The Whig has a very large circulation, and so successful in its course as may be desirous of advertising in that section of the country, we commend it as a desirable medium.]

We have been requested to state that there will be an Anniversary Celebration of the Philomathen Society of the Bangor College, on the evening of the "Fourth," in Christ Church. The "Independent Blues" have been invited, and are expected to be present in numbers. The Public are invited to attend.

The associations of the town have been invited to join in a parade on the morning of the "Fourth," and several have accepted them the "Giddy Lodge," and the "Adams Division," have accepted the invitation, and will appear in full regalia. The display, we have no doubt, will be so imposing, and so well adapted as to be creditable to our town.

We have had intimations that the ladies of the town have in contemplation the idea of presenting a flag to the company on the morning of the Fourth, and we have reason to believe that they are earnest. The idea is a good one. They are acquainted with such presentation would certainly be interesting, and would add a very agreeable feature to the exercises of the day.

We hope to see in our midst, on that occasion, a goodly number of our country friends. From associations received from different parts of the country, we are led to believe that the country will be well represented.

Dr. Wm. H. N. Peabody, of Newburyport, has been one of our friends and acquaintances long, and is glad gratified at the kindred laborer.

We are authorized by the Committee to say that an arrangement has been made with Mr. Shreds, (who) has been engaged to furnish the chairs, by which the dinner tickets which may be purchased in advance, will be reduced by one-half at any time subsequent to the Fourth, inasmuch that the purchaser may arrange in his line of business. By this arrangement, if any of these who may purchase tickets in advance be prevented from attending on the Fourth, his ticket will be worth that much to him in ice cream, need, &c., at any time.

On Tuesday night last, about 10 o'clock, our citizens were startled by an alarm of fire, occasioned by the burning of a box of Shavings in a shed adjoining the stable of Wm. C. Horrocks, on the premises now occupied by the American people. The fire had communicated to the frame-work of the stable, but by a timely alarm, was speedily arrested. It was evidently the work of an incendiary, and we were greatly stirred in our midst these heartless vil-

**THE FOURTH,
AND MILITARY BANQUET.**

THE approaching anniversary of our National Independence will be celebrated by a grand Procession and Dinner, under the direction of the "Independent Bunch." The different associations of the town have been invited, and are expected to unite in the procession. After marching through the town, the procession will move to a grove in the rear of "Spangser's Spring," where an address will be delivered by **DARIN CLEGG, Esq.**, the Declaration of Independence read by **LEAH M'CLEARY, Esq.**, after which **Dinner** will be served for such as may have purchased tickets for it. The tickets have been ordered and are now ready for sale. They will be had at the several stores of the town and of any member of the Committee. It is not that those who wish to retake of the

ner will purchase tickets at as early a period as possible, so that the Committee may be enabled to purchase to the accommodation, more especially prior to the Fourth of July. Each ticket will be the bearer of a name, and also the seats at the table, so the purchaser will be guaranteed the seat corresponding to the number appearing on his ticket. The citizens generally, of the town and country, whether connected with associations or not, are cordially invited to unite with us on this occasion, so that the celebration may be the glory of the glorious and ever memorable day it is designed to commemorate. Come come all!

Of course, the Ladies are expected to be present. They are cordially invited to the programme of the arrangements for the day.

The Patent Self-Heating
ROTARY SMOOTHING IRON.

HOUSEKEEPERS, Ladies that are bored with the failure of the ordinary smoothing iron, and who have occasion to use a PLAT IRON, are interested in this new and wonderful article of domestic furniture, and one of the most elegant that are evident at sight. This is the last two smoothing surfaces, which is firmly shelled, which revolves on an axle, and is surrounded by an elastic web, which is the result of a shell, which is supplied with an incompressible web, so that when the iron is used, the shellings may avail themselves of every irregularity in the surface, and thus the iron is convertible into a GAS IRON, and is heated to a mere nominal expense, by an elastic web, which is attached to the iron, and is heated by the warm steam now at hand, that must become an indispensable article in the domestic economy.
