DEAR SIR:—In reply to your question respecting the use of Dr. Drake's Panacea, I will say. that although a perfect disbeliever in the existence of a Panacca, or cure for all diseases, however valuable it may be in certain conditions of the sys-tom, still I have believed that a cure for Consumption would be discovered sooner or later, and curiosity led me to try your medicine in two very inveterate cases. They were pronounced by the attending physicians to be PULMONARY CONSUMPrion, and abandoned by them as incurable. One of the persons had been under the treatment of everal very able practitioners for a unmber of years, and they said she had "old farhined Con-sumption combined with Scrofula." and that she might linger for sometime, but could not be pernanently relieved. In both cases the effect of the Panacea has been most gratitying. Only four or five bottles were used by one of the persons before From long experience he flatters himself she began to improve rapidly. The other took that he can go through all the ramifications about ten. I will only add that familiar as I am with consumption by inheritance and by extensive observation as a study, and knowing also the injurious effects in nine cases out of ten of tar, boneset, and other vegetable tomes, as well as of many of the expectorants and sedatives, I should never have recommended the use of Dr. Drake's Panacea if I had not been acquainted with the ingredients.
