IMPORTANT INTELLIGENCE FROM CUBA. &o .--- The steamship Cherokee arrived at New York on Friday, with late and important intelligence from Cuba, Honduras, and the South Pacific. On reference to the details, we notice that there are indications that there will soon be stirring times in those regions. Great Britain is likely to have trouble with this government concerning her operations in Honduras, and with Spain in regard to the slave trade and the connection of the Cuban authorities therewith. From Chili we are informed that much excitement exists in consequence of the imprisonment of an American citizen without inst provocation. Matters are said to have arrived at such a crisis, that a blockade of the port of Valparaiso by the United States squadron, had been threatened. Later accounts will be looked for with anxiety. Verily these are stirring times.
