GODEY'S LADY'S BOOK,

FOR 1849.

Dedicated to the Ladies of the United States.

EDITED by Sarah J. Hale, Grace Greenwood, and L. Godey. A Novelette by Mrs. E. F. Ellet, who contributes to every No. Mr. P. Willis' Original Scriptural Poetry. T. S. Arthur, who continues to every No., Illustrative of Chromo's Sketches of American Character.

We intend merely to give a notice of our intentions for next year, leaving to others long advertisements—full of sound and fury, signifying nothing.

Agreeably to the practice of last year, the publisher will issue as good a number each month as the best in January. This is a novel feature in Magazine publishing. During the whole of last year, he gave more engravings and more reading matter than any of his contemporaries, and will continue to do so next year. Those who subscribe to GODEY'S LADY'S BOOK, may do so under the assurance that they will receive more for their money in the Magazine alone, than by subscribing to any other work. To this is added and included in the same $3, the LADY'S DOLLAR NEWSPAPER, which contains in one month nearly as much reading matter as the other monthlies, making for $3 the amount of reading of two magazines a month. There are peculiarities about Godey's Lady's Book for the ladies that no other Magazine possesses. There is a Mezzotint and Line Engraving in each number—both by the best artists. In addition to these, there are given monthly what no other magazine gives—a Coloured Fashion Plate, with a full description. This feature is peculiar to Godey, as no other work has them every month and colored. Then there are Caps, Bonnets, Chemisettes, Equestrians for Ladies, with Engravings. The Ladies' Work Table with designs for knitting, netting, crotchet, and all other kinds of work. Patterns for Smoking Caps, Chair Covers, Window Curtains, D'Oyley's, Purses, Bags, &c. &c. Health and Beauty, with Engravings. Model Cottages, with ground plans, and other engravings, always illustrative of something useful. Music, beautifully printed on tinted paper which may be taken out and bound. Colored Models of Cottages, and Colored Flower Pieces, occasionally. These are all extra in Godey, and to be found in no other magazine. These were all given last year, and will be continued. In addition, we shall have in every No., one of "*Croome's Sketches of American Characteristics*," a most amusing series, now first given to the American public. These will be illustrated in every No., by a Story from the powerful pen of T. S. Arthur, Esq., on "*The Changes of Fashion*," illustrated by Fay Robinson, Esq. This series will be very interesting to the ladies. "*The Applicability of the Fine Arts to Domestic Uses*," is another series of Engravings now in preparation, and will be published during the year.

Cottage Furniture.—Having given so many Model Cottages, we intend now to commence the publication of Cottage Furniture—a very necessary appendage to a Cottage.

Religious and History.—Our superior artists, Walters, Tucker, Pease and Welch, are now engaged upon a set of plates illustrative of these two subjects.

Our Music.—Prepared expressly for us—mostly original, and beautifully printed, has long commanded a decided preference over that of any other Magazine. It is a feature in The Book.

The Literary Character of Godey's Lady's Book.—With such writers as Miss Leslie, Grace Greenwood, W G Simms, Mrs Ellet, T S Arthur, Mrs E Oakes Smith, Mrs J C Neal, H T Tuckerman, H W Herbert, &c., the author of the Widow Bedott, Professor Frost, Bryant, Longfellow, Holmes—and a host of others—must always take the lead in literary merit.

TERMS.—For Three Dollars we will send the Lady's Book, containing more reading than any other monthly, and the Lady's Dollar Newspaper, published twice a month, which contains as much reading as any of the $3 periodicals of the day—making three publications in one month, or if the subscriber prefers the following splendid engravings to the Lady's Dollar Newspaper, (although we would not advise it, as engravings cannot be sent through the mail without being crushed or creased,) we will send the beautiful plate containing the portraits of Harriet Newell, Fanny Forester, Mrs. Stewart, Mrs. Ann H. Judson, and Mrs. E. B. Dwight, and the plates of Christ Weeping over Jerusalem, The Opening of the Sepulchre, Deliverance of St. Peter, and The Rebuke. If preferred to the newspaper or plates, we will send Miss Leslie's novel of Amelia, and any three of Mrs. Grey's, and Miss Pickering's popular novels.

For Five Dollars we will send two copies of the Lady's Book, and a set of the plates to each subscriber.

For Ten Dollars we will send five copies of the Lady's Book, and a copy to the person sending the Club, and a set of plates to each.

For Twenty Dollars, eleven copies of the Book and a set of Plates to each subscriber, and a copy of the Book to the person sending the Club.

For One Dollar we will send the Lady's Book 4 months, and for 25 cents any one No. Postage to be paid on all orders.

GREAT RUSTICATION OF STEAM WORKS!

and Engineer seriously Wounded!

BE it known to the world, that the undersigned has obtained Letters Patent for an

Improved Machine for Hulling and Cleaning Clover-seed,

which, for thoroughly performing its work, in a speedy manner, surpasses any thing that has ever been presented to the public. In order to produce a machine that will meet the wants of the community in every respect, the Patentee has for several years applied himself diligently to the task, and is now enabled to offer a machine worthy of their consideration.

This machine has only been in operation during the last season, in Cumberland, York and Adams counties, and has given entire satisfaction. It is a neat, portable machine, only weighing about 400 lbs, and of light draught, and can hull and clean with ease four loads of cloverseed per day, or *one load in two hours.* It can be converted into a common windmill in a moment's time. Persons desiring to purchase rights can see the machine by calling at my residence in Latimore township, Adams county. Owners of Clover-mills would find it to their advantage to give me a call.

Hundreds of certificates can be given of its utility, and the satisfactory manner that it hulls and cleans cloverseed, and also timothy seed, but I deem it only necessary to refer to a few individuals at whose barns the machine has been exhibited and fully tested.

A SCIENTIFIC MEDICINE.—Great experience and judgment are required to make a valuable, and at the same innocent purgative. This is possessed only by a few.

The great majorities of the remedies advertised of this class, are manufactured by persons who have no idea of the relative or individual powers of the drugs they use. It is this cause, more than any other, which occasions the inertness and often injurious effects, produced by advertised remedies. And hence the general prejudice which prevails against them. Now there is a great difference in this respect, with regard to the pills made by Dr. B. Brandreth, and consequently their superior claims upon the public.—Each of the articles composing the Brandreth Pills, are prepared in that way which will secure their beneficial effects to the system in the safest and easiest manner. For instance, some ingredients have to be prepared in the vacuo; that in the air is exhausted in the utensil, and remains so until a combination is effected with other ingredients, which afterwards prevents the air from acting injuriously upon the medicine. Again, the proportion for each ingredient depends upon its multiplying power upon other ingredients. For the power of different vegetable purgatives upon each other, is governed by similar laws that govern the power of figures by multiplication. Nine added to nine makes eighteen: but nine times nine are eighty-one. So it is with some vegetable purgatives. By adding nine parts of one ingredient, and nine parts of another ingredient together, the power is increased, not to eighteen, but to eighty-one. For example, either of the articles to produce any purgative effect, would have to be used to the extent of eighty-one grains; by combining them only eighteen grains have to be used. Again, another ingredient is found to multiply this power again which in a proportion of two grains, would have no effect upon the animal economy, but which, added to eighteen grains of a compound of two parts of nine grains, each of two ingredients, will again multiply the power which they have gained of eighty-one, to one hundred and sixty-two. So again, the mixture of twenty grains can be multiplied by an addition of two grains, to the power of three hundred and twenty-four grains, of the original power of two first ingredients. Here we have twenty-two grains which as a purgative, contain the power equal to three hundred and twenty-four grains of either of the articles alone; nevertheless also so powerful after being thus combined are safe in any quantity; always having a beneficial effect and in no case capable of doing injury, of which thousands bear ample witness.

☞ The Brandreth Pills are sold for 25 cents per box at Dr. B. Brandreth's Principal Office, 241 Broadway, N. York, and by the following duly authorised Agents:—J. M. Stevenson & Co., Gettysburg; J. B. M'Creary, Petersburg; Abraham King, Hunterstown; A. M'Farland, Abbottstown; D. M. C. White, Hampton; Sneeringer & Fink, Littlestown; Mary Duncan, Cashtown; Geo. W. Heagy, Fairfield; J. H. HEALTH! HEALTH!

THE MOST EFFECTUAL CURE FOR ALL KNOWN REMEDIES.

Dr. Drake's Panacea,

The only radical cure for Consumption!

IT ALSO removes and permanently cures all diseases arising from an impure state of the blood—viz., Scrofula or King's Evil, Rheumatism, Obstinate Cutaneous Eruptions, Pimples, or Pustules on the face, Blotches, Blear Eyes, Sore Eyes, Ring Worm or Tetter, Scald-head, Enlargement and Pain of the Bones and Joints, Stubborn Ulcers, Syphilitic Symptoms, Sciatica or Lumbago, diseases arising from an injudicious use of Mercury, Diopsy, Exposure or Imprudence in life; also Chronic Constitutional Disorders.

In this medicine several innocent but very potent articles of the vegetable kingdom are united, forming a compound entirely different in its character and properties from any other preparation, and unrivalled in its operation on the system when laboring under disease. It should be in the hands of every person, who, by business or general course of life, is predisposed to the very many ailments that render life a curse, instead of a blessing, and so often result in death.

FOR SCROFULA, it is recommended as a certain cure. Not one instance of its failure has ever occurred when properly used. It cures the disease and at the same time imparts vigor to the whole system. Scrofulous persons can never pay too much attention to the state of their blood. Its purification should be their first aim; for perseverence will accomplish a cure in *even hereditary disease.*

FOR ERUPTIONS OF THE SKIN, Scurvy, Scorbutic Affections, Tumors, White Swellings, Erysipelas, Ulcers, Cancers, Running Sores, Scalds and Biles, Dr. Drake's Panacea cannot be too highly extolled; it searches out the very root of the disease, and by removing it from a system, makes a cure certain and permanent.

INDIGESTION.—No medicine perhaps has ever been discovered which gives so much tone to the stomach and causes the secretion of pure healthy gastric juice to decompose the food as Dr. Drake's Panacea.

RHEUMATISM.—Dr. Drake's Panacea, is used with the greatest success in Rheumatic Complaints, especially such as are chronic. It cures by driving out all impurities and foul humours which have accumulated in the system, which are the cause of Rheumatism, Gout and swellings of the joints. Other remedies sometimes give temporary relief; this entirely eradicates the disease from the system, even when the limbs and bones are dreadfully swollen.

CONSUMPTION can be cured. Coughs, Catarrh, Bronchitis, Spitting of Blood, Asthma, Difficult or pratical Expectoration, Hectic Flush, Night Sweats, Pain in the side &c., have been cured, and can be with as much certainty as any other simple disease. A specific has been sought for but in vain until the discovery of Dr. Drake's Panacea. It is mild and safe but certain and efficacious in its operation, and cannot possibly injure the most delicate constitution. We would earnestly recommend those afflicted to give it a trial—and we believe they will not have occasion to regret it. The system is cleansed and a new blood, the ulcers on the lungs are healed, and the patients gradually regain their usual health and strength. Read the following certificate:

Philadelphia, Dec. 16th, 1847.

DEAR SIR:—In reply to your question respecting the use of Dr. Drake's Panacea, I will say, that although a perfect disbeliever in the existence of a *Panacea*, or cure for *all* diseases, however valuable it may be in certain conditions of the system, still I have believed that a cure for Consumption would be discovered sooner or later, and curiously led me to try your medicine in two very inveterate cases. They were pronounced by the attending physicians to be PULMONARY CONSUMPTION, and abandoned by them as *incurable.* One of the persons had been under the treatment of several very able practitioners for a number of years, and they said she had *Pulmonary Consumption combined with Scrofula.* She might linger for sometime, but could not be permanently relieved. In both cases the effect of the Panacea has been most gratifying. Only *three* five bottles were used by one of the persons before she began to improve rapidly. The other took about ten. I will only add that familiar as I am with consumption by inheritance and by extensive observation as a study, and knowing also the injurious effects in nine cases out of ten, of the boneset, and other vegetable tonics, as well as of many of the expectorants and regulatives, I should never have recommended the use of Dr. Drake's Panacea if I had not been satisfied with the ingredients. Still cases of Consumption are recommended by our most popular and scientific physicians, and in their present combined state form probably the best alterative that has ever been made. The cure is in accordance with a theory of Consumption broached in Europe a few years ago by one of her most eminent writers on medicine, and now established by facts which admit of no dispute. Very respectfully yours,

L. C. GUNN.

To use the language of another—Dr. Drake's Panacea is always salutary in its effects—never injurious. It is not an Opiate—it is not an Expectorant. It is not intended to lull the invalid into a fatal security. It is a great remedy—a grand healing and curative compound, the great and only remedy which medical science and skill has yet produced for the treatment of this hitherto uncontrollable malady. And no person afflicted with this dreadful disease, will be just to himself and his friends if he go down to the grave without testing its virtues. A single bottle, in most cases, will produce a favorable change in the condition of any patient however low.

TO THE LADIES.—Ladies of pale complexion and consumptive habits, and such as are debilitated by those obstructions which render life liable to, are restored by the use of but a few bottles, to bloom and vigor. It is the first remedy ever discovered for weakly children, and such as have bad humors; being pleasant, they take it. It immediately restores the appetite, strength and color.

Nothing can be more surprising than its invigorating effects on the human frame. Instances of weakness and lassitude before taking it, to become robust and full of energy, under its influence. It immediately counteracts the nervousness of the female frame.

CAUTION.—Be careful and see that you get the genuine Dr. Drake's Panacea—it has the signature of Geo F. Stokes on the wrapper, and also the name "Dr. Drake's Panacea, Philada." blown in the glass.
