THE SALAMANDER SAFES OF PHILADEL-PHIA AGAINST THE WORLD !

E vans & Watson, No. 26 South Fourth street, Philadelphia, have had the surest demonstration, in the following certificates that their manufacture of Salamander Safes tiend. in South Baltimore has at length fully warranted the representadering an undoubted security against the terrific element:

PHILADELPHIA, April 12, 1856.

MESSAS. EVANS & WATSON :—Gents—It affords us the highest satisfaction to state to you that owing to the very protective qualities o, two of the Salamander Sales which we purchased of you some months since, we saved a large portion of our jewelry, books, papers, do, exposed to the calamitous fire in Ran-stead Place, on the morning of the 11th

when we reflect that these Safes were located in the fourth story of the building we occupied, and that they fell subsequently into a heap of burning ruins, where the vast concentration of heat caused the brass plates to men we cannot but regard the preservation of the valuable contents as most convincing proof of the great security afforded by your Safes.

We shall take much pleasure in recommending them to men of business as a sure reliance against the fire. nstant, than any other House in the city. Aud

GEO. W. SIMONS & BRO. PHILADELPHIA, April 12, 1856.

MESSES. EVANS & WATSON:—1 have to offer you my testimony in favor of the great security afforded to my entire stock of jewelry, books papers, &c., during the recent disastrons con-liagration in Ranstead Place, from the fact, that the same were contained in two of the Sal-

amander Safes manufactured by you.

Having faften from the fifth story of the Artisan building, where they were previously placed, and exposed to a vact heat for a long time, the preservation of the valuable deposits seemed to every one who witnessed the open-ing and interior examination, a matter of pro-

To all who may require a perfect protection rom the ravages of fire, I shall not hesitate to recommend the use of your Safes, as I consider they have now undergone the most trying test.

N. E. MORGAN. PHILADELPHIA, April 12, 1856. MESSRS EVANS & WATSON : -- Gentlemen-No doubt you will be deeply gratified to learn the good condition in which I discovered my

book, policy of insurance, certificates of stock, and other valuable documents, when on Fri-day last I opened the Safe made by your with my knowledge of its great exposure both to the intensity of the heat from so hot a fire, as that which destroyed the Artisan building, as also from the force of the fall from its former elevated position in the third story, I could entertain but alender hopes prior to its interior inspection, that the contents which I once so highly prized would ever be of any service to me, but as these fears are now happily removed, I feel it only due to say to you, that I can henceforth recommend the use of your Safes to all who may wish to feel a confidence

in the perfect security which such means provides against so frightful an element.
