STATEMENT OF REV. E. R. WARREN. Paster of the 2d Baptist Church, New London CLA relative to Myers Extract of Rock Rose.

To the American Public .-- As my name has n used in connexion with recommendations of Mr. Myers' Rock Rose Syrup, in various advertisements, by the manufacturer, I beg leave to make the following statement with reference to my acquaintance with the remedy and tests of buch I have subjected it, and the reasons for having introduced it to the notice of private friends in the community in which I reside, long before the medicine was advertised. I make this statemen freely, because I have, as a principle, withacklimy name from all patent medicines, and sedulously abstained from recommending them to the public, believing them frequently the spawn of quackery and humbig, and as tending to increase, nate of of lessening human disease and suffering, such, I fear, is the character of a large portion of the patent pasacces of this medicine-making age. "Their name is legion," and from their influence, as from the demonical spirits, we have reason to

pray for a safe deliverance.

The child was very sack, and it was thought doubtful whether she would live. The humor resembled black specks of moralied flesh.
