

CERTAIN CURE FOR ALL RHEUMATIC PAINS.
Doubtless, the only cure for this terrible disease, is the use of the

The Electric Paste acts upon the
nervous system, removing the
cause of the disease, and pro-
ducing a healthy action of the
blood. There is no relief until
the remedy is used. It is com-
posed of the most powerful
remedies, and its action is
so rapid, that it accomplishes its
purpose in a few days. It is
entirely harmless, its constitu-
ents being of the most pure
and healthful nature.

FIRE PROOFS!
THE SALAMANDER SAFES OF PHILADEL-
PHIA AGAINST THE WORLD!
EVANS & WATSON, No. 26 South Fourth
street, Philadelphia, have had the strictest
demonstration in the following certificates
that their manufacture of Salamander Safes
has at length fully warranted the representa-
tions which have been made of them, as re-
specting an undoubted security against the
terrible element!

PHILADELPHIA, April 12, 1856.
Messrs. EVANS & WATSON.—Gentles!—I af-
firm as the highest satisfaction to state you
that owing to the very protective qualities of
two of the Salamander Safes which we pur-
chased of you some months since, we saved a
large portion of our jewelry, books, papers,
&c., exposed to the calamitous fire in Ran-
stead Place, on the morning of the 11th
instant.

When we reflect that these Safes were located
in the fourth story of the building we occu-
pied, and that they subsequently stood in a
heap of burning bricks, where the vast con-
centration of heat caused the brass plates to
melt, we cannot but regard the preservation of
the valuable contents as most laudable proof
of the great security afforded by your Safes.
We shall take much pleasure in recom-
mending them to men of business as a sure
reliance against the fire.

PHILADELPHIA, April 12, 1856.
Messrs. EVANS & WATSON.—I have to offer
you my testimony in favor of the great security
afforded to our entire stock of jewelry, books,
papers, &c., during the recent disastrous con-
flagration in Ranstead Place, from the fact
that the same were contained in two of the Sa-
lamander Safes manufactured by you.

Having fallen from the fifth story of the Ar-
tisan building, where they were previously
placed, and exposed to a vast heat for a long
time, the preservation of the valuable deposits
seemed to every one who witnessed the open-
ing of the interior examination, a matter of pro-
found astonishment.

To all who may require a perfect protection
from the ravages of fire, I shall not hesitate to
recommend the use of your Safes, as I consid-
er they have now undergone the most trying
test.

PHILADELPHIA, April 12, 1856.
Messrs. EVANS & WATSON.—Gentles!—No
doubt you will be deeply gratified to learn
of the good condition in which I discovered my
book, policy of insurance, certificates of stock
and other valuable documents, when on Fri-
day last I opened the Safe made by your firm.

With my knowledge of its great exposure
both to the intensity of the heat from so hot a
fire, as that which destroyed the Artisan build-
ing, as also from the force of the fall from its
former elevated position in the third story, I
could entertain but slender hopes prior to its
interior inspection, that the contents which I
once so highly prized would be of any ser-
vice to me but as show signs as now happily
received. I feel it only due to you, that I can
beneficially recommend the use of your
Safes to all who may wish to feel a confidence
in the perfect security which such means pro-
vide against so frightful an element.

A MARVELOUS REMEDY
FOR A MARVELOUS AGE
THE GRAND EXTERNAL REMEDY.
By the aid of a microscope, we see millions
of little openings on the surface of our
bodies. Through these this Ointment, when
rubbed on the skin, is carried to every or-
gan or inward part. Diseases of the Kid, inflam-
mation of the Liver, affections of the heart, In-
flammation of the Lungs, Asthma, Coughs and
Colds, are by its means effectually cured.
Every household name that will pass freely
through bone or meat of any thickness. This
healing Ointment far more readily penetrates,
through any bone or fleshy part of the living
body, curing the most dangerous inward com-
