The Pursent:NITAL Electron. — A port tion of the Southern press have lately been speculating with some earnestness upon the chances of the next Presidential elec-tion. With a kerness which is charac-tion with a kerness which is charac-tion due attention of most persons in this section, that the present condition of political affairs is such as to render in the steer and that the present condition of political affairs is such as to render in the field with their candidates, one or the other must be successful; but with three strong parties, each able to carry number of States, and having an exclusive candidate of its own, there is likely to be no election by the people. In that evalue the duty of chousing a President will de volve upon the House of Representatives.
