STATEMENT OF REV. E. R. WARREN. Pustor of the 2d Baptist Church, New London Ct.) relative to Myers Extract of Rock Roses To the American Public -- As my iname has been used in connexion with recommendations of make the following statement with reference to my acquaintance with the remedy and tests by which I have subjected it, and the remediate the having introduced it to the notice of private friends in the community in which I reside, long before the medicine was advertised. I make this statement freely, because I have, as a principle, with-hold my name from all patent medicines, and sedulously abstained from recommending them to the public, believing them frequently the snown of quackery and humbur, and as tending to increase. instead of leasoning human disease and suffering. Such, I fear, is the character of a large portion of the patent panaceas of this medicine-making age. "Their name is legion," and from their influence, as from the demonical spirit, we have reason to pray for a sofu fictivers need to the First Test. — I had myself suffered occa-

si mally with suddon attacks of Sick Headache and Bittons Diarrhes, and I had sought a great variety

of cumive agents to but little purpose a and suf-ering from this disease (district) at this time. I determined to test the new Syrup first upon myt was a powerful alterative, and the morbid action of the system was changed, and the functions of secretion were restored to a healthy state. It gave time and clusticity to my system, and corrected the decangement of the digestive organis and gave me that identificable bessing-unated. Sates and Gassas. Also by a constant of the first state of the first s to give advice in reference to a child, some cight years of age. The child was a veriely afflicted with a Scroful humor, of a very severe type, the humor showing itself on all parts of the surface. and then suddenly disappearing. The child was very sick, and it was thought doublful whether she would live. The humor resembed black specks of mortified flesh. In addition to some uther comedies, I gave the child this Syrup for a bout six weeks, whom she had sufficient alreight to go out to school occasionally. The swelling of her limbs ceased, and she was restored to of her limbs ceased, and she was restored to health. The family feel that they owe her life,

with God's blossing, to my remedies.

This test satisfied me that the Rock Rose possessed specific powers for Scrotulous hum rs. I then tested it in cases of Cutancous Emptions, in Measles, Chicken Pox, Canker, Soro Moutin, Erysipelas, Salt Rhoum, Files, &c In all these cases with perfect success. After testin, this y unsurpassed for Body and Uniform Whiteness.

satory of 1847, for the following descriptions It is entirely different from the common Rose-It is a red-stemmed, oblung leaf plant, having a bitter taste. In addition to a remarkable peruliarity of the plant, of bearing two crops of flow ers in one season, it also has another interesting and beautiful property.

Dr. Eaton says that in the months of November

and December, he has seen hundreds of these plants, sending out, near their roots, broad, thin, curved ice grystals, about an inch in breadth, which melted during the day, and were renewed in the morning. For a more minute and, analyti in the morning. For a more minute and analytical description of it, the reader is referred to Torrey & Gray's botanical works.

Its Medical History and Properties are far the most important, since upon these depends its value to the community. Dr. London says that in 1799 it was so valuable, that it was cultivated to the control of th

Returning to England, he implicating his baths, which become greatly celebrated for the cure of similar disches.

Dr. Ingge Parish, of Philadelphia; romarks that Br. Isaar Parini, of Patitate pade, remarks that it has been successfully used in bad cases of Scrofulous diseases.

Dr. J. H. Thompson, of the same place, prescribed it in bad cases of Scrofulous patients at Wills. Hotel. His success attracted the attention of senior physicians. He reports the following re-markable case of White Swelling of the hip, in February, 1844: The lad was seven years old, and had the disease for three years. The bone was dislocated upward, and outward. There was was dislocated upward and outward. There was, a large opening on the hip leading to the bone, into which I could thrust my finger. I counted hree ulcars. He had been under several physicians, who had given him up. I ordered a decocion of Rock Rose. In two days his Night sweats ceased; I then ordered a tea spoonful of Rock Rose three times a day. THIRTY-NINE, DAYS after he was ENTIRFLY WELL.

Dr. White of Madison, Ct. testifies to the value

Dr. Webb, of Madison, Ct. testifies to the value of Rock Rose, as evinced in the cure of numerous cases of the Scrofula, especially in children.

Dr. S. Fuller, of Hartford, Ct. administered the
Rock Rose to a Scrofulous female, in which the
anti-scrofulous remedies had been applied without success. The disease was fully arrested by it.
