HEALTH-HEALTH!

THE MOST EFFECTUAL OF ALL KNOWN REMEDIES. Dr. Drake's Panacea, The only radical cure for Consumption !

TT ALSO removes and permanently cuars all all diseases arising from an impure state of the blood—viz.: Scrotula or King's Evil, Rheu-matism, Obstinate Cutaneous Eruptions, Pimples, or Postules on the face, Blotches, Biles, Chronic Sore Eyes, Ring Worm or Tetter, Scald Head, Enlargement and Pain of the Bones and Joints, Enlargement and Pain of the Bones and Joins, Stubborn Ulcers, Syphilitic Symptoms, Sciatica or Lumbago, diseases arising from an injudicious use of Mercury Dropsy, Exposure or Imprudence in life: also Chronic Constitutional Disorders. In this medicine several innocent but very potent articles of the vegetable kingdom are united,

adas a large number of educated Medical Practitioners in high professional standing, who make a
general use of it in their practice in the following
diseases: DROPSY, GRAYEL,
and diseases of the Higher Organs Biles and all hands of every person, who, by business, or gener hands of every person, who, oy obsiness, or gener-al course of life, is predisposed to the very many aliments that render life a curse, instead of a bless-ing, and so often result in death.

FOR SCROFULA, Dr. Drake's Panacea is re-

nmended as a certain cure. Not one instance of its failure has ever occurred when freely used It cures the disease and at the same time imparts tine method of cure—explains the peculiar pro-perties of the article, and also the diseases it can never pay too much attention to the state of has been used for over this country and Europe for lour years with such perfect effect. Over 10 pages of testimony from the highest quarters will be found with Names, Places and Dates, which FOR ERUPTIONS OF THE SKIN, Scurvy, and he written to the state of their blood. Its purification should be their first aim; for perseverence will accomplish a cure of the pages of testimony from the highest quarters will be found with Names, Places and Dates, which

Scorbutic Affections, Tumors, White Swelling, Erysipelas, Ulcers, Cancers, Running Sores, Scabs and Biles, Dr. Drake's Panacea cannot be too highly extolled; it searches out the very root of the lisease, and by removing it from a system, makes a cure certain and permanent.
INDIGESTION.—No medicine perhaps has ver been discovered which gives so much tone

to the stomach and causes the secretion of healthy gastric juice to decompose the food as Da Drake's Panacea.

RHEUEATISM.—Dr. Drake's Panacea is used with the greatest success in Rheumatic Complaints, especially such as are chronic. It cure by driving out all impurities and foul humour which have accumulated in the system, which are the cause of Rheumatism, Gout, and Swelling

of the joints. Other cemedies sometimes give temporary relief; this entirely eradicates the dis ease from the system, even when the limbs and ones are dreadfully swollen.

CONSUMPTION can be cured. Coughs, Ca tarth, Bronchitis, Spitting of Blood, Asthma, Difficult or protuse Expectoration, Hectic Flush, Night Sweats, Pain in the side, &c., have been ed, and can be with as much certainty as any other simple disease. A specific has long been sought for but in vain until the discovery of Dr. Drake's Panacea. It is mild and safe but certain and efficacious in its operation, and cannot possi bly injure the most delicate constitution. We would earnestly recommend those afflicted to give it a triul—and we belive they will not have occa-sion to regret it. The system is cleaned and s rengthened, the ulcers on the lungs are heated, and the patients gradually regain their usual health and strength. Read the following testimony. Philadelphia, Ddc. 14th, 1847.

DEAR SIN:—In reply to your question respecting the use of Dr. Drake's Panacea, I will say that although a perfect disbeliever in the existence of a Panacca, or cure for all diseases, however val-uable it may be in certain conditions of the sys-tom, still I have believed that a cure for Consumption would be discovered sooner or later, and curiosity led me to try your medicine in two very inveterate cases. They were pronounced by the attending physicians to be PULMONARY CONSUMP of the persons had been under the treatment of several very able practitioners for a number of years, and they said she had "old fashioned Consumption combined with Scrofula," and that she might linger for sometime, but could not be personally and the said she had "old fashioned Consumption combined with Scrofula," and that she might linger for sometime, but could not be permanently relieved. In both cases the effect of the Panacea has been most gratifying. Only four or five bottles were used by one of the persons before she began to improve rapidly. The other took about ten. I will only add that familiar as I am with consumption by inheritance and by extensive observation as a study, and knowing also the injurious effects in nine cases out of ten of tar, coneset, and other vegetable tonics as well as should never have recommended the use of Dr. Drake's l'anacea if I had not been acquainted with the ingredients. Suffice it to say that these are recommended by our most popular and scien tific physicians, and in their few years ago by one of her most er on medicine, and now established by facts which admit of no dispute. Very respectfully vours.

L. C. GUNN.

To use the language of another, "Dr. Drake's Panacea is always salutary in its effects—never injurious. It is not an Opiate—it is not an Expectorant. It is not intended to lull the invalid into a fatal security. It is a great remedy—agrand healing and curative compound, the great and only remedy which medical science and skill has yet produced for the treatment of this hither to unconquerable malady. And no person afflict-ed with this dreadful disease, will be just to himself and his friends if he go down to the grave without testing its virtues. A single bottle, in most cases, will produce a favorable change in the condition of any patient, however low."

TO THE LADIES.—Ladies of pale complex. ion and consumptive Labits, and such as are de-bilitated by those obstructions which females are liable to, are restored by the use of a bottle or two, to bloom and vigor. It is by far the best such as have bad humors; being pleasant, they

take it. It immediately restores the appetite Nothing can be more surprising than its invigorating effects on the human frame. Persons all weakness and lassitude before taking it, at once become robust and full of energy under its influ-It immediately counteracts the nervelessness of the female frame. Indian Vegetable Panacsa,

DR. CULLEN AGAIN VICTORIOUS. OWAND & WALTON, Philadelphia Gents.—In justice to you as well as a duty I owe the public, I feel constrained to furnish a short statement of the wunderful sufferings of my son William, and many who read this testimonial will be surprised to find that he is still living, and still more so, when they learn that he has entireyrecovered from thedreadful Scrofula with which e has so long suffered. It is now more than four years since the dis-

ease first made its appearance on one of his legs, in deep and running ulcera. These continued more than two years, confining him to his hed, during which several pieces of the bone came away. It then attacked his arm, causing severe painful ulcers. Several pieces ofbone came from the arm also. In this time (two years and six onths) he was under the treatment of several of our best physicians, (and took some thirty or more bottles of Sarsaparilla and Iodine) and was pronounced by the Doctors, INCURABLE. He was then, upon the recommendation of Mr. Hazlehurst, taken to "Will's Hospital," where he continued under the ears of Dr. Parish, three months. He was then sent home as incurable.— In a lewmonths the other leg broke out in openilcers. Spirits of Tar was recommended by a riend-he took this about four months, witho friend—he took this about four monins, withquibenefit—indeed he got worse, when I must say, I gave up all hope of his ever getting well; at this stage of the disease, I was advised by the Rev. A. D. Gillette, to tr your medicine. I had Rev. A. D. Gillette, to tr your medicine. I had very little faith in it, I confess, (having tried so many medicines withou, benefit.) He, however commenced taking the PANACEA on the first of of March, A. D. 1846, and has been using it ten months. These months after he began the use of the Panacean content of the property of the prop the Panacea, an ulcer made its appearance upon his neck above the collar bone. This continued open until about three weeks since, want it asales. He is now sound, and in the enjoyment of perfect health. I gratefully add my testimo ial to the many already in your possossion, of the wonderful efficacy of your "DR. CULLEN'S IN-DIAN VEGETABLE PANACEA."

ABTONISHING CURE OF CHRONIC BRON-CHITIS.

CHITIS.

Philadelphia, May 23, 1844.

Mr. S. P. Phompson—Dear Sir—For more than four years past I had been dreadfully afflicted with an affection of the throat, which my physician pronounced "Chronic Bronchidis," caused by repeated and neglected colds. The distress suffered is indescribable. My throat was literally raw with violent spasmodic coughing, so that blood would come from it; also great oppression, pain and tightness at the chest; and faver—in short, all the usual pulmonary symptoms showed paint and tigniness at the cheet; and fever—in short, all the usual pulmonary symptoms showed themselves, causing entire loss of necessary repose—my throat was leeched and blustered over and over and over again. I made trial of every known remedy, and at different periods had the different periods had the advice of six physicians, and all with no avail.

About two months since, I made trial of your Compound Syrup of Tar and Wood Naphtha, and before I had taken the first bottle I felt relief. I continued until I had taken seven bottles, which completely removed the disease and restored me to perfect health, and I firmly believe that I should not now be living, had it not been for your invaluable medicine.

"This may certify that in the spring of 1846, my health was very feeble; I was afflicted with pain in the side, with other alarming symptoms, and suffered much from great debility. At that time I purchased of Moaes Dame two bottles of Thompson's Compound Syrup of Tar and Wood Naphtha, from which I experienced great benefit. My health being now good, I cheerfully recommend the article to all persons who may be suffering with general debility, with symptoms of a
