We the windersigned, having seen and used BUSWELL'S Mineral Paint, can safely recommend it to the public as being an article superior to any Mineral Paint ever below offered for use; it is not appressant to use, like the munny Ohio seld at half the price of common paint, and we believe where the color, is desirable, it is worth twice as much, and he a Pire, Weather, or Waterploof Paint, we think it cannot be surpassed by anything in the Paint line now in use.

I can also recommend it as being superiorts White Load for any kind of out door painting, as it appears to be impervious to water, and hangeable in color.
HORACE JUHNSON,

Mr. Buswell, Dear Sir: Having used a considerable quantity of your Mineral Paint, in painting brick and wooden houses, the past season, I have taken extra palms to try and test it in various ways, from its trial and composition I can war-rant it to be durable both in quality and color; it mixes beautifully with oil—paints very easy— and for ship or boat painting, I think there has no better paint ever been introduced. I have used erable of it with water and glue comp tion, for coarse, chesp painting, and it exceeds any thing I ever saw.
