

AGRICULTURAL PROFITS OF FRUIT CULTURE.

From Downing's Horticulturalist. Having seen in a late number of the Horticulturalist, on account of a cherry tree that produced ten dollars worth of fruit in one season, permit me to give a chapter of facts on fruit, most of which are within my own personal knowledge.

C. A. CARLE, of Cleveland, Ohio, has orchard of an hundred cherry trees, now 22 years old. In the year 1843 his crop sold for upwards of one thousand dollars. Mr. G. manages his orchard better than any other person in the Union, so far as my knowledge extends. The trees are planted out twenty-five feet apart, the ground kept properly enriched and cultivated, but no crop is put in.

ELIZABETH SWAIN, of Darby, near Philadelphia, has the remains of a cherry orchard, numbering seventy trees, mostly of the mayday variety. In the height of the season his sales amount to upwards of eighty dollars per day. Mr. S. to ensure a good crop every season, digs in a horse cart full of manure to each tree in Autumn.

HILL PENNELL, of Darby, has twenty apple trees of the Early Red-streak, and Early Queen varieties, that stand on half an acre of ground. In 1846 these trees produced three hundred bushels of fruit that sold in Philadelphia market for 75 cents per bushel, or two hundred and twenty-five dollars for the crop.

Mr. Pennell has a grape vine of the Racoon (Fox grape) variety, that covers the tops of fourteen apple trees. It has never been pruned, but produces seventy-five bushels of grapes yearly, that sell for one dollar per bushel. The apple trees produced good crops of fruit, and under the trees is produced a crop of grass; thus making three crops from one lot of ground.

JAMES LAWS, of Philadelphia, has a Bolivar Washington Plum tree, that produces six bushels of fruit yearly, that would sell in market for ten dollars a bushel. Five of the above plums weigh a pound. Mr. Laws has a small vineyard of Isabella and Catawba grapes, near Chester, sixteen miles below Philadelphia, three-eighths of an acre of which came into bearing in 1845. (The sales amount to three hundred dollars, at eight cents per pound, or at the rate of eight hundred dollars per acre, from vines only four years old.

CHRISTOPHER DARLINGTON, of West Chester, Pa., has a Catawba grape vine, that produces ten bushels of grapes annually. This crop is worth forty dollars at market price. JACOB STREINKE, of Philadelphia, has a Blue Gage Plum tree, that produces ten bushels of fruit yearly, worth in market thirty dollars. My friend, ELWOOD HARVEY, Chadd's Ford, Pa., the last season gathered thirteen quarts of gooseberries from one plant. A gardener, near Philadelphia, has two rows of gooseberry plants, one hundred and fifty feet long. One afternoon he gathered, with his own hands, six bushels of fruit, and the next morning sold them in Philadelphia market for twenty-four dollars.

A gentleman of Philadelphia, having two apricot trees, that produced more fruit than his family could consume, concluded to send the balance to market, and expend the money it would bring in wood for the poor. The surplus produce thus sold, amounted to forty dollars in one season. JUDGE LANE, of Carlisle, Pa., has had two Syrian apricot trees that have produced five bushels of fruit to each tree in a season. In the Philadelphia market they would have commanded one hundred and twenty dollars; in the New York market one hundred and forty dollars. HENRY HAYEN, of Camden, N. J., has four Tewksbury Winter Blush apple trees, that in 1846 produced one hundred and forty market baskets of apples. Without any extra care, ninety baskets of these were on hand late in the spring of 1847, when they readily sold at one dollar per basket.

The following facts relative to fruit growing near North river, have not been published: Three years ago, Mr. Charles Downing, of Newburg, N. Y., informed me that a fruit-grower of his acquaintance in Fishkill landing, N. Y., had gathered fifteen barrels of lady apples from one tree, and sold them in New York for forty-five dollars. The same gentleman you speak of, in your Fruit and Fruit Trees of America, as having sent to N. York sixteen hundred bushels of plums in one season, has sent to New York apricots, and received forty dollars per bushel for them. The above gentleman has often said, that his plums, which are set out about the buildings, and take up but little room, pay him more profit than the whole of his valuable acres of two hundred acres. Another fruit-grower in your neighborhood has sent four hundred of Frost Gage Plums to market one season, and received twelve hundred dollars for them. Yet with all these facts before us, there is no full supply of any kind of fruit in the Philadelphia market, except peaches. Many gardens and greenhouses are neglected, and fruit-trees from a natural neglect, and others planted in a fruitless soil, are afraid that every body will go to fruit-growing, and bring down the price to almost nothing. It is a great mistake, if there is any more danger of every one commencing the culture of fruit, than there is that every body will neglect the raising of onions, or the making of error stumps, or the cultivation of roses.

The Daily National Whig PUBLISHED EVERY DAY IN THE City of Washington, at 5 o'clock, P. M.—Sundays excepted—and served to subscribers in the City, at the Navy Yard in Georgetown; at 6 cents a week, or for the same evening, at 1 cent a copy. Agents for the Whig, G. L. Gillies, Esq. or his order. It is also mailed to any part of the U. States for \$1 per annum, or \$2 for six months, payable in advance. Advertisements of ten lines or less inserted one time for 50 cents; two times for 75 cents; three times \$1; one week for \$1.75; two weeks for \$2.75; one month \$4; two months \$7; three months \$10; six months \$17; one year \$29—payable always in advance.

THE NATIONAL WHIG is what its name indicates. It speaks the sentiments of the Whig party of the Union on every question of public policy. It advocates the election to the Presidency of Zachary Taylor, the able Agent of the Whig National Convention. It makes war to the knife upon all the measures and acts of the Administration deemed to be adverse to the interests of the country, and exposes without fear or favor the corruptions of the party in power. Its columns are open to every man in the country for the discussion of political or any other questions. In addition to politics, a large portion of the National Whig is devoted to publications upon Agriculture, Mechanic and other useful arts, Science in general, Law, Medicine, Statistics, &c. Choice specimens of American and Foreign Literature will also be given, including Reviews, &c. A weekly list of the Patents issued by the Patent Office will likewise be published—the whole forming a complete family newspaper.

THE WEEKLY NATIONAL WHIG, one of the largest newspapers in the U. States, is now made up from the columns of the Daily National Whig, and is published every Saturday for the low price of \$1 per annum, payable in advance. A double sheet of eight pages will be given whenever the press of matter shall justify it. The members of Gen. Taylor, written expressly for the National Whig are in course of publication; they commenced with the second number, a large number of copies of which have been printed, to supply calls for back numbers. Dr. C. W. Appleton's Celebrated Remedy FOR DEAFNESS. DEAFNESS, and discharge of matter from the ear, together with all other unpleasant symptoms, which either accompany or announce approaching Deafness. This double medicine is the result of a long and laborious pursuit, and the result of experiments instituted with the sole view to discover (if possible) a certain, and, at the same time, a safe remedy for this dreadfully afflicting disorder, and after being extensively used in the private practice of the subscriber during the last eight years, in very numerous cases with the most remarkable success, is now offered to the public, for the benefit of those who, from distance or other causes cannot have the personal attention of the proprietor, in the fullest confidence of its efficacy, and in the firm belief that it will not disappoint the expectations of those who may have recourse to its use. In short, that it is the most VALUABLE article ever offered to the public for this disease. Dr. C. W. Appleton, in Gettysburg by S. H. BUEHLER, in Abbotstown by Wm. BITTINGER, in Oxford by L. L. RILEY, and in Franklin township by T. J. COOPER. [Aug. 6, 1847—ly]

Dr. Cullen's Indian Vegetable Specific For Female Complaints. THIS medicine is fast taking the place of every preparation heretofore used for diseases arising from Weakness or other causes. All that is necessary to secure its medicinal place in the Domestic Practice of every family, when such a medicine is needed, is a trial. It speaks for itself in its operation, and no injury can result from its use at any time. For sale, wholesale and retail, by ROWAN & WALTON, Proprietors, 376 Market st., Philadelphia; in Abbotstown by S. H. BUEHLER, in Franklin township by T. J. COOPER, Franklin tp. [Aug. 6, 47—ly]

W. A. HALL'S OUTRIGG. FOR the cure of external Sores, Scrofulous affections, Liver Complaint, Quinsy, Sore Throat, Bronchitis, Pains in the Chest, Tumors, Diseases of the Skin, Piles, Corns, Rheumatism, &c., &c., for sale at the Drug Store of S. H. BUEHLER. Gettysburg, June 25, —41

AFFLICTED READ—LET NONE DESPAIR!

ROSS' EXPECTORANT, FOR THE CURE OF Consumption, Coughs, Colic, Bronchitis, Asthma, Croup, Whooping Cough, Spitting of Blood, Sore Throat, Pain and Oppressions of the Breast, Difficulty of Breathing, and all other diseases of the PULMONARY ORGANS!

THIS valuable preparation has been before the public for several years, during which time it has received numerous testimonials of its superior efficacy in the above-mentioned complaints. The following is an extract from the letter of a friend dated Philadelphia, Jan. 9, 1848. Dear Friend—The success of the Expectorant has exceeded all expectation. For instance, my friend Mrs. — was suffering from a severe cold contracted some five or six weeks ago, during which she had taken many highly recommended remedies, but without experiencing the least benefit, until, at my earnest solicitation, she sent to try "ROSS' EXPECTORANT" and was completely cured by the use of two bottles. The next bottle she had taken a severe cold, for the cure of which she had tried many nostrums, but with no effect. I gave her one bottle of the Expectorant, and it cured her completely. The third cure was on a lady who had taken a tremendous cold on account of exposure from running errands. His cough was of no ordinary kind—one bottle cured him.

Your friend, C. W. G. G. I have followed in consequence of the many preparations now before the public under the name of "Extracts," "Balsams," "Syrups," &c., and even of a similar name, the proprietor deems it necessary to caution the afflicted against Counterfeiters. Each bottle of the Ross' Expectorant is blown in the glass, the initials "J. F. R." in connected capitals stamped on the seal, and my written signature on the wrapper, without which it is not genuine. The price of each bottle is 50 cents per bottle, and the money to be refunded if a cure be not effected, when taken according to directions! Prepared only by J. F. ROSS, Proprietor, Baltimore. For sale by Samuel H. Buehler, Gettysburg, Geo. W. Hoagy, Fairfield, Wm. M. Kettler, Petersburg. REMEMBER—NO CURE, NO PAY! FEBRUARY 11, 1848.

DR. CULLEN'S Indian Vegetable Purgative, DR. CULLEN AGAIN VICTORIOUS. HOWARD & WALTON, Philadelphia. 70 CENTS. In justice to you as well as a duty to the public, I feel compelled to furnish a short statement of the wonderful sufferings of my son William, and many who read this testimonial will be surprised to find that he is still living, and still more so, when they learn that he has entirely recovered from the dreadful Serofula with which he has so long suffered. It is now more than four years, since the disease first made its appearance on one of his legs, in deep and running ulcers. These continued more than two years, and he was in his bed during which several pieces of his bone came away. It then attacked his arm, causing severe painful ulcers. Several pieces of bone came from the arm also. In this time (two years and six months) he was under the treatment of several of our best physicians, (and took some thirty or more bottles of Sarsaparilla and Iodine) and was pronounced by the Doctors, INCURABLE. He was then, upon the recommendation of Mr. H. de la Harpe, taken to Philadelphia, where he continued under the care of Dr. Parrish, three months. He was then sent home as incurable. In a few months the other leg broke out in open ulcers. Spills of Tar was recommended by the Doctor, which he used for some weeks, but no benefit indeed he got, when I must say, I gave up all hope of his ever getting well; at this stage of the disease, I was advised by Dr. A. D. Gillette, to try my medicine. I had very little faith in it, but he had cured so many medicines without benefit. He, however, commenced taking the PANACEA on the first of March, A. D. 1846, and has been using it ten months. Three months after he began the use of the PANACEA, he was able to get up, and his neck above the collar broke. This continued open until about three weeks since, when it healed. He is now sound, and in the enjoyment of perfect health. I gratefully add my testimonial to the many already in your possession, and a wonderful efficacy of your "DR. CULLEN'S INDIAN VEGETABLE PANACEA." Respectfully, HARRIET D. BARKER. (Late of Philadelphia) Mount Holly, New Jersey, January 1st 1847. On the sixteenth day of March, A. D. 1847, before me, the subscriber, an Alderman in and for the City of Philadelphia, personally came Harriet D. Barker, who caused to be read to her the law, both above and say, that the facts set forth in the above statement are true. HARRIET D. BARKER. Sworn and subscribed before me. JOHN THOMPSON, Alderman. Sold, wholesale and retail, by ROWAN & WALTON, Proprietors, 376 Market street, Philadelphia, and by the following Agents: S. H. Buehler, Gettysburg, Wm. Bittinger, Abbotstown, Lily & Riley, Oxford, T. J. Cooper, Franklin tp. Dec. 10, 1847.—2m [August 6, 1847.]

ROWAN'S CARMINATIVE SYRUP. IS a certain cure for Diarrhea, Dysentery, Cholera Morbus, Bowel Complaints, &c., &c., as well as all other diseases of the bowels, which have their origin in the stomach. Read the Certificate of Dr. Ross, a highly respectable physician of Philadelphia: "Gentlemen—I cheerfully bear testimony to the good effects of your CARMINATIVE SYRUP, after having of late seen cases of Diarrhea, &c., within the last few months. Being opposed to quackery in any form, it took much persuasion from a friend, who keeps it in his house as a family medicine, to induce me to make use of it. I was slow to make a trial of it, on the second attack, having been relied on so soon on the first. I have prescribed the Carmivative Syrup to a great many of my patients, and I am pleased to say, with the same success. I give it with liberty to use it as you please. Yours, &c. Nov. 25, 1846. T. P. S. ROBY, M. D. For sale in Gettysburg by S. H. BUEHLER, in Abbotstown by Wm. BITTINGER, in Oxford by L. L. RILEY, and in Franklin township by THOMAS J. COOPER.

A CERTAIN CURE FOR THE PILES. DR. Cullen's INDIAN Vegetable Pile Remedy, is a domestic preparation, which has been used without the success for many years. Being an internal medicine, it has a decided preference over outward applications, which are but palliatives and not curatives. This medicine acts upon the diseased parts, producing healthy action, and a permanent cure—WHICH WE WARRANT, OR REFUND THE MONEY. For sale, wholesale and retail, by ROWAN & WALTON, Proprietors, 376 Market street, Philadelphia; in Abbotstown by S. H. BUEHLER, in Franklin township by T. J. COOPER, Franklin tp. [Aug. 6, 47—ly]

Consumptives Read—Let none despair. THOMPSON'S Compound Syrup of Tar & Wood Naphtha, the BEST REMEDY of the day for CONSUMPTION, Asthma, Coughs, Colic, Liver Complaint, &c., &c. and all kindred diseases of the respiratory organs. THIS preparation, now so extensively used, has no parallel, as an efficient remedy in the case of diseases for which it is applicable. Its peculiar composition enables it to set on a kindly manner upon diseased organs; soothing irritation, quieting the cough, and inducing an easy expectoration, thus freeing the lungs and air passages from offensive matter, which otherwise would aggravate disease, and ultimately result in confirmed consumption. To public speakers this medicine is invaluable, rendering the voice clear and strong, and removing any predisposition to disease in the Lungs and Throat. SEE WHAT A PHYSICIAN SAYS. The following is from Dr. Young, the distinguished vocalist: Philadelphia, Jan. 18, 1847. Having used in my practice, as well as in my family, Thompson's Compound Syrup of Tar and Wood Naphtha, I feel compelled to say that it is the most valuable of the kind in use for persons suffering from Consumption, Coughs, Colic, and all affections of the throat, breast, &c., so long as the season of the year. Wm. YOUNG, M. D. 153 Spruce st.

READ THE FOLLOWING! Harrisburg, Nov. 18, 1845. Dr. S. P. Thompson—Dear Sir: I consider it a gratifying duty to publicly acknowledge the benefit I have derived from the use of your invaluable medicine, the Compound Syrup of Tar and Wood Naphtha. In the spring of 1844, I was taken ill with bilious fever, and was very ill for a long time. After I had partially recovered, my physical condition was such that I could not do my regular business. I resolved to try your medicine and its effect upon me. Accordingly, I sent to your agent, Dr. M. Therson, and procured a bottle. I had not used more than one third of it, before the bilious fever left me. I took it regularly, the pain in my breast, &c. left me; the shortness of breath and cough was removed, and I am now able to walk about with renewed health and vigor. You can make what use of this personal testimony you may think proper, and I am sure that may be required of me it called on personally. With great respect, I remain your's, &c. JACOB SQUIRE, Jr. THIS invaluable remedy is prepared only by Anthony Thompson, 153 Spruce street, Philadelphia, and can be had of the following Agents: S. S. Forney, Gettysburg, R. Angely, Carlisle, D. P. Lange, Hanover, C. A. Morris & Co., York, and by respectable Druggists generally. Price 25 cents, or \$1.00 per bottle. Beware of imitations. Jan. 11, 1848. DYSPEPSIA, And all Diseases of the Stomach and Bowels. DYSPEPSIA, or Indigestion and its consequences.—An eminent Physician says: "It chiefly arises in persons who lead a very sedentary or irregular life. Although not regarded as a fatal disease, yet, if neglected, it may bring on incurable Melancholy, Jaundice, Madness, or Vertigo, Palsy, and Apoplexy. A great singularity attendant on it, is that it may and often does continue a great length of time without any remission of the symptoms. CAUSES.—Grief and uneasiness of mind, intense study, profuse evacuations, excess in venery, excessive use of spirituous liquors, tea, tobacco, opium and other narcotics, immoderate repletion, or disorder of the stomach, deficiency in the secretion of the bile or gastric juice, exposure to cold and damp air, are the chief causes of this disease. SYMPTOMS.—Loss of appetite, nausea, heart-burn, acidity and febrile eruptions, gnawing of the stomach when empty, uneasiness in the throat, pain in the side, costiveness, chilliness, languor, lowness of spirits, palpitations, and disturbed sleep. TREATMENT.—DR. ALLEN'S VEGETABLE COMPOUND has never failed in affording immediate relief and a radical cure in this disease. Principal Office, No. 77 N. Eighth st., east side, Philadelphia. TO THE AFFLICTED! Protection against Loss by Fire. ICE CREAM.

THE Cumberland Valley Mutual Protection Company, being incorporated by an Act of the Legislature, and fully organized and in operation under the direction of the following Board of Managers, viz: T. C. MILLER, James Wealey, D. W. M'Collough, A. G. Miller, T. A. M'Kinley, Philip Spangler, Samuel Galbraith, Samuel Tully, M. W. King, (Adams) John Zang, Samuel Huston, J. T. Green, J. Bear—call the attention of the inhabitants of Cumberland and Adams counties to the cheapness of the rates, and the many advantages which this kind of insurance has over any other. 1st. Every person insured becomes a member of the company and takes part in the selection of officers and the direction of its concerns. 2d. For insurance no more is demanded than is necessary to meet the expenses of the Company and indemnity against losses which may happen. 3d. The inconvenience of frequent renewals is avoided by insuring for a term of five years. 4th. Any person applying for insurance must give his premium note for the cheapest class at the rate of five per cent, which will be 500 on the 1000, for which he will have to pay \$2.50 for five years and \$1.50 for every year and policy, and no more unless loss be sustained to a greater amount than the funds on hand will cover and then no more than a pro rata share. These rates are much cheaper than those of other companies, except such as are incorporated in the same principles. T. C. MILLER, President. A. G. MILLER, Secretary. The following named persons have been appointed Agents for Adams County—Wm. W. Paxton, Esq. General Agent for Adams County; J. A. Thompson and D. G. Giegler, Gettysburg; Dr. Wm. R. Stewart, Petersburg; Henry Myers, New Chester; Henry Myers, Abbotstown; Daniel Confort, Straban township; Abraham King, Hanters-town; David Blythe, Fairfield; T. T. Wierman, Mendeville; Wm.
