For the Removal and Permanent Cure of all NERVOUS DISEASES,

f those Complaints which are caused by an ired, weakened or unhealthy condition of the NERVOUS SYSTEM. This beautiful and convenient application of the mysterious powers of GALVANISM and MAGNETISM, has been pronounced by distinguished physicians, both in Europe and the United States, to be the most refueble medicined discovery of the Age.

Dr. CHRISTIE'S GALVANIO BELT MAGNETIC FLUID, s used with the most perfect and certain successes of GENERAL DEBILITY,

A Derangement of the Nervous System. (g.— in NERVOUS CONFLAINTS, Drags and Medi-cines increase the disease, for they weaken the vital ann-gies of the already prestrated system; while under the strengthening, life-giving, vitalizing influence of Galvan-ism, as applied by this beautiful and wonderful dis-covery, the submusted potient nod weakened unferer is restored to former health, strength, elasticity and vigor. The great peculiarity and excellence of

Dr. Christie's Galvanic Curatives, consists in the fact that they arrest and cure disease by entered application, in place of the usual mode of drugging and physicking the patient, till exhausted Nature shake hepseleonly under the indiction.

They strengthen the whole system, equalize the circulation of the blood, promote the recretions, and never do the eligibates injury under any circumstences. Since their introduction in the United States, only three years since, more them.

60.000 Persons iscluding all ages, classes and conditions, among which were a large number of ladies, who are pocularly sub-ject to Nervous Complaints, have been WHITHELY AND PERMANENTLY CURED, when all hope of relief had been given up, and every thing else been tried in vain!

To illustrate the use of the GALVANEC MELT, suppose the case of a person efficied with that bene of civilization, DYREFSIA, or any other Chronic or Nervous Disorder. In ordinary cases, attinulants are taken, which, by their action on the nerves and smedles of the stomach, afterd temperary relief, but which leave the paisment in a lower sists, and with injured faculties, after the action thus excited has cessed. Now compare this with the effect resulting from the application of the GALVANIC BELT. Take a Dyspeptic sufferer, even in the worse symptoms of an attack, and simply the Belt around the body, using the Magnetic Fluid as directed. In a therft period the insensible perspiration, will act on the positive element of the Belt, thereby causing a Galvanic circulation which will pass on to the negative, and themos back again to the positive, thus keeping up a continuous Galvanic circulation which will pass on to the negative, and themost severe cases of DYSPEPSIA are FERMANENTLY CURED. REV. DR. LANDIS, A CLERGYMAN of New Jersey, of distinguished attainments and exalte BIDREY, New Jerrey, July, 12, 1848.

Da. A. H. CHRISTIE—Dear Sir: You wish to know of me what has been the result in my own case, of the application of THE GALVANIC BELT AND NECKLACE My reply is as follows:

new walt has one the result in my own case, of the spiniation of THE GALVANIC BELT AND NECKLACE. My reply is as follows:

For about twestly years I had been suffering from Dyspepsia. Every year the symptome became worse, nor could lobtain permanent relies from any course of issection could lobtain permanent relies from any course of issection sequence of frequent exposure to the weither, in the discharge of my pastoral duties, I became subject to a severe Chronic Rheumatism, which for year after year, gamed me indescribeble anguish. Farther? in the winter of 46 and '46, in consequence of preaching a great deal in my own and various other churches in this region, I was stacked by the Bronchitts, which soon became so severe me to require an immediate suspension of my pastoral labors. My servesus system was ness theroughtly prestrated, and as my Bronchitts became worse, so also did my Dyspepsia and Rheumatic affection—thus evincing that these disorders were connected with each other through the medium of the Nervous System. In the whole pharmacopenis there seemed to be no remedial agent which could reach and recuperate my Nervous System; everything that I had tried for this purpose had completely failed. At last I was led by my briends to extense your inventions, and (though with no very sangulare hopes of their saliciency.) I determined to try the effect of the application of the GALVANIC BELT AND NECKLACK, with the MAGNETIC FLUID. This was in June 1846. To my cannot appear to the supportment.

Palsy and Paralysis. All physicians acknowledge that these terrible diseases are caused by a adjectory of Nerrous Energy in the affected limbs. Da. Capazira's Galsanic Articles will supply this deficient power, and a complete and entire cure is thus effected.

DR. CHRISTIE'S GALVANIC BRACELETS Are found of vast service in cases of Convulsions or Fits, Spanmodic Complaints, and general Nervous Affections of the Head and upper extremities. Also in Palsy and Paralysis, and all diseases caused by a deficiency of power or Nervous Energy in the limbs or other organs of the body.
