**STATEMENT OF REV. E. R. WARREN,** Pastor of the 3d Baptist Church, New London, Ct., relative to Myers' Extract of Rock Rose. To the American Public.—As my name has been used in connection with recommendations of Mr. Myers' Rock Rose Syrup, in various advertisements, by the manufacturer, I beg leave to make the following statement with reference to my acquaintance with the remedy and tests of which I have subjected it, and the reasons for having introduced it to the notice of private friends in the community in which I reside. I regard the medicine as advertised. I make this statement freely, because I have, as a principle, withheld my name from all patent medicines, and sedulously abstained from recommending them to the public, believing them frequently to be a quackery and humbug, and as tending to increase, instead of lessening human disease and suffering. Much, I fear, is the character of a large portion of the patent medicines of the medicine-making age. Their name is legion, and from their influence, as from the demoralizing spirit, we have suffered to pray for a safe deliverance.

The First Test.—I had myself suffered occasionally with sudden attacks of Headache and Bilious Diarrhea, and I had sought a great variety of curative agents to but little purpose; and suffering from this disease (diarrhea) at this time I determined to test the new Syrup first upon myself. I had a powerful attack of the disease, the result of the system was changed, and the functions of secretion were restored to a healthy state. It gave tone and elasticity to my system, and corrected the derangement of the digestive organs, and gave me the most desirable and refreshing sleep. This test was not determined in a week, or a month; but I took four or five bottles in perhaps as many months. Since that time I have suffered no more of the disease. My Headache, Bilious Diarrhea, and other troubles, included in the varied family of diseases known as Scrofula, &c., that in Dyspepsia, it acted with wonderful efficacy. My opinion of its value for the above named diseases, is not less enthusiastic, and I have since that time, Mr. Myers in Oct. 1851. I do not recommend it for all the ills of our suffering humanity; but I unhesitatingly say, that as a remedy in Scrofulous affections, I believe it superior to any known remedy. It has been sufficiently tested by domestic practice to establish its adaptation to extensive use in mitigating human suffering and removing disease.

**BUT WHAT IS THE ROCK ROSE?** The following history of the Rock Rose plant and its medicinal properties, we take from the New Haven Palladium, March 1853. The Rock Rose plant, which is native to the Rock Rose plant, in consequence of the many wonderful cures effected by "Myers' Compound Extract of Rock Rose," calls for a brief history of it, in order to correct any erroneous opinion that may have been entertained concerning it, and also to set in a true light the nature of a plant which promises to be universally beneficial. We are indebted to the United States Dispensary of 1847, for the following description: It is entirely different from the common Rose. It is a root-stemmed, oblong leaf plant, having a bitter taste. In addition to a remarkable peculiarity of the plant, of bearing its crops in one or two seasons, it also has another interesting and beautiful property.

Dr. Eaton says that in the months of November and December, he has seen hundreds of these plants, budding out, near their roots, broad, thin, and flat, and as thick as a inch in breadth, which melted during the day, and were renewed in the morning. For a more minute and analytical description of it, the reader is referred to Torrey & Gray's "Medical History and Properties are far the most important, since upon these depends its value to the community. Dr. Loudon says that in 1799 it was so valuable, that it was cultivated from Greece. E. V. Cole, who has habitually used it with great success in Scrofula and Chronic Disease, and through him its virtues were made known, says, as Dr. Tyler says, "It is now in this section [New York] called 'THIRTY-NINE DAYS' and is used ENTIRELY WELL."

Dr. Webb, of Medicine, Ct. speaks of the value of Rock Rose, as evinced in the cure of numerous cases of the Scrofula, especially in children. Dr. S. F. Fuller, of Hartford, Ct. administered the pure Rock Rose Syrup, to a child, in which the anti-scrofulous remedy had been applied without success. The disease was fully cured by it. The Rock Rose is a plant of a tall, upright, virtuous, and upright, and upright, and upright, in showing the nature of it, it may be found to be the suffering of our distressed and dying humanity. EDWIN R. WARREN. New London, April 2, 1853. MANUFACTURED BY WM. FRANKLIN & CO., New Haven, Ct. Mr. Warren, though a Minister of the Gospel, has for a period of years been devoted to the subject of medical science, to qualify himself as a physician to the sick, in connection with his pastoral duties. AGENTS.—S. H. Buehler, Gettysburg; Jesse H. House, Menallen; P. O. Abel T. Wright, Berwick; Jacob King, Straban; S. R. Russell, Hamilton; Amos W. Magialy, Liberty; John Muselman, Jr., Reading; Henry A. Picking, Laitmore; Jacob Griesel, Moonjony; Joseph Fink, Berwick; Matthew Elshberger, Oxford; John L. Noel, J. R. Herch. July 6, 1853—4m—1 f.

**"PANKORITE."**

Myer's Extract of Rock-Rose! An invaluable Remedy for all SCROFULOUS Diseases, Indigestion, Salt Rheum, Sick Headache, Canker, Ulcers, Scrofula, and General Debility, and a PURIFIER OF THE BLOOD IS UNEQUALLED.

The Rock Rose has gained a reputation, at home and abroad, which no other medicine has ever done in the same length of time. According to the opinion of eminent Physicians, the Rock Rose Plant is unequalled in curing SCROFULA in all its forms!

My Headache, Bilious Diarrhea, and other troubles, included in the varied family of diseases known as Scrofula, &c., that in Dyspepsia, it acted with wonderful efficacy. My opinion of its value for the above named diseases, is not less enthusiastic, and I have since that time, Mr. Myers in Oct. 1851. I do not recommend it for all the ills of our suffering humanity; but I unhesitatingly say, that as a remedy in Scrofulous affections, I believe it superior to any known remedy. It has been sufficiently tested by domestic practice to establish its adaptation to extensive use in mitigating human suffering and removing disease.

**BUT WHAT IS THE ROCK ROSE?** The following history of the Rock Rose plant and its medicinal properties, we take from the New Haven Palladium, March 1853. The Rock Rose plant, which is native to the Rock Rose plant, in consequence of the many wonderful cures effected by "Myers' Compound Extract of Rock Rose," calls for a brief history of it, in order to correct any erroneous opinion that may have been entertained concerning it, and also to set in a true light the nature of a plant which promises to be universally beneficial.
