TONICS WON'T DO!

THEY never did do more than give temporary relief and they never will. It is because they don't touch the CAUSE is the disease. The CAUSE of all ague and billious case. INVALUE of all ague and billious diseases of the atmospheric poison called Missua or Maria. Neutralize this posion by its NATURAL ANTIDOTE and all disease caused by it disappears at once. Rhodes Fever and Ague Cure is this Autidote to Malaria, and moreover it is a perfectly harmless medi-cine. The certificate of the celebrated chemst, J. R. Chilton, of New York, to this effect,

is attached to every bottle; therefore if it does no good it can do no harm.

This is more than can be said of Quinine, Arsonic, or any tonic in existence, as their use is ruinous to the constitution and brings on DUMB AGUE, which never allows a person to feel projectly well for a single moment. In llustration of these truths'l annex some ex tructs from a letter just received from a Physic

An I. GEORGETOWN, OHIO, March 17, 1856.

JAS. A. RHODES, Esq.—Dear Sir:—
Yours of the 2d inst, is at hand. The cure arrived late last year and the difficulty in getting any one to try it was greatly increased from the fact that a remedy had been introduced which was growing in favor with the public, as in our line of business. We have con-being better than using Quinine,—not knowing I presume that the remedy they used to escape taking Quinine, contained the DRUG IT-SELF!

"This remedy, (known as "Smith's Tonic,")
would invariably BREAK an ague, but it did
not CURE it, as it would often return with renewed vigor. This one circumstance I deemed in your favor, if I could institute a test comparison between it and your CURE. The fol-

parison between it and your occasion lowing is the result:

Three persons took your "Cure," all of which were cases of "Quotidian Intermittent Feyer," of many weeks standing. They had tried Quinine, and other remedies, occasionally missing a chill, but it was, (as in all such that the person of them out, and laying the ses) slowly wearing them out, and laying the dies. I did succeed in effecting a radical cure of all three of these cases with your remedy, three of these cases the "Smith's Tonic" had been used, and would, as before stated, break the chill, but after a period or two had elapsed

it would return.

I think there will be no difficulty now in giv ing to your "Cure" the vantage ground of any other remedy now in use here, &c., &c. WM. BUCKNER, M. D.

Rhode's Fever and Ague Cure, or Antidote to Malaria, the only harmless remedy in existence, is equally certain as a preventive, as a "Cure." Take it when you feel the chills coming on, and you will never have a single

FIRE PROOFS!

THE SÁLAMANDER SAFES OF PHILADEL

PHIA AGAINST THE WORLD! EVANS & WATSON, No. 26 South Fourth street, Philadelphia, have had the surest demonstration in the following certificates that their manufacture of Salamander Safes has at length fully warranted the representation of Safe made in this city which is protected by a Patent Right; and we will guarantee it to resist more than double the amount of heat of them. tions which have been made of them, as ren-dering an undoubted security against the ter-rific element:

MESSES. EVANS & WATSON:—Gents—It affords us the highest satisfaction to state to you that owing to the very protective qualities o, two of the Salamander Safes which we purchased of you some months since, we saved a large portion of our jewelry, books, papers, &c., exposed to the calamitous fire in Ransee them. PHILADELPHIA, April 12, 1856. stend Place, on the morning of the 11th

When we reflect that these Safes were loca 300,000 SEGARS of every description and Brands, all of which are offered lower we cannot but regard the preservation of the valuable contents as most convincing proof valuable contents as most convincing proof of the great security afforded by your Safes. We shall take much pleasure in recom-mending them to men of business as a sure re-liance against the fire.

GEO. W. SIMONS & BRO. PHILADELPHIA, April 12, 1856.
MESSES. EVANS & WATSON:—1 have to offe you my testimony in favor of the great security afforded to my entire stock of jewelry, books, papers, &c., during the recent disastrous conflagration in Ranstead Place, from the fact that the same were contained in two of the Salmander Safes manufactured by you.

Having fallen from the fifth story of the Artisan building, where they were previously placed, and exposed to a vast heat for a long time, the preservation of the valuable deposit seemed to every one who witnessed the one ing and interior examination, a matter of pro-found astonishment.

To all who may require a perfect protection rom the rayages of fire, I shall not besitate to recommend the use of your Safes, as I consid er they have now undergone the most trying test. N. E. MORGAN. PHILADELPHIA, April 12, 1856.
MESSRS EVANS & WATSON:--Gentlemen-No doubt you will be deeply gratified to learn the good condition in which I discovered my

day last I opened the Safe made by your firm.

With my knowledge of its great exposure both to the intensity of the heat from so hot a lire, as that which destroyed the Artisan building, as also from the force of the fall from its former elevated position in the third story, could entertain but slender hopes prior to its interior inspection, that the contents which I once so highly prized would ever be of any service to me, but as these fears are now happily emoved, I feel it only due to say to you, that can henceforth recommend the use of your Safes to all who may wish to feel a confidence

in the perfect security which such means pro-vides against so frightful an element. EDWARD GASKILL, Bookbinder. Constantly on hand Patent Powder and Thief Proof Locks for Banks, Stores, &c. April 25, 1856.-1y
