NERVOUS DISEASES, NERVOUS BYSTEM. This beautiful and convenient application of the mysterious powers of GALVANISM and MAINETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the most virtuable medicinal discovery of the Age.

A Derangement of the Nervous System.

A Derangement of the New York of System.

60- In NERYOUS COMPLAINTS, Drugs and Medicines increase the disease, for they weeken the vital energies of the already prestrated system; while under the etrengthening, life-giving, vitalizing indusers of Galvaniam, as applied by this beautiful and wonderful discovery, the exhausted patient and wentened sufferer is restored to former health, strength, electiony and vigor.

The great peculiarity and excellence of Dr. Christie's Galvanic Ouratives, Dr. Ohristie's Galvanic Ouratives, consists, in the fact that they arrest and our disease by sutsered application, in place of the usual mode of drugging and physicking the patient, till exhausted Nature sinks hopelessly under the indiction.

They arrengthen the whole system, equalize the circulation of the black, promote the secretions, and move do the slightest injury under my afrequentiesses. Minus their introduction in the United States, only three years since, more than

60,000 Persons including all ages, classes and conditions, among which were a large number of ladies, who are peculiarly sub-ject to Norvous Complaints, have been

ENTIRBLY AND PERMANENTLY OURED, when all hope of relief had been given up, and every thing else been tried in vain! when all hope of relief had been given up, and every thing size been tried in vain!

To illustrate the use of the GALVANEC BELLY, suppose the case of a person afflicted with likal base of civilization, DYSPURIA, or any other Chronic or Nervous Disorder. In ordinary cases, suspaints are subea, which, by their action on the neaves and insucise of the strength, afford temperary relief, but which is save the patient in a lower state, and with highest faculties, after the action thus excited has ceased. Now compare this with the effect resulting from the application of the GALVANIC SELT. Take a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply is the Seit around the body, using the Magnetic Fluid as directed. In a short period the inneanitie perspiration will act on the positive element of the Selt, thereby causing a sind-vanic circulation which will pass on to the negative, and themes back again to the positive, thus keeping Hyr kinding the strength of the control of the Selt thereby causing a sind-vanic circulation which will pass on to the seguire, and the most severe cases of DYSPEPSIA are PKRNA.

Every year the symptoms become worse, nor could tobtain permanent reflect from any course of method treatment whatever, about fouriers years since, in consequence of frequent exposure to the weather, in the discharge of my pastors I duties, I became subject to a severe Chronic Rhaumatism, which for year after year, cansul me indescribable anguish. Further: in the winter of 'lab and 'ld, in consequence of preaching a great deal is may own and various other churches in this region, I was attacked by the Bronchitis, which soon become so severe the resource on immediate resonantion of my unstread. own and various other controlled in the Prices, it was attacked by the Bronchita, which aron become as severe as to require an immediate suspension of my pushred labors. By merees system uses new theroughly prear said, and as my Bronchitis became worse, so also did my Dyspepsis and libeumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacoposis there exemed to be no remedial agent which could reach and cecuperate my Nervous System, very thing that I had tried for this purpose had completely failed. At last it was led by my friends to examine your intentions, and (though with no very sanguine hopes of their afficiency) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1988. To my service at the property of the state of the CALVANIC BELT AND NECKLACE, with the MAGNETIC FLUID. This was in June, 1988. To my service at the control of the control of
