highest terms of its superior efficacy.
The following certificate is from Mr. William
T. League, East Baltimore street, near Canal
Street, BALTIMORE, Dec. 23, 1847.
"Mr. James F. Ross—Sir—It is with pleasure
that I give you the following statement of
the efficacy of your Expectorant. In my case,
hoping that others similarly afflicted might be
benefited by its use: For several months
past I have suffered with severe oppression of
the chest, and during the day I would feel but
a little of it, but at night it would trouble me
so severely, and in the mornings my throat would
be dry, and the phlegm would rattle on my
breast, but all efforts to remove it were of no
avail. A friend who had used your Expectorant
advised me to try it, which I did, and I am happy
to inform you that I have been cured by the
use of one bottle. The first few doses loosened
the phlegm, which came up in large quantities,
and I have taken the whole of it felt like
another person."
Yours Respectfully,
WILLIAM T. LEAGUE.
