Mr. Dalley—Dear Sir—While my son, 13 Burn or Scald, would always prevent much surfering, and often save life or limb. It possesses
control over the severest injuries by fire, over
all external inflammations, and by its combined
virtues it acts as Antiseptic, Nervine, Anti-Spasand leg, that most of the flesh came off with his garments, and his life was despaired of by both his physicians and friends.

Dalley's Pain Extractor was procured as soon as possible (which was in about six hours) and applied, and which relieved him from all pain, preventing inflammation and swelling, and in a few days commenced healing his sores. There appeared a general improvement, so much so that in three weeks he was removed to his fath er's bouse, distance about one mile and a half. We continued the use of the above medicine about two months, and we believe it was the means, under Providence, of saving his life, and we would cheerfully recommend it in all similar
