Mr. Buswell. Dear Sir : Having used a consid-rable quantity of your Mineral Paint, in painting brick and woolen houses, the past season. I have taken extra pains to try and test it in various of the most preminent members of the faculty as ways, from its trial and composition I can war- an article of much efficacy in cares of female weakness. As such is the case we would advise all mothers to obtain a a bottle, and thus anyo themselven much sickness. Persons of delibita-ted constitutions will find these Bitters advantageous to their health, as we know from exper-ience the salutary effect they have had upon weak systems."

MORE EVIDENCE.

The "Philadelphia Saturday Gazette," the best family newspaper published in the U. States. The editor says of

DR. HOOFLAND'S GERMAN BITTERS. "It is soldom we recommend what are term-ed Patent Medicines, to the confidence and patonage of our readers ; and therefore when we recommend Dr. Hoofland's German Bitters, we recommend Dr. Hoolinnis German Billers, we wish to be distinctly understood that we are not speaking of the nostrums of the day, that no noised about for a brief period and then forgot-ten after they have come their guilty race of mis-blef bus down the second the second se chief, but of a medicine lorg ertablished, univer-sally prized, and which has met the hearty ap-proval of the faculty itself." Evidence apon evidence has been received (like

the forgoing) from all sections of the Union, the last 3 years, and the strongest testimony in irs. favor, is, that there is more of it used in the practice of the regular Physicians of Philadelphia, than all other nostrums combined, a fact that can easily be established, and fully proving that a scientific preparation will meet with their quiet approval when presented even in this form.

That this medicine will cure Liver Complainh

in there being more shorts and shipstuff and little or no bran. This improvement consists of one continuous process of grinding, bolting &c., until all the flour is obthined, separating the starchy from the glutinous substance contained in the grain, and by it the quality of the flour is improved, not grinding so close the first grind as

to injure the quality of the faring or mealy part of the grain, and grinding so close the second grind as to take out all the flour from the portion of the berry which remains in theoffal with the old method of grinding, and which is the most nutricious part of the flour; this being combined with the whole, improves the quality of the flour, makes it while the stallesst physican has abandowed by patient, - and far the intelligent physican has abandowed by patient, - and far the intelligent physican has abandowed by patient, - and far the intelligent physican has abandowed by patient, - and far the intelligent physican has abandowed by patient, - and far the intelligent physican has abandowed by patient, - and far the intelligent physican has abandowed by patient, - and far the intelligent physican has abandowed by patient, - and far the intelligent physican has abandowed by patient, - and far the intelligent physican has abandowed by patient, - and far the intelligent physican has a bandowed by patient, - and far the intelligent physican has a bandowed by patient, - and far the intelligent physican has a bandowed by patient, - and far the intelligent physican has a bandowed by physican has the intelligent physican has a bandowed by physican has the intelligent physican has a bandowed by physican has the intelligent physican has a bandowed by physican has the intelligent physican has a bandowed by physican has the intelligent physican has a bandowed by an has the intelligent physican has a bandowed by an has the intelligent physican has a bandowed by an has the intelligent physican has a bandowed by an has the intelligent physican has a bandowed by an has the intelligent physican has a bandowed by an has the intelligent physican has a bandowed by an has a bandowed by the intelligent physican has a bandowed by an has a bandowed by the intelligent physican has a bandowed by the intelligent phys more nutricious, will always insure good fermentation in baking, rises better, is not so liable to sour, will make a better yield of bread to a given quantity of flour, as white, and sweeter than flour ground in the old way, preserving all the good quali-

ties of the flour. Farmers wanting a barrel of superfine flour made from 240 pounds of good clean wheat, will please call at LOCUST GROVE. JOHN CRABBS, Miller.

Locust Grove, April 16, 1852-11.

Great Labor Saving Invention. D. P. BONNELL'S

BY which a barrel of superfine flour is constantly made out of 240 pounds

With this arrangement as now introduced in Mr. George Arnold's Mill, at Locust Grove, one hand is enabled with ease to manufacture and send off 40 barrels of flour per day, saving the expense of one hand in the Mill. It is not liable to get out they will do more Cooking, Rossing and of order, and besides the great gain in vields Baking, and do it with less labor, and last comes as near entirely loing away man. so long again as as any other stove now ual labor in the Mill as is possible, sold. These celebrated stoves are conual labor in the Mill as is possible, leaving for the Miller little else to do than stantly kept for sale at a very reduced overlook the machinery and see that all price at the, works well.

Millers and others are invited to call and witness its operation. JOHN CRABBS } Millers.
