How the Tariff of '46 works. We have been furnished, says the Danvil Democrat, from a reliable source, with the imporinformation that thire has I own imported, 4731 and ordered to be imported, the enormous quentity " OF ONE HUNDRED THOUSAND TONN OF RAIL ROAD IRON from Great Britain during the last six months. This is one of the ressons why our manufactories are closed, and times are getting harder and harder every day. 265 Now let us see how this operates. At the

least calculation, this quantity of iron, if manu-695 factured here, would consume about 500,000 tons of coal, 100,000 tons of limestone, and 300,000 1907 879 tons of ere Now, an establishment like the Mou-976 tour Rolling Mill, capable of manufacturing at 181 least 10.010 tons of Rail Read Trats not tonr. he in its employ for raising ore, certing one and coal and manufacturing the iron, shout 600 men -89 Hence, if this establishment be taken for in data.

the 100.000 tons of imported iron would have given employment to at least 6000 men in nertoxa forming the labor to broduce it. What number of man the mining of 500.000 tons of chal would have given employment to we do not exactly ana know, but presume something like 500 or 800.1 Add to this the miners of the ore, shill you will

and the number of hands to whom? the manufac-244 ture of these 100,000 tone of Rails in our country would have given employment for one year-1071 Multiply that number by 5, (a fair fair average for every family.) and, you will have the number 142 of mouths dependent for their brand of the later of those now deprived of it by this foreign impor-13 tation, It will make from from 35,000 to 40,000 10 persons ?
