Our Childhood. BY GEORGE D. PRENTICE. Ann-"I long to lie dear mother," &c. Tis sad-yet sweet-to listen

To the soft wind's gentle swell, And think we hear the music. Our childhood knew so well. To goze out on the even,
And the boundless fields of air, And feel again our boyhood's wish

To roam, like angels there ! There are many dreams of gladness That cling around the post—And from the tomb of feeling Old thoughts come crowding fast-The forms we level so dearly
In the happy days now gone,

Bo fair to look upon. Those bright and gentle maidens
Who seemed so formed for bliss, Too glorious and too heavenly

Whose dark soft eyes seemed swimming In a sea of liquid light,
And whose locks of gold were streaming Oe'r brown so sunny bright.

Whose smiles are like the sunshine In the springtime of the year—. Like the changeful gleams of April They followed every tear! They have passed—like hope—away—All their loveliness has fled— Oh-many a heart is mourning That they ere with the dead.

Like the brightest buds of summer They have fellen from the stemet oh—it is a lovely death
To fade from earth like them!

And you—the thought is suddening Are passing fast away!
That the fair ones whom we love, Grow to each loving breast, Like tendrils to the clinging vine; Then perish where they rest.

And can we but think of these In the soft and gentle Spring. When the trees are waving o'er us And the flowers are blossoming For we know that winter's coming With his cold and stormy aky-And the glorious heauty round us Is budding but to die!

WOMAN THE CAUSE OF WAR. -- A SUFgeon in the United States Army recently desired to know the most common cause of enlistment. By permission of the Captain in a company containing fifty-five, the writer being pledged never to disclose the name of the officer or private, the true history was obtained of every man. On investigation, it appeared that nine-tenths enlisted on account of some female difficulty, thirteen had changed their names and forty-three were either drunk, or parially so, at the time of their enlistment. Most of them were men of fine talents and learning, and had once been in elevated positions in life. Four had been lawyers, three doctors, and two ministers.

A singular exchange of courtesies took place, a short time since, between Judge Pepper, of the 7th Judicial district of Tennessee, and Governor Johnson of the ever before offered to the town or country, same State. Judge Pepper, who was a Cloths, Coat Ginghams, Tweeds, Ky. present, and being a tailor by trade, remaking with his own hands a coat, which he presented to the Judge.

He who, clothed in the armor of honesty, steadfastly pursues the path of rectitude, contending manfully for the truth, and supporting with firmness the cause of justice, despite the frowns of those in high places and the hootings of the vulgar crowd is the true and noble soldier, and upon his who pursues a contrary course is but a -Finelon.

REMEMBER IT .- The woman who has not touched the heart of man before he leads her to the altar, has scarcely a chance to charm when possession and security turn their powerful arm against her.—Mrs. turn their powerful arm against her. - Mrs. Cowley.
