says: "It chiefly arises in persons who lead either a very sedentary or irregular life. Although not regarded as a fatal disease, yet, if neglected, it may bring on incurable Melancholy, Jaundice, Madness, Vertigo, Palsy, and Apoplexy. A great singularity attendant on it is, that it may and often does continue a great length of time without any remission of the symptoms."

CAUSES.—Grief and uneasiness of mind, intense study, profuse evacuations, excess in venery, excessive use of spirituous liquors, tea, tobacco, opium and other narcotics, immoderate repletion, or other distention of the stomach, deficiency in the secretion of the bile or gastric juice, exposure to cold and damp air, are the chief causes of this disease.

SYMPTOMS.—Loss of appetite, nausea, heart-burn, acidity and flatulent eructations, gnawing of the stomach when empty, uneasiness in the throat, pain in the side, costiveness, chilliness, languor, lowness of spirits, palpitations, and disturbed sleep.

TREATMENT.—DR. ALLEN'S VEGETABLE COMPOUND has never failed in affording immediate relief and a radical cure for this disease. Principal Office, No. 77 N. Eighth st., east side, Philadelphia. For sale in Gettysburg by S. S. FORNEY, July 30, 1847.—ly

SEPTICISM CURED. More facts in relation to the wonderful efficacy of THOMPSON'S Compound Syrup of Tar & Wood Naphtha, the BEST REMEDY of the day for CONSUMPTION, Asthma, Coughs, Colic, Liver Complaint, &c., &c.

HOUSE SPOUTING. WILL be made and put up by the subscriber, who will attend promptly to all orders, and upon as reasonable terms as can be procured at any establishment in the county. GEO. E. BUEHLER, Gettysburg, October 15, 1847.

DE COULEN'S

Indian Vegetable Panacea. AN EXTRAORDINARY CURE. BY JESSE B. ROWLAND & WALTON. Having experienced the extraordinary efficacy of your Dr. Coulen's Indian Vegetable Panacea upon my wife, who had been afflicted for four wonderful discovery, and a desire that your Panacea should be known and appreciated by the public, has induced me voluntarily to give you an account of my case, hoping that others who are afflicted with this disease, may be induced to throw aside and give your Panacea a fair trial.

In February, 1846, a lump or tumor first appeared upon the spine of my right leg, and another on the lower part of my breast. In the course of the ribs; they increased gradually until the early part of June, about which time they became very painful. In July the tumor on the left leg increased and became a running sore, extending to the knee joint, and being attended by a most distressing ulcer appeared below the ankle. My physician and others pronounced it Scrofula. Up to this time every remedy used gave no relief; the leg continued to enlarge, and during the early part of August my sufferings were intense. I neither went to bed or slept regularly for nearly two weeks, being compelled to sleep with my leg supported in a chair. About this time my wife brought home a bottle of your Panacea, which I purchased for the purpose of palming an imposture upon the public, I concluded to try what effect it would have upon me. On the 20th of August I procured the first relief, by taking it in the following directions, and in four hours the pain was so much relieved that I fell asleep and enjoyed that greatest of blessings, a few hours repose. I continued using it until the 25th of August, when I found myself cured, being free from all the agonizing pains which I had endured, and which I had been obliged to take for the purpose of palming an imposture upon the public, I concluded to try what effect it would have upon me. On the 20th of August I procured the first relief, by taking it in the following directions, and in four hours the pain was so much relieved that I fell asleep and enjoyed that greatest of blessings, a few hours repose. I continued using it until the 25th of August, when I found myself cured, being free from all the agonizing pains which I had endured, and which I had been obliged to take for the purpose of palming an imposture upon the public, I concluded to try what effect it would have upon me.

On the 30th of December, 1847, I was afflicted with a severe case of dyspepsia, which was attended by a most distressing ulcer appeared below the ankle. My physician and others pronounced it Scrofula. Up to this time every remedy used gave no relief; the leg continued to enlarge, and during the early part of August my sufferings were intense. I neither went to bed or slept regularly for nearly two weeks, being compelled to sleep with my leg supported in a chair.
