HEALTH-HEALTH!

THE MOST EFFECTUAL OF ALL KNOWN REMEDIES. Dr. Drake's Panacea,

The only radical cure for Consumption! or Postules on the face, Bloichts, Biles, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Sciatica and often does continue a great length of time without any remission of the sympuse of Mercury, Dropey, Exposure or Imprudence in life; also Chronic Constitutional Disorders. In this medicine several innocent but very po-tent articles of the vegetable kingdom are united tent articles of the vegetable kingdom are united, forming a compound entirely different in its character and properties from any other preparation, and unrivalled in its operation on the system when laboring under disease. It should be in the hands of every person, who, by-business, or general course of life, is predisposed to the very many aliments that render life a curse, instead of a bless-

ng, and so often result in death. FOR SCROFULA, Dr. Drake's Panacea is reled as a certain cure. Not one Instance of its failure has ever occurred when freely used rigor to the whole system. Scrutulous persons can never pay too much attention to the state of their blood. Its purification should be their first sim; for perseverence will accomplish a cure of even hereditary disease,
FOR ERUPTIONS OF THE SKIN, Scurry,

Scorbufic Affections, Tumors, White Swelling, Erysipelas, Ulcers, Cancers, Running Sores, Scabs and Biter, De Drake's Panacea cannot be too highly extolled; it searches out the very root of the disease, and by removing it from a system, makes a cure certain and permanent.
INDIGESTION.—No medicine perhaps has ver been discovered which gives so much tone to the stomach and causes the secretion

healthy gastric juice to decompose the food as Dr. Drake's Panacea.

RHEUEATISM.—Dr. Drake's Panacea is used with the greatest success in Rheumatic Complaints, especially such as are chronic. It cures by driving out all impurities and foul humours which have accumulated in the system, which are the cause of Rheumatism, Gout, and Swellings of the joints. Other remedies sometimes give temporary relief; this entirely eradicates the dis-ease from the system, even when the jimbs and

ones are dreadfully swollen.

CONSUMPTION can be cured. Coughs, Catarrh, Bronchitis, Spitting of Blood, Asthma, Difficult or protuse Expectoration, Hectic Flush, Night Sweats, Pain in the side, &c., have been cured, and can be with as much certainty as any other simple disease. A specific has long been sought for but in vain until the discovery of Dr. Drake's Panacea. It is mild and sale but certain and efficacious in its operation, and cannot possi-bly injure the most delicate constitution. We would earnestly recommend those afflicted to give it a trial—and we belive they will not have occasion to regret it. The system is cleaned and strengthened, the ulcers on the lungs are heated. and the patients gradually regain their usual health and strongth. Read the following testimony: Philadelphia, Ddc. 14th, 1847.

Printatelphia, Dic. 14th, 1847.

Dear Sin:—In reply to your question tespecting the use of Dr. Drake's Panacea, I will say, that although a perfect disheliever in the existence of a Panacca, or cure for all diseases, however val-uable it may be in certain conditions of the sys-tom, still I have believed that a cure for Consumption would be discovered sooner or later, and curiosity led me to try your medicine in two very inveterate cases. They attending physicians to be PULNONARY CONSURP TTON, and abandoned by them as incurable. One of the persons had been under the treatment of several very able practitioners for a number of years, and they said she had "old fushioned Conremption combined with Scrofula," and that she might linger for sometime, but could not be permanently relieved. In both cases the effect of the Panacea has been most gratifying. Only four or ive bottles were used by one of the persons before she began to improve rapidly. The other took about ten. I will only add that familiar as I am with consumption by inheritance and by extensive observation as a study, and knowing also the injurious effects in nine cases out of ten of tar, coneset, and other vegetable tonics, as well a of many of the expecturants and sedatives, should never have recommended the use of Dr. Drake's Panacea if I had not been acquainted with the ingredients. Suffice it to say that these a theory of Consumption broached in France a few years ago by one of her most eminent wri-

ters on medicine, and now established by fact which admit of no dispute. Very respectfully To use the language of another, "Dt. Drake's Panacea is always salutary in its effects—never injurious. It is not an Opiate—it is not an Ex-pectorant. It is not intended to full the invalid to unconquerable malady. And no person afflict-ed with this dreadful disease, will be just to himself and his friends if he go down to the grave without testing its virtues. A single bottle, in most cases, will produce a favorable change in

the condition of any patient, however low."

TO THE LADIES.—Ladies of pale complex ion and consumptive Labits, and such as are de bilitated by those obstructions which females an liable to, are restored by the use of a bottle or two, to bloom and vigor. It is by far the best remedy ever discovered for weakly/children, and such as have bad humors; being pleasant, they take it. It immediately restores the appetite

Nothing can be more surprising than its invigprating effects on the human frame. Persons all ence. It immediately counteracts the nerveless
