FEVER AND AGUE.

This complaint has three stages. The first or quotidian comes on every 24 hours; the tertian every 40 hours; and the quartian, every 45 hours These are usually called the hot, the cold, and sweating. The symptoms are yawning and stretching; cold hands and leet; a shrivelled skin, a small and frequent pulse; and finally a cold shake.

Who would shiver and shake with this

tormenting disease, when the only effectual rem-edy may be had for a mere trifle? The annexed certificate was wholly unsolicited, and the sixcerity of the writer cannot be questioned.

This certifies that my son had been troubled with the Fever and Ague for the last four or five years. He first took it when we lived over in Jersey; and since we came here he has never known a well day. Half the time he has not been able to work at his trade; and as my hus Tousey's master of rail.

Great Blessing to Mothers and Children.
It is the safest and most effectual medicine for purifying the system, and relieving the suffering attendant upon childbirth ever discovered. It strengthens both the mother and the child, perents pain and discase, increases and enriches the food; those who have used it, think it is indispensible. It is highly useful both before and after confinement, at if prevents discases strendant upon child-birth—in Costivaness, Flics, Cramps, Swelling of the Feet, Despondency, Beartburn, Vounting, Fain in the Back and Lious, False Fains, Hemorrhage, and in regulating the servitions and equalizing the circulation, it has no equal. Da. S. P. Townsend—Dear Sir: I am constrained to give you a statement of the benefit I derived from using your Sarasparille, believing, by so doing, I shall render a besself to those who are suffering as I have been. I was reduced for many months by the Dyspepsia, so much that it was with smech difficulty for me to walk or keep about. I had also a tatter, which covered the most part of my bead—which was extremely troublessome and sore; it got to be almost a scab. I used quite a number of remedies for both the complaints, but received little or so benefit, until I took your Sarasparilla, which, through the kindness of Providence, has restored me to more than my seual nealth, as I am now enjoying better than I have for a number of years. I am now 60 years of age. I believe it to be an invaluable medicine, and recommend to the service of the complaints of the service h to my numerous sequalatances, which is very large, at hare been a minister a great many year. I hope this harty sketch may be as much benefit to you as your medicine has to me.
