THE LABORER.

From the "Gem of the Prairie."

GOD BLESS THE HONEST LABORER.

BY FRANK WEBBER.

God bless the honest laborer,
The hardy son of toil,
The worker in the clattering mills,
The delver of the soil;
The one whose brawny hands have torn
From Earth her hoarded wealth,
Whose sole return for ceaseless toil,
Is nature's boon—sweet health.

Bless him who wields the ponderous sledge,
Clad in the leather mail,
That safe as a warriors's panoply,
Guards from the scathing hail
That gushes from beneath each stroke,
Each mighty crushing blow,
Who seeks to lighten labor's toil,
Where ruddy fires glow.

Bless him who turns the matted soil—
Who, with the early dawn,
Hastens to gather nature's store,
Hastes to the yellow corn!
Who plants in Nature's bosom wide,
The fruitful golden grain,
And gives it to her guardian care,
The sunshine and the rain.

Bless him who lays the massive keel,
Who bends the trusty sail
That bids the ocean wanderer
Safe battle with the gale;
Who rears the tall and slender mast
The "Stars and Stripes" of liberty,
As rainbow o'er the seas.

Bless him whose strong ribb'd palace rests
Upon the heaving sea,
Who scorns the dangers of the flood,
The breaker-guarded lee;
Who in the ocean cradle sleeps,
Calm in the storm fraught hour,
Unfearing that his bark will quail
Before the tempest's power.

Bless him who gives each beauteous thought
A resting place—a name—
And twines its transient glories
With the faideless wreath of fame;
Who sends it forth on every breeze,
And bids it live to bless,
While ceaseless clinks the slender type,
And groans the Printing Press.

Bless all who toil. God's blessing rest
On them with double power,
Whose honest brow the sweat-drops deck
In every day light hour.
Bless them, though poor, and may they win
What wealth can never gain:
Contentment with their lot on earth,
A balm for every pain.

Bless them! and may the workman's hand
That framed the giant earth,
That bid each star in glory shine,
That gave to seas their birth,
Reserve on high a resting place,
For every honest son of toil,
When passed death's darksome night.

LABOR.

Two things are very certain—that we have all got a work to do, and are all, more or less, indisposed to do it. In other words, every man has a calling, and most men have a greater or less amount of indolence, which disinclines them for the work of that calling. Many men would have liked the gospel all the better, if it had entirely repealed the sentence, "In the sweat of thy face shalt thou eat thy bread;" had it proclaimed a final emancipation from industry and turned our world into a merry playground or luxurious dormitory. But this is not what the gospel does. It does not abolish labor; it gives it a new and noble aspect. The gospel abolishes labor much in the same way as it abolishes death; it leaves the thing but changes its nature.—The gospel sweetens the believer's works: it gives him new motives for performing it. The Gospel dignifies toil; it transforms it from the drudgery of the work-house or the penitentiary, to the affectionate offices and joyful services of the fire-side and the family circle. It asks us to do for the sake of Christ many things which we were once compelled to bear as a portion of the curse, and which wordly men perform for selfish and secondary reasons. "Whatsoever you do in word or deed, do all in the name of the Lord Jesus. Wives, submit yourselves unto your own husbands, as it is fit in the Lord. Children, obey your parents in all things, for this is well pleasing unto the Lord. Servants, obey in all things your masters according to the flesh, not with eye service, as men-pleasers, but in singless of heart, fearing God; and whatsoever ye do, do it heartily as to the Lord and not unto men, knowing that of the Lord ye shall receive the reward of the inheritance, for ye serve the Lord Christ."—The gospel has not superseded diligence. "Study to be quiet and to do your own business, and to work with your own hands, as we commanded you. If any man will not work neither let him eat." It is mentioned as almost the climax of sin, "and withal they learn to be idle, wandering about from house to house; and not only idle, but tattlers, and busy bodies, speaking things which they ought not;" as, on the other hand, the healthy and right conditioned state of a soul is, "not slothful in business, fervent in spirit, serving the Lord".—*Life in Earnest.*

GET UP EARLY.

Get up early! Time is precious,
Waste it not in bed;
Get up early! While the dew-drops
O'er the fields are spread.
Get up early! when the red sun
First begins to rise;
Get up early! when the darkness
Fades from earth and skies.

Get up early! It is sinful
To be wasting time;
Get up early! while the dear birds
Sing their morning chime;
Get up early! while the flowers
Blush upon the sod;
Get up early! while all nature
Blesses Nature's God.

Get up early! and prepare ye
For the busy day's toil;
Get up early! if ye labor,
To improve your soil;
Get up early! if a rhymester
Be your task to write;
Get up early! oh, ye hear.

The Daily National Whig

IS PUBLISHED EVERY DAY IN THE City of Washington, at 8 o'clock, P. M.—Sundays excepted—and served to subscribers in the City; at the Navy Yard in Georgetown; in Alexandria and Baltimore on the same evening, at 6 cents a week, payable to the sole Agent of the Whig, G. L. Gillchres, Esq., or his order. It is also mailed to any part of the U. States for $4 per annum, or $2 for six months, payable in advance. Advertisements of ten lines or less inserted one time for 50 cents; two times for 75 cents; three times $1; one week for $1 75, two weeks for $2 75; one month $4; two months $7; three months $10; six months $17; one year $30—payable always in advance.

THE NATIONAL WHIG is what its name indicates. It speaks the sentiments of the Whig party of the Union on every question of public policy. It advocates the election to the Presidency of ZACHARY TAYLOR, subject to the decision of the Whig National Convention. It makes war to the knife upon all the measures and acts of the Administration deemed to be adverse to the interests of the country, and exposes without fear or favor the corruptions of the party in power. Its columns are open to every man in the country for the discussion of political or any other questions.

In addition to politics, a large portion of the National Whig will be devoted to publications upon Agriculture, Mechanic and other useful acts, Science in general, Law, Medicine, Statistics, &c. Choice specimens of American and Foreign Literature will also be given, including Reviews, &c. A weekly list of the Patents issued by the Patent Office will likewise be published—the whole forming a complete family newspaper.

THE WEEKLY NATIONAL WHIG, one of the largest newspapers in the U. States, is now made up from the columns of the Daily National Whig, and is published every Saturday for the low price of $2 per annum, payable in advance. A double sheet of eight pages will be given whenever the press of matter shall justify it. The memoirs of Gen. Taylor, written expressly for the National Whig are in course of publication. They commenced with the second number, a large number of copies of which have been printed, to supply calls for back numbers,

Stanton's External Remedy,
CALLED
HUNT'S LINIMENT,

IS now universally acknowledged to be the INFALLIBLE REMEDY for Rheumatism, spinal affections, contractions of the muscles, sore throat and quinsy, issues, old ulcers, pains in the back and chest, ague in the breast and face, toothache, sprains, bruises, salt rheum, burns, croup, frosted feet, and all nervous diseases. The *triumphant success* which has attended the application of this most *wonderful medicine* in curing the most severe cases of the different diseases above named, and the *high encomiums* that have been bestowed upon it, wherever it has been introduced, gives me the right to call on the *afflicted* to resort at once to the *only remedy that can be relied on.*

The following certificate of the restoration to health and the perfect cure of a deformed and crippled child, who was thought to be beyond the reach of hope, shows that, no matter how appalling the case may be, there is a remedy in Hunt's Liniment, that will conquer the most desperate cases; and that, if the disease is curable, this celebrated external remedy will do it. It has never failed in giving immediate relief when timely applied, as proved by the abundance of high and unimpeachable testimony, the particulars of which are to be found in the pamphlets which are to be had of every agent.

Ossining, June 10, 1845.

G. E. Stanton, Esq.—Sir: I feel called upon by the tie of gratitude to offer the following testimony in favor of your External Remedy, Hunt's Liniment. My grandson, Clark E. Evans, who is now ten years of age, has been for the last eight years a *cripple*, caused by falling from a chair when he was two years old, and wrenching his spine. From the time of the occurrence we have tried every means to restore him to his natural shape, but all without avail. We took him to N. York, and placed him under the care of a physicial of skill, and, after remaining there for some time, we brought him home no better than when we took him there. For several days at a time he was so helpless that he could only walk by placing his hands upon his knees for support, giving him the appearance of a deformed hunchback. He was also taken to Newburg and prescribed for without any better success. At times he would be strong enough to go out of doors, but after playing an hour, would come in perfectly exhausted, and for several days after would be again perfectly helpless. We had lost all hope of seeing him restored to his natural shape or strength; but a kind Providence placed your External Remedy in my hands. I have used but four bottles, and am rejoiced to say that the boy is now as straight as any boy of his age. Any of my neighbors will testify to the truth of this statement. I take sincere pleasure in stating these facts for the benefit of others suffering under a like calamity. Your's respectfully, RACHAEL SHUTE.

This is to certify that I am personally acquainted with Mrs. Shute, as well as the boy alluded to, and frankly bear witness to the deformity with which he was seriously afflicted, apparently for life. Dated Sing Sing, June 9, 1845.

HENRY HARRIS, Justice of the Peace.

This Liniment is sold at 25 and 50 cents per bottle by all the principal Druggists and Merchants.

Orders addressed to me at Sing Sing, N Y, will be attended to. G E STANTON, Proprietor.

DIAMOND TONSOR

S. R. TIPTON.

FASHIONABLE Barber and Hair Dresser, has removed his "Temple" to the Diamond, adjoining the County Buildings, where he can at all times be found prepared to attend to the calls of the public. From long experience he flatters himself that he can go through all the ramifications of the Tonsorical departments, with such an infinite degree of skill as will meet the entire satisfaction of all who may submit their chins to the keen ordeal of his razor. He hopes, therefore, that by attention to business and a desire to please, he will merit as well as receive a liberal share of public patronage. The sick will be attended to at their private dwellings.

PROSPECTUS FOR 1848.
GRAHAM'S MAGAZINE,
The most Popular Monthly in the World.

THE leading writers all in "Graham"—William C. Bryant, J. Fenimore Cooper, William Henry Herbert, Theodore S. Fay, W. Gilmore Simms, Fanny Forrester, Mrs. A. M. F. Annan, Mrs. Amelia B. Welby, N. P. Willis, Professor Longfellow, J. K. Paulding, Charles J. Hoffman, Edgar A. Poe, E. P. Whipple, Mrs. Stevens, Mrs. Sigourney.

"Graham" is now universally acknowledged to surpass, in the excellence and variety of its contents, and the style of its execution, any periodical published in America, and it is questionable whether any magazine in the world—not excepting even Blackwood's—ever presented an array of contributors of equal reputation. Its circulation is about one-third larger than that of any other monthly in the English language.

We have resolved, as far as "Graham" is concerned, to give a proper direction to the popular taste; and purpose, in the coming volume, greatly to amplify the literary department of the work—to engage none but the very best writers—to open a field for young writers of merit—and, in fine, to cultivate a *National Periodical Literature*, which shall command respect at home and abroad.

While all the other monthly periodicals are crumbling to decay, and resorting to every expedient to save themselves from destruction, "Graham" pursues the even tenor of its way, proudly at the head of the periodical literature of the day—with its 50,000 readers, gradually widening its influence, and extending its circulation.—The policy adopted in this Magazine, of giving the *best, both in Literature and Art*, has established it upon the sure basis of public confidence.

Elegant Paris Fashions in every Number.—"Graham," for 1848, will be beyond all doubt so far superior to the class of small magazines which attempt to *imitate it*, that in every post town it will utterly route them out. For why should any man or woman pay money for a second rate article, when the best is offered at the same price. Reader, think for yourself, examine and subscribe for the best periodical, and do not be deluded by the stale and never-redeemed promises of those whose words are as worthless as their wares. It is a fact, that for the last seven years, promises have been made of excelling "Graham" by every petty pretender; yet the Magazine still maintains triumphantly the ascendant.

We promise our readers in January such a number as shall pale "the ineffectual fires" of our imitators, who seize a good idea which we have executed, and make it common by the baseness of the copy.

Portraits of our Army Heroes.—We have already given our readers a magnificent likeness of GEN. TAYLOR, and have now nearly executed a magnificent likeness of GEN. BUTLER, and shall follow rapidly with portraits of all the leading men who have distinguished themselves in the present war. This series of portraits will be prized by every patriot.

We design to commence in the January number, in addition to New Novels by Willis and Fay, a most beautiful SEA STORY, which has been highly praised by the best judges, and has only been withheld from our readers in the last volume as we had already running thro' the Magazine the Novel by Cooper. For the New Year we have made the most liberal arrangements in regard to the work, with a determination to make A GREAT NATIONAL MAGAZINE—contributed to by the highest talent in the country—free from all cliques and sectional differences, and relying on the merits of its literary matter, and excellence of its illustrations, for a still wider support. The volume to be opened with a new and beautiful type, the finest white paper, and with a series of embellishments unsurpassed by any which have yet appeared in any magazine.

Our Mezzotint Engravings.—It affords us much satisfaction to be able to state, that we have made arrangements with Mr. Sartain, the accomplished mezzotint engraver, whose plates have contributed so much to the beauty of the Magazine heretofore, by which we secure his splendid mezzotints for the work alone. His beautiful engravings will therefore form a feature of Graham's Magazine, so that we shall be able to distance any thing like competition on the ground.

Our Beautiful Fashion Plates.—These exquisite creations of taste and skill we have engaged exclusively, from the publisher of "Le Follet," and all other efforts to get them have failed. An attempt has been made to deceive the public by re-engraving the old designs; but these duplicates are so far beneath the original Paris designs sent to "Graham," that they excite only contempt. Our arrangements are complete, and we cannot be equalled in the beauty and correctness of this department of the Magazine. These plates appear in every number.

Protection against Loss by Fire.

THE "Cumberland Valley Mutual Protection Company," being incorporated by an Act of the Legislature, and fully organized and in operation under the direction of the following Board of Managers, viz: T C Miller, James Weakly, D W M'Cullough, A G Miller, T A M'Kinley, Philip Spangler, Samuel Galbraith, Samuel Tritt, Ab'm King, (Adams,) John Zug, Samuel Huston, J T Green, J Bear—call the attention of the inhabitants of Cumberland and Adams counties to the cheapness of the rates, and the many advantages which this kind of insurance has over any other.

1st. Every person insured becomes a member of the company and takes part in the selection of officers and the direction of its concerns.

2d. For insurance no more is demanded than is necessary to meet the expenses of the Company, and indemnity against losses which may happen.

3d. The inconvenience of frequent renewals is avoided by insuring for a term of five years.

4th. Any person applying for insurance must give his premium note for the cheapest class at the rate of five per cent., which will be $50 on the 1000, for which he will have to pay $2 50 for five years and $1 50 for survey and policy, and no more unless loss be sustained to a greater amount than the funds on hand will cover, and then no more than a pro rata share. These rates are much cheaper than those of other companies, except such as are incorporated on the same principles. T. C. MILLER, President.

A. G. MILLER, Secretary.

DYSPEPSIA,
And and all Diseases of the Stomach and Bowels.

DYSPEPSIA, or Indigestion and its consequences.—An eminent Professor says: "It chiefly arises in persons who lead either a very sedentary or irregular life. Although not regarded as a fatal disease, yet, if neglected, it may bring on incurable Melancholy, Jaundice, Madness, or Vertigo, Palsy, and Apoplexy. A great singularity attendant on it is, that it may and often does continue a great length of time without any remission of the symptoms.

CAUSES.—Grief and uneasiness of mind, intense study, profuse evacuations, excess in venery, excessive use of spiritous liquors, tea, tobacco, opium and other narcotics, immoderate repletion, over distention of the stomach, deficiency in the secretion of the bile or gastric juice, exposure to cold and damp air, are the chief causes of this disease.

SYMPTOMS.—Loss of appetite, nausea, heart-burn, acidity and fœtid eructations, gnawing of the stomach when empty, uneasiness in the throat, pain in the side, costiveness, chilliness, languor, lowness of spirits, palpitations, and disturbed sleep.

TREATMENT.—*DR. ALLEN'S VEGETABLE COMPOUND* has never failed in affording immediate relief and a radical cure for this disease.

DR CULLEN'S
Indian Vegetable Panacea,
DR. CULLEN AGAIN VICTORIOUS.

ROWAND & WALTON, Philadelphia:—Gents.—In justice to you as well as a duty I owe the public, I feel constrained to furnish a short statement of the wonderful sufferings of my son William, and many who read this testimonial will be surprised to find that he is still living, and still more so, when they learn that he has entirely recovered from the dreadful Scrotula with which he has so long suffered.

It is now more than four years since the disease first made its appearance on one of his legs, in deep and running ulcers. These continued more than two years, confining him to his bed; during which several pieces of the bone came away. It then attacked his arm, causing severe painful ulcers. Several pieces of bone came from the arm also. In this time (two years and six months) he was under the treatment of several of our best physicians, (and took some thirty or more bottles of Sarsaparilla and Iodine) and was pronounced by the Doctors, INCURABLE. He was then, upon the recommendation of Mr. Hazlehurst, taken to "Will's Hospital," where he continued under the care of Dr. Parish, three months. He was then sent home as incurable.—In a few months the other leg broke out in open ulcers. Spirits of Tar was recommended by a friend—he took this about four months, without benefit—indeed he got worse, when I must say, I gave up all hope of his ever getting well; at this stage of the disease, I was advised by the Rev. A. D. Gillette, to try your medicine. I had very little faith in it, I confess, (having tried so many medicines without benefit.) He, however, commenced taking the PANACEA on the first of of March, A. D. 1846, and has been using it ten months. Three months after he began the use of the Panacea, an ulcer made its appearance upon his neck above the collar bone. This continued open until about three weeks since, WHEN IT HEALED. He is now sound, and in the enjoyment of perfect health. I gratefully add my testimonial to the many already in your possession, of the wonderful efficacy of your "DR. CULLEN'S INDIAN VEGETABLE PANACEA."

Respectfully yours,
HARRIET D. BARKER.

READ the following from Mr. Sharp, a well known and highly respectable citizen of the Northern Liberties, Philadelphia County. This is one of the most astonishing cures on record, and, it will be seen, is attested by the Rev. Mr. STREET, and by other citizens of that district:

PHILADELPHIA, AUGUST 11, 1847.

Near the close of the year 1845, I had an attack of the Pleurisy and while recovering from it, I took a severe cold. My condition soon became alarming and I grew gradually worse and worse.

The symptoms manifested by my disease were those ordinarily found in pulmonary affections—but mine were of an exceedingly aggravated character. For a long period I expectorated a great quantity of matter, which appeared a mixture of pus and blood—at times it seemed as if I was discharging the very substance of the Lungs. My voice was gone so as to be unable to utter a few words without great difficulty, and I experienced a thousand other painful sensations that cannot be told. One of the most unpleasant attendants of my disease were chilling sweats. The cold perspiration ran from me continually, not only at night, but also during the day so as to keep my cloths at all times continually wet.

I employed every means of cure I could hear, and was attended by several eminent and skillful Physicians. But the obstinacy of my disease baffled all their efforts. They indeed raised me from my bed, but they also pronounced me incurable. The last Physician attending me, told me at one time, that I had but a few days to live—at another time I might linger on a few weeks or months, but that it was utterly impossible that I could get well, or ever be able to attend to my business. Thus, with no prospect of recovery I lingered on during the greater part of the year 1846—for three months of which period my friends sat up with me, expecting every night to see my sufferings end in death.

But last fall, a lady residing in Southwark, who had been cured of somewhat similar sufferings by "Thompson's Compound Syrup of Tar and Naphtha," came and urged upon me a trial of it. Almost despairing of any relief, and with no hope of recovery, I commenced its use. Imagine then my satisfaction in being able to state that I am NOW WELL! and I attribute my restoration entirely to the wonderful efficacy of the above medicine. From the time I
