FEVER AND AGUE, AND ALL FEVERS CU-RED BY BRANDRETH'S PILLS .-- All fevers are occasioned by the disordered motion of the blood, produced by the humoral serocity by hardening the valves of the ves-sels. Mr. Dalley-Dear Sir-While my son, 15 years of age, was at work in the stingle manu actory of L. P. Rose, he had the mistortune to slip and tall into a a lurge vat, used for the pu pose of boiling blocks preparatory to cutting.— The blocks had just been removed from the va containing a large quantity of boiling water.— He fell forward, scalding both hands and arms all on one side, and one leg budly and the other partially. The scalds were so bad on his arms and leg, that most of the flesh came off with h garments, and his life was despaired of by both his physicians and friends.

Dalley's Pain Extractor was procured as soon as possible (which was in about six hours) and as plied, and which relieved him from all pain preventing inflammation and swelling, and in a lew days commenced healing his sores. There appeared a general improvement, so much so that in three weeks he was removed to his father's house, distance about one mile and a half, We continued the use of the above medicine about two months, and ve believe it was the I means, or der Provincince, of saving his life, and Cases, as a sale and invaluable remedy, most obedient and hunble servant,

Dn. 8. P. Nothing can be more surprising than its invigorating affects on the human frame. Persons all weakness and lassitude, from taking it, at once become robust and full of energy under its in disease. swing certificate at Dr. S. F. Townseats office.

Dr. S. P. Townsend—Dear Sir: I am constrained to give you a statement of the benefit I derived from using your Saraparilla, believing, by so doing, it shall render a benefit to those who are suffering as I have been. I was reduced for many months by the Dyappaia, so much that it was with much difficulty for me to welk or keep about. I had also a tetter, which covered the most part of my head—which was extremely troublesome and sore; it got to be almost a cosh. I used quite a number of remedies for both the complaints, but received little or no benefit, until I took your Saraparilla, which, though the kindless of Providence, has restored me to more than my sense health, as I am now enjoying better than I have for a number of years. I am now 60 years of age. I believe it to be an invaluable medicine, and recommend to one providence, which is very liere it to be an invaluable medicine, and recommend it to my numerous acquaintances, which is very large, as I have been a minister a great many years. I hope this hasty sketch may be as much beneat to you as your medicine hast to me. July 11, 1847. JOHN SEGER, Jersey Chy.

Methodist Clergyman. The following was sent to our Agent in Rahway, y the Rer. J. O. TUNISON, of the Methodist Episcoal Church—one of the most learned and suspected in econnection—and is another evidence of the weaorful effects of Dr. S. P. Townsend's Sarsaparilla on deful effects of Dr. S. P. Townsend's Serespariila on the system.

Fairnd Franco:—Having for some time past, se year are aware, experienced great general debility of my system, attonded with constant and alarming irritation of my threat and lungs. I was, at your instance, and in consequence of .having rend Captain McLearn's decided testimony in its behalf, induced to try Dr. S. Townsend's far-famed Saraspariila. I tried it, i confess, more in the hope than in the confidence of its proving effections; but i am bound in cander now to acknowledge, that I had not tried it long before I began to experience its saultary effects; and I may now say, with Captain McLean, "that I would not be without it on any consideration." It has done me more good than any previous remedy I have tried, and if this statement is deemed by you of any importance, you have my full consent to make it public.
