Few of our citizens have any idea of the amount of this medicine that is manifactured had cold. Besides the sales in this cuantity, it is abjusted to the Canadas. West India Islands, South America, and even to Earope, in considerable quantities. At the manufactory they smpley a sleam engine, besides a large reimber of men, women and girls, in the preparation of the medicine, making boxes, printing, i.e., and turn out leady for shipment, over 400 dozeth per day, or marly slow bottless. This is an appropriate party of the control of the medicine, making boxes, printing, i.e., and turn out leady for shipment, over 400 dozeth per day, or marly slow bottless. This is an appropriation of the medicine of the present line, other medicines for sale, that are called. Dr. Townseenals farrasperilla.
