Besides. I adopt no two-price system, by which one customer is required to pay 10 or 20 per cent. more than others. Putting my goods down to the horse than others. Fourting my gones down to the lowest mark, and having but one parts, the purchaser may rely upon being honestly dealt with. It is very easy to put a fictitious value on goods, and then allow customers to "jew" down to a fair value occasionally, but when that is done it is time to look out!-there is something wrong. One price and small profits is the only fair and true worthy of great consideration.
