COOKING STOVE

TWO SIZES are now constantly kept for sale in Gettysburg, at ANDREW POLLEY'S Tin Shop, and in Littlestown at JOSEPH BARKER'S Tavern. They are proven to be the best stoves now in use, for cooking, baking, rousting, and for warming a house, with less wood than any other stove, and are the heaviest in the casting, for the size, of any now made. They are warranted to bake well in both ovens. Any person wanting these stoves delivered, by leaving word at either of the above mentioned places, the proprietor will deliver them at a short notice, as he intends doing the peddling principally himself. He is confident that he can give people better satisfaction than hired ped-iars. There are already upwards of SIX lars. There are already upwards of SIA HUNDRED of the Laubach Stoves sold n York. Adams, and Carroll counties, within two years, but not so many of the late improvements. The improvement is in the middle flue, by which the lower oven is much easier heated, and the holes are larger on the tope, to put on larger We deem it unnecessary to say more about them, but want people who are judges of cooking stoves to examine thoroughly, and we are confident that they will find that they have advantages over any other stove now in CDr. CHARLES HORNER is the Com-use, and according to the quality and any's regularly authorized Medical Ex-weight, than any that are offered to the weight, than any that are offered to the public.
