H. M. Conklin says-"I had been taking medicine of as good a doctor as we have in our county, and taking any quantity of quinine and specifics without any good result, from the 25th of August to the 17th of September.---But seeing how nicely it operated on my broth-or, J'got a bottle of Rhodes' Fever and Ague Cure, which effected a permanent cure by using two-thirds of a bottle.

S. M. Conklin was not here, but both the ther brothers say his case was the same as H. Ma. I sold the medicine to both the same day, and the cure was as speedy from the same mail quantity, and I might so specify. Yours with respect. A. HUNTINGTON.

The above speaks for itself. Good proof as tis, it is of no better tenor than the vast num ber of like certificates I have already published and the still greater amount that is continual

"I notice one firm who have taken one of my eneral circulars, substituted the name of their astrum for my medicine, and then with brazen impudence end their pamphlet with the excla mation, 'Let the proprietor of any other medi-cine say as much if he dares,'" &c.

Now I take pleasure in saying that the cau-tion referred to the same "Dr. Christic's Ague Balsam" that is mentioned in the above cer tificate. There are several other industrious people

who are applying to their poisonous trash all that I have published about my Fever and Ague Cure, or Antidote to Malaria, except the certificates of cures, and the certificate of the Leebrated chemist, Dr. James R. Chilton, of H.N. X. in favor of its perfectly harmless char-visctor, which is attached to overy bottle. This will always serve to distinguish my medicine
