NEW and improved Patented process of flowering by which a barrel of superfine flour is constantly made out of 240 pounds of Wheat.

The subscriber having introduced the above process of Flouring into his Mill at Locust Grove, in Germany township, Adams county, finds it to work beautifully, and is now realizing all he anticipated from it, by constantly making a barrel of superfine flour from 240 pounds of good Held at Albany in 1850, in competition wheat, on a straight average grind, without with the Ohio Fire-Proof Paint, and sevstoppage or interruption for re-grinding purposes. This process can be adapted to ountry work to the same advantage as Merchant work. The Milling community are respectfully invited to call at my Mill, one and a half miles S. West of Littlestown. where they can see the whole process in full operation, witness its simplicity and perfection, find that it works to admiration and no mistake. The undersigned has procured the right, and is now prepared to sell County, township and individual

rights in the following Territory: Adams, Franklin, Cumberland, Daunhn, York, Lebanon, Chester, Berks, and Lancaster County and City, in Pennsylvania, and Allegheny, Washington and Frederick, Carroll, Howard, Anne Arunlel, and Baltimore County and City in Maryland.

This process has been introduced, and is now in use in many of the most extensive Flouring Mills in Western New York, Michigan and Ohio, all of which are making a barrel of superfine flour from 240 pounds of wheat upon a straight average grind. For further particulars refer to handbills, put up in the Hotels in Gettysburg. Superintendent of the Syracuse & Utics R. R. Mr Buswell, Doar Sir: I have used for the Syracuse & Utics R. R. Company, over a ton of your Mineral Paint, and I find upon using it to be far first standing. All the necessary information that the Coll Paint was after this down. tion, together with a draft of the bolting ar-&c., &c., will be given to any individual purchasing a right. Any further informaion can be obtained by calling on the subscriber, or by letter, (post paid,) to him at Gettysburg. GEO, ARNOLD.

Gettysburg, April 16, 1852-ifin a letter from Mr. A. I. Spalding of he State of New York to the undersigned. dated October 10th 1851, he savs :---- I have Bonnel's process of flouring in my mill,-it is right-and 4 bushels of good wheat weighing 60 pounds to the bushel is enough for a barrel of superfine flour; if you think it an object to gain from 15 to 25 pounds of wheat in every barrel of flour, come and see my arrangements .--I am making the yield daily. I will never go back to the old method. I have had 23 years experience in the business. and it is worth all other improvements.

P. S. Mr. Spalding is a large operaor, grinding upwards of 30,000 barrels of flour per year. IMPORTANT TO FARMERS.
