THERE are but few persons, comparatively speaking, at this season of the year, but who are suffering, more or less, with Coughs, Colds, Sore Throat, Hoarseness, or like complaints, caused by the sudden changes of or exposure to the weather. To all those who are thus afflicted, and who may read this advertise. ment, we would recommend Ross's Ex-PECTORANT as the most effectual remedy ever offered to the public. No family should be without a bottle of it in their house, as a timely administration of it would prevent much suffering. Hundreds who have used it, say they would not be without it were the price ten times the amount that it is, and who is it that does not think more of health, the source of our happiness, than of wealth? Delay not then to procure a bottle at once, and you will never regret that you tried it.

"Those who would see a correct and conden sed exhibition of the ten thousand abomination struction, which, if it could be placed within the ieach of every family, would prove an unspeak-able blessing to our beloved country. trines and immaculate life of Jesus of Nazareth. When you have done this, you will have no difficulty in determining whether or not Romanism is Christianity."

Rev. Alexander Campbell, President of Bethany College, of the Church of the Reformers, says: "In this work are immense assemblinges of facts and deniments compacted with the deof facts and documents connected with the de velopment and history of this great meanmoth institution of error and iniquity. Popery is developed in this treatise from its birth to the preveloped in this treatise from its birth to the pre-sent hour. We desire for this book a very large circulation. It is only necessary to enlighten this community in the true spirit and charac-ter of the Papak system, to secure them sgainst its insidious attacks upon every thing we as a people hold dear and sacred. Let every one who buys this work communicate freely to those around him the developments which it re-veals, and the fact which it records."

President Cramp, of Montreal, editor of the President Cramp, of Montreal, editor of the Montreal Register, and author of the Text Rook of Popery, says:—"This important work possesses merits of a high order. We are pleased to see that Dr. Dowling furnishes ample references to his high authorities. The matter is well arranged; the facts unquestionable; the style lucid; and the spirit, catholic, in the proper sense of the term. Its extensive directation will be highly advistablement to Posteramine."
