**BUSHNELL'S MINERAL PAINT.**  
A Superior article of Mineral Paint warranted equal to any Paint ever before offered to the public for painting on Wood, Brick, Stone, Iron, Tin, or any substance which is exposed to Weather, Water, or the Atmosphere. It is  
Proof against Fire, Water, and Weather, AND UNCHANGEABLE IN ITS COLOR.  
It mixes readily with Oil or Composition, and is a beautiful dark brown or free-stone color.  
This Paint received the Premium at the New York State Fair, held at Albany in 1850, in competition with the Ohio Fire-Proof Paint, and several other kinds of Mineral Paint, as being superior to anything of the kind now in use.  
CERTIFICATES.  
We the undersigned, having seen and used BUSHNELL'S Mineral Paint, can safely recommend it to the public as being an article superior to any Mineral Paint ever before offered for use; it is not unpleasant to use, like the common Oil Paint which is hated about the country so much, but mixes up without like pure white lead. It is sold at half the price of common paint, and we believe where the color is desirable, it is worth twice as much as a Fire, Weather, or Water-Proof Paint, we think it cannot be surpassed by anything in the Paint line now in use.  
I. Mason, Painter. James Tomlinson, Esq. John Phelps, do John Tomlinson, Esq. D. B. Gleason, do H. Brown, Esq. B. B. Stoddard, do G. W. Stoddard, do J. T. Manning, do S. P. Hodder, do N. P. Waller, do John A. Pen, do E. W. Dodge, do O. Park, do D. Joslin, do  
Onida Depot, Oct. 30th, 1850.  
Mr. Bushnell, Dear Sir: We have used, within the past month, some 2,000 lbs. of your Mineral Paint, in painting cars, car houses, and freight houses upon our road, and we can safely recommend it as a very superior, durable and cheap article. I have used your Mineral Paint, in painting the Superintendant of the Syracuse & Utica R. R. Mr. Duwell, Dear Sir: I have used the Syracuse & Utica R. R. Company, ever since you introduced your Mineral Paint, and I find upon using it, that it is perfectly in the Oil Paint, as no other kind now in use. I can also recommend it as being superior to White Lead for any kind of out-door painting, as it appears to be impervious to water, and unchangeable in color.  
HORACE JOHNSON, Painter for S. & U. R. Co. Albany, Dec. 1, 1850.  
Mr. Bushnell, Dear Sir: Having used a considerable quantity of your Mineral Paint in painting brick and wooden houses, the past season, I have taken extra pains to try and test it in various ways, from its trial and composition I can warrant it to be durable both in quality and color. It mixes up with oil, and is perfectly easy to use, and for ship or boat painting, I think there has been a better paint ever before introduced. I have used considerable of it with water and glue composition, for coarse, cheap painting, and it exceeds any thing I ever saw.  
THOS. H. JENNY, House Painter. Numerous other certificates in hands of Agents which will be shown to dealers.  
This Paint is for sale by S. H. BUEHLER, Sale Agent for Adams County, Gettysburg, July 11—1f

**MURDER**  
A most revolting crime, and so Court is near at hand, some of our citizens will be called upon to discharge high and responsible duties as judges of evidence and facts that may be proved before them. As their duty will necessarily be final, it should be based upon truth, justice and facts. So should our verdicts always be based, whether in matters concerning life, liberty, or property, or in business matters. Every father, mother, son, and daughter is interested where they can buy to the best advantage; and we therefore say to them, that it is for their interest to call and examine  
SAMSON'S Ready-made Clothing and Variety Store,  
in Gettysburg, where Goods are sold cheaper than at any other establishment—notwithstanding all the talk of others about "cheaper than the cheapest"—"30 cent cheaper," &c. If you doubt this—or that he does not give either in Gettysburg or elsewhere—just call him a call and satisfy yourselves.  
These are those, who, prompted by selfish motives, sometimes desire Ready-made Clothing, as being defectively made up or made of damaged materials. This may do to blind the unthinking, but those who will take the trouble to examine my large assortment of goods, I invite gentlemen to call and say whether they have not paid as high as \$8 and \$10 per yard for cloths no better than that in my coats, which are made up too by a regular York City cutter, who has cut an article may prove defective, but where is the merchant that has never sold a piece of cloth, cassimere, calicoe, or muslin, which did not turn out to be bad. It is impossible to prevent this altogether, even with the best of judges.  
Time is said to be money, and money is said to be time. So they are, if properly applied. And herein lies the secret of my ability to sell goods lower than any body else. Instead of turning to the city, and spending my goods down to the lowest mark, and having but one price, the purchaser may rely upon being honestly dealt with. It is very easy to put a fictitious value on goods, and then allow the goods to be sold at a low price occasionally, but when that is done it is time to look out!—there is something wrong. One price and small profits is the only fair and true system.  
My present stock consists of every reasonable article that belongs to Men's and Boys' Clothing, together with a very large variety of FANCY GOODS, Jewellery, Accordions, Violins, Revolvers, and other Pistol, Clocks, Trunks, Carpet-Bags, Walking Sticks, &c., &c. of quality well known, and sold at prices to satisfy any reasonable mind that SAMSON'S is the place to buy the cheapest goods. Thanking my friends and customers for their past patronage, and hoping to give a continuation of the same by a strict attention to the ever exact principle, I invite them to give me a call at my store, opposite the Bank, in Gettysburg.  
MARGUS SAMSON.
