William Armstrong, of the said-City, being duly

Druggist and Chomist. That some time in the latter
part of May, or first of June, 1848, a man by the name
of Jacob Townsend, who at that time was a book and
pamphlet peddler, valled upon deponent, at the house
of Mr. Thompson, No. 24 Indoon-treat, where deponent boarded, and requested deponent to write him a
recipe by which to make a Syrup of Sarsaparilla.
Deponent further says, that he became acquainted
with said Townsend at the office of Theodore Foster,
Eaq., Book Publisher, with whom said Townsend
dealt. That said Townsend had had frequent conversations with deponent respecting the manufacture of an
article of Sarsaparilla to be sold under the name of Dr.
Jacob Townsend.

That said Townsend stated he was an old man, and
poor, and was not fit for hard labor—and wished to
make some money, in order to live easy in his old
days, and that, if Sarsaparilla under the name of Townsend sold so well, and so much money was made by
't, he could get a capable person to prepare a recipe,
and manufacture it for him. Deponent is one of the
convenations asked said Townsend if he was related
to Dr. S. P. Townsend, to which he replied, that he
knew Dr. S. P. Tow saend would be down on him, after
he should commence. But that he did not care for
him, as he had formed a co-partnership with men who
could furnish the requisite amount of expidit—hand was
well prepared to defend himself against any attack
that might be made on him.

FROM THE
Albany Evening Journal.

Dr. Townsend's Sarsaparilla.

There probably never has been so populars remedy or patent medicine, as Dr. Townsends's Sarsaparilla, which was originally, and continues to be manufactured in this city, at first by the Doctor himself, and afterwards for several years and to the present time, by Clapp & Townsend, the present proprietors. Since the partnership was formed, the Doctor has resided in Naw York, where he keeps a store, and attends to the business that accumulates at that point. The manufactory is in this city, and is conducted by the junior partner, Mr. Casp—here all the medicine is manufactured.

tured.

Few of our citizens have any idea of the amount of
this medicine that is manufactured and sold. Besides
the tales in this country, it is shipped to the Canadas.
West India Islands, South America, and even to Edthe siles in this country, it is shipped to the Canadas, West India Islands, South America, and even to Europe, in consulerable quantities. At the manufactory they employ a steam engine, besides a large number of merg, women and gulk, in the preparation of the medicine, making boxes, printing, &c. and turn out, ready for shipment, over 300 dozen per day, or nearly 1000 bottles. This is an enormous quantity.

The great sale the medicine has acquired, has induced a number of men to get up imitations, and there is at the present time, other medicines or sale, that are called "Dr. Townsend's Sauraparila," one in particular started a short time ago in New York, is called "Old Doctor Jacob Townsend's Sauraparila," and apparently with a view, by dint of advertibility, and the assumir remedies resorted to in such efforts, to appropriate the name of Dr. S. P. Townsend's great remedy, and thus gain all the advantages resulting from the popularity of the name which he has acquired for it, by years of patient and expensive labors. Dr. S. P. Townsend, formerly of this city, as is well known here, is the inventor and original proprietor of the medicine known as "Dr Townsend's Sarsaparilla," and we think those persons who are attempting to self their article as the genuine, should be exposed.

FROM THE New York Daily Tribune.

(C)—We published an advertisement inadvertently some time since that did injustice to Dr. S. P. Town-send, who is the original proprietor of the prejuration of Saraaparilla known as Dr. Townsend's. Other of Saraparilla known as Dr. Twomenda. Crus-partice have within the past few months engaged or connected themselves with a man by the name of Townsoad who put up a medicine and calls it by the same name. This medicine was advertised in The Trituse as the original, acc. This advertisement also contained matter derogatory to the character of Dr. S. P. Tow named and that of his medicine. We regret it appeared, and in justice to the Dr. make this ex-planation. FROM THE New York Daily Sun-

New York Delly Sun.

Da. Townsen's extraordinary advertisement, which occupies an entire page of the Sun, will not escape notice. Dr. S. P. Tewnsend, who is the original proprietor of Dr. Townsend's Barragarilla, and whose of her is next door to ours, where he has been for several years, is draving an immense business. He receives no less than four hundred dozen of Barragarilla per day, and even this somemous quantity does not supply the demand. No medicine ever gained so great a popularity as his preparation of the Barragarilla. His edition of Almanaca for 1640 cost \$22,000, and he has poid the New York Ser for siverthing, in the sast four years, over \$16,000, and he acknowledges that it is the cheapest deverting he has hed does. This medicine is exported to the Causdas, West Indices, South America and Europe, in considerable quantities, and is coming into general use in those countries, as well as here.

Druggists and others that sell Sarraparilla for the genuiuse and original Dr. Townsend's Sarraparilla, that is not signed by S. P. Townsend, commits a fraud, and swindles the customers. Men that would be guilty of seach an act, would commit any other fraud—and no Druggist of common intelligence but knows that ours is the only gravine.
